Mr. Speaker, I submit the Annual Report of the Chief Election Officer of Ontario under the Election Finances Act which covers the year 1999.

## The Report of the Chief Election Officer of Ontario

The report of activities reported under the *Election Finances Act* for 1999 is highlighted by the June 3, 1999 General Election. The attached appendices disclose various statistical and financial data for registered parties, constituency associations and candidates.

No candidates who filed exceeded the spending limit set out in the Act. However, 20 candidates have not filed and will be ineligible to run as a candidate in an Ontario provincial election up to and including the next general election.

In accordance with my responsibilities under the *Election Finances Act*, and particularly subsection 2(5), here are my recommendations.

Following detailed discussions with my staff regarding recent reports of the constituency associations, candidates and political parties, I have decided that we will not recommend any changes to the following:

- (a) changes in limits on contributions to registered constituency associations, candidates or political parties;
- (b) changes in limits on campaign expenses that may be incurred during a campaign period by candidates or political parties;
- (c) changes in levels of public funding of candidates or political parties;
- (d) changes in public funding of auditor's fees charged to constituency associations, candidates, political parties and leadership contestants; or
- (e) any other changes in monetary limits.

## Auditor's Report

To the Chief Election Officer

I have audited the statement of expenditure of Elections Ontario - Election Finances Act for the year ended March 31, 1999. This financial statement is the responsibility of the Chief Election Officer. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the expenditures of Elections Ontario - Election Finances Act for the year ended March 31, 1999 in accordance with the accounting policies described in note 1 to the financial statement.

## ELECTIONS ONTARIO - ELECTION FINANCES ACT

Financial Statement  
March 31, 1999

## . BACKGROUND

Pursuant to Section 78 of the *Election Statute Law Amendment Act, 1998*, the Commission on Election Finances was dissolved on January 1, 1999. The Chief Election Officer assumed all responsibilities as well as all assets and liabilities previously held by the Election Finances Commission. The former Commission became known as Elections Ontario - Election Finances Act. An agreement was reached between the Chief Election Officer and the Office of the Assembly whereby all expenditures of the former Commission from January 1, 1999 to March 31, 1999 were paid out of the Legislative Assembly Fund as part of the original fiscal 1998/99 estimates.

In order to reflect the continuation of the actual financial arrangements, we have presented the Financial Statement of Elections Ontario - Election Finances Act on a 12-month basis.

## . ACCOUNTING POLICIES

## (a) Basis of Accounting

This financial statement was prepared on a modified cash basis of accounting which allows an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

## (b) Furniture and Equipment

Expenditures on furniture and equipment are expensed in the year of acquisition.

## . SOURCE OF FUNDS

Expenditures were paid out of the Legislative Assembly Fund of the Office of the Assembly.

## . SUBSIDIES

The *Election Finances Act* requires payment of the following subsidies:

- Candidate campaign expenses to every registered candidate who receives at least 15% of the popular vote in an electoral district. The reimbursed amount is the lesser of the candidate's campaign expenses or 20% of the allowable maximum campaign expenditure limit based on the number of voters in the candidate's electoral district. Candidates in designated northern electoral districts may receive an additional \$5,000. On January 1, 1999 this amount was increased to \$7,000.
- Campaign expenses to every registered party that receives at least 15% of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district in which the party receives at least 15% of the popular vote.

#### 4. SUBSIDIES (CONTINUED)

- Audit fees for annual, campaign, and special returns of each registered constituency association to a maximum of \$400 per return. On January 1, 1999 this amount was increased to \$600.
- Audit fees for campaign and special returns of each registered candidate to a maximum of \$800 per return. On January 1, 1999 this amount was increased to \$1,000.
- Audit fees for campaign and special returns of each leadership contestant to a maximum of \$600 per return. On January 1, 1999 this amount was increased to \$800.

#### 5. ANONYMOUS AND EXCESS CONTRIBUTIONS

Under the Act, anonymous contributions received by a registered political party, constituency association, candidate or leadership contestant must be remitted to the Chief Election Officer. In addition, excess contributions must be remitted to the Chief Election Officer where the recipient is unable to recover the official receipt and refund the excess to the contributor.

#### 6. YEAR 2000

The Year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors or systems failures when information using year 2000 dates is processed. In addition, similar problems may arise in some systems, which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 issue may be experienced before, on, or after January 1, 2000, and, if not addressed, the impact on the Commission's operations and financial reporting may range from minor errors to significant systems failure, which could affect the Commission's ability to conduct normal operations. It is not possible to be certain that all aspects of the Year 2000 issue affecting the Commission, including those related to the efforts of its suppliers, or other third parties to be Year 2000 compliant, will be fully resolved on a timely basis.

The Honourable Gary Carr,  
Speaker of the Legislative Assembly of Ontario  
Room 180, Legislative Building  
Queen's Park  
Toronto, Ontario

Dear Mr. Speaker:

I submit the Annual Report of the Chief Election Officer of Ontario under the *Election Finances Act* which covers the year 2000.

This report is submitted pursuant to subsection 2(4) of the *Election Finances Act*.

Yours sincerely,

John L. Hollins  
Chief Election Officer

## 2000 ANNUAL REPORT OF THE CHIEF ELECTION OFFICER

on the

*Election Finances Act*2000 in review:

## Mandate:

The statutory direction to the Chief Election Officer makes him responsible for:

- The registration of Ontario's political parties, constituency (riding) associations, candidates in by-elections and provincial elections;
- Supervising limits on campaign expenses and political contributions to registered parties, constituency associations and candidates;
- Providing subsidies for campaign expenses;
- Issuing tax credit receipts for contributions, to parties, riding associations and candidates, and
- Making all filings public.

All of these responsibilities have been successfully delivered by my office during the past year in a timely manner and within budget.

## Key events:

The year 2000 saw the principal focus for the election finances unit in my office directed to two major activities; the final review and approval of the returns from the 1999 general election campaign, and oversight of the financial activities associated with the campaign for the Ancaster-Dundas-Flamborough-Aldershot by-election.

The details of the financial and statistical information relating to the filing and campaign activities of registered parties, constituency associations and candidates in 2000 are attached as appendices to this Report.

There continues to be a generally high level of compliance with the regulatory structure set out in the *Election Finances Act*. While this positive climate frames the day-to-day relationships between my office and registered parties, constituency associations and candidates, there have been some instances of late filing, which present some challenges in completing our review and approval activity.

Our future direction:

## Process:

In the coming years, I intend to evaluate the election finances area of my operation and determine, through consultation with the key stakeholders, what processes can be streamlined, and where there may be opportunities to remove any obstacles that contribute to filing or other compliance difficulties. While the absence of any prosecutions under the Act during 2000 is a positive indicator on the enforcement side of the process, it does not demonstrate that the underlying processes cannot be improved.

## Technology:

The Internet has been widely used to help my office to maintain the openness that is required for election finance reporting. Over the coming year, the election finances component of the Elections Ontario Internet presence will be significantly enhanced and integrated with the other business activities. In this way, consolidated access to all related electoral information will be made available to all of our clients.

## Organization:

The physical integration of all components of the Chief Election Officer's organization will take place over the course of the next year, further enhancing our ability to serve the members of the Assembly, the registered parties, candidates and the electors of Ontario.

## Auditor's Report

To the Chief Election Officer

I have audited the statement of expenditure of the Chief Election Officer under the *Election Finances Act* for the year ended March 31, 2000. This financial statement is the responsibility of the Chief Election Officer. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the expenditures of the Chief Election Officer under the *Election Finances Act* for the year ended March 31, 2000 in accordance with the accounting policies described in note 2 to the financial statement.

## *Election Finances Act*

### 2001 ANNUAL REPORT OF THE CHIEF ELECTION OFFICER

The Chief Election Officer's mandate under the *Election Finances Act* broadly covers:

- The registration of Ontario's political parties, constituency (riding) associations, candidates in provincial by-elections and general elections;
- Supervising limits on campaign expenses and political contributions to registered parties, constituency associations and candidates;
- Providing subsidies for campaign expenses;
- Issuing tax credit receipts for contributions, to parties, riding associations and candidates; and
- Making all filings public.

All of these responsibilities have been successfully delivered by my office during the past year in a timely manner and within budget.

#### Highlights of Election Finances in 2001

2001 was an active year with a significant number of events in areas affected by the *Election Finances Act*. In addition to finalizing matters related to the Ancaster-Dundas-Flamborough-Aldershot by-election held in 2000, the Election Finances staff in my office was responsible for providing support and reviewing filings associated with further by-elections in the Electoral Districts of Parry Sound-Muskoka, Vaughan-King-Aurora and Beaches-East York. In the fall of 2001, the announcement of the planned resignation of the leader of the Progressive Conservative Party required staff to begin working with officials of that political party in preparation for the financial reporting and other aspects of the leadership contest governed by the Act.

I have attached a series of appendices to this Report that set out the details of the financial and statistical information relating to the filing and campaign activities of registered parties, constituency associations and candidates in 2001.

#### Elections Ontario and Election Finances

The establishment of the Political Party Advisory Committee in 2001 has provided me with a forum for discussion of matters that directly affect the delivery of services to the election finance community. Through the direct input of those closest to the issues, my office will be able to continuously improve its support in this area.

On other fronts, the Election Finances staff relocated in November of 2001, completing their integration with Elections Ontario headquarters operations. The development and implementation of common business support functions, particularly in the information technology area, have further enhanced the integration of Election Finances with other key aspects of Election Ontario's activities, particularly through the creation of a common web site.

Opportunities to improve services can be identified by keeping up-to-date with developments in peer organizations. The understanding of tools that will assist our clients with their compliance obligations is a key area of interest for Elections Ontario. In late 2001, one of my staff was able to participate in the deliberations of the Conference on Governmental Ethics Laws on the electronic filing of financial information. From this exposure, we will be able to evaluate the implications of some new forms of business delivery for our clients in Ontario.

Through the extensive network of volunteers who work with registered parties, constituency associations and candidates, the administration of election finances in Ontario is well served. My office is anticipating increased support to these key people as they plan for their involvement in forthcoming electoral events.

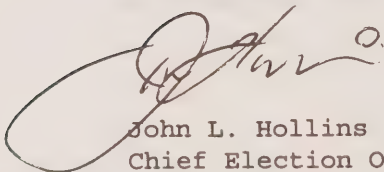

My priorities for the election finances aspects of the business continue to be:

- consultation with the key stakeholders,
- identification of processes that can be streamlined, and
- removal of obstacles to filing and other compliance challenges.

Following these priorities will further enhance our ability to serve the Members of the Assembly, the registered parties, constituency associations, candidates and the electors of Ontario.

With the retirement of the Executive Director of Election Finances in late 2001, the administrative responsibility for this important area of Elections Ontario activity has been placed in the capable hands of the Assistant Chief Election Officer, Loren A. Wells. I am confident that together, Ms. Wells and I will provide the level of service excellence that our election finance clients are entitled to expect.

Respectfully submitted,

John L. Hollins  
Chief Election Officer

The Chief Election Officer also pays subsidies to eligible recipients as provided for under the Act.

- Candidate campaign expenses to every registered candidate who receives at least 15% of the popular vote in an electoral district. The reimbursed amount is the lesser of the candidate's campaign expenses or 20% of the allowable maximum campaign expenditure limit of 96 cents per eligible voter based on the number of voters in the candidate's electoral district. Candidates in designated northern electoral districts may receive an additional \$7,000.
- Campaign expenses to every registered party that receives at least 15% of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district in which the party receives at least 15% of the popular vote.

## 6. PENSION PLAN

The Office of the Chief Election Officer provides pension benefits for its permanent employees (and to non-permanent employees who elect to participate) through participation in the Ontario Public Service Pension Plan, which is a multi-employer plan established by the Province of Ontario. Autre sujet : Le personnel de financement des élections a déménagé en novembre 2001 et ses bureaux sont maintenant totalement intégrés à ceux du siège social d'Élections Ontario. La création et la mise en oeuvre de fonctions de soutien des activités en commun, notamment dans le domaine de la technologie de l'information, ont contribué à renforcer l'intégration de financement des élections avec d'autres aspects clés des activités d'Élections Ontario, particulièrement grâce à la création d'un site Web commun.

Les possibilités d'amélioration des services peuvent être décelées en se tenant au courant de l'évolution d'organisations semblables. Pour Élections Ontario, la compréhension des outils qui aideront nos clients à respecter la conformité a un intérêt primordial. À la fin de 2001, l'un des membres de mon personnel a eu la possibilité de participer aux délibérations de la conférence sur les lois éthiques gouvernementales sur le classement électronique de renseignements financiers. Cela nous permettra de mesurer les effets de quelques nouvelles formes de prestation de services à nos clients ontariens.

L'administration de financement des élections en Ontario bénéficie du soutien d'un vaste réseau de bénévoles qui travaillent aux côtés des partis, associations de circonscription et candidats inscrits. Mon bureau prévoit de renforcer son appui à ces personnes clés lorsqu'elles planifieront leur participation aux prochains événements électoraux.

En ce qui me concerne, mes priorités dans le domaine du financement des élections continuent à être les suivantes :

- consultation avec les principaux intervenants,
- repérage des processus qui peuvent être rationalisés,
- élimination des obstacles au défi qui peuvent représenter les dépôts et autres formalités obligatoires.

En nous attaquant à ces priorités, nous augmenterons nos capacités de servir les députés, les partis inscrits, les associations de circonscription, les candidats et les électeurs et les électrices de l'Ontario.

Après le départ du directeur général de financement des élections à la fin de 2001, la responsabilité administrative de cet important domaine d'activités d'Élections Ontario a été confiée à notre très compétente directrice générale adjointe des élections, Loren A. Wells. Connaissant ses capacités, j'ai confiance qu'ensemble, M<sup>me</sup> Wells et moi-même, nous saurons offrir l'excellent service que sont en droit d'attendre nos clients dans le secteur du financement des élections.

Je vous prie d'agréer l'assurance de ma très haute considération.

John L. Hollins  
Directeur général des élections

Juillet 2002

*Loi sur le financement des élections***RAPPORT ANNUEL DU DIRECTEUR GÉNÉRAL DES ÉLECTIONS - 2000**

Conformément à la Loi sur le financement des élections, le mandat du directeur général des élections comprend les fonctions suivantes :

- Procéder à l'inscription des partis politiques, des associations de circonscription, des candidats aux élections partielles et aux élections provinciales de l'Ontario;
- Surveiller le plafond des dépenses de campagne et les contributions politiques aux partis, aux associations de circonscription et aux candidats inscrits;
- Fournir des subventions pour les frais de campagne;
- Délivrer des reçus de crédit d'impôt pour les contributions aux partis, aux associations de circonscription et aux candidats;
- Rendre publics tous les dépôts.

Mon bureau s'est acquitté avec succès de toutes ces responsabilités au cours de l'exercice écoulé et il l'a fait en temps opportun et sans dépasser son budget.

*Principales activités de financement des élections en 2001*

L'année 2001 a été marquée par un nombre considérable d'événements dans les domaines régis par la Loi sur le financement des élections. Après avoir réglé les questions liées à l'élection partielle d'Ancaster-Dundas-Flamborough-Aldershot, qui avait eu lieu en 2000, le personnel du bureau de financement des élections a collaboré à l'examen des dossiers déposés pour d'autres élections partielles dans les circonscriptions électorales de Parry Sound-Muskoka, Vaughan-King-Aurora et Beaches-East York. À l'automne de 2001, à la suite de l'annonce de la démission du chef du Parti progressiste-conservateur, le personnel s'est mis au travail avec les responsables de ce parti pour préparer les rapports financiers et s'occuper d'autres aspects de la campagne de désignation du chef de parti régis par la Loi.

J'ai joint au présent rapport une série d'annexes contenant les détails des renseignements financiers et statistiques liés au dépôt de documents et activités de campagne des partis, associations de circonscription et candidats inscrits en 2001.

*Élections Ontario et financement des élections*

La formation d'un comité consultatif des partis politiques en 2001 m'a offert un forum de discussion sur des questions qui concernent directement la prestation des services à la communauté du financement des élections. Grâce à la participation directe des personnes concernées au premier chef par ces questions, mon bureau sera capable de renforcer constamment son soutien dans ce secteur.

Dear Mr. Speaker:

It is my pleasure to submit the Annual Report covering the affairs of my Office under the *Election Finances Act* and the *Taxpayer Protection Act, 1999* conducted during the year 2003.

This Report is submitted pursuant to subsection 2(4) of the *Election Finances Act*.

In this Report, I have addressed annual activity related to political party registration, filings by the registered political parties and constituency associations, and the second return for the Progressive Conservative Party's 2002 leadership contest, as well as the returns specific to the 38<sup>th</sup> Provincial General Election, held on October 2, 2003. This Report also presents areas that merit review and clarification for administration of this activity in the future.

In addition, the timing presented by the delivery of this Report has provided an opportunity for me to inform you of the activities of my Office during 2003 under the *Municipal Elections Act, 1996*.

Yours sincerely,

A handwritten signature in dark ink, appearing to read 'John L. Hollins', with a stylized flourish at the end.

# THE MANDATE OF THE CHIEF ELECTION OFFICER

---

The primary responsibilities of the Chief Election Officer under the *Election Finances Act* fit broadly into five areas:

- Registering Ontario's political parties, constituency (or riding) associations, contestants for the leadership of a registered party, and the candidates in general elections and by-elections
- Supervising the limits on campaign expenses and political contributions
- Providing subsidies for campaign expenses
- Issuing tax credit receipts for contributions to parties, constituency associations and candidates, and
- Publishing information and materials filed under the Act.

In addition, during an election campaign, the *Taxpayer Protection Act, 1999* requires the Chief Election Officer to consider statements that may be provided by a political party with respect to its intention to increase the tax rate in designated tax statutes, establish new taxes or create new authorities to tax should it form the government after the election. The Chief Election Officer is required to determine if the statements are clear, concise and unambiguous and, once satisfied that the statements meet the requirements of the legislation in this regard, make his decision available to the public.

In 2000, the passage of the *Direct Democracy through Municipal Referendums Act* introduced a new mandate for the Chief Election Officer, through amendments to the *Municipal Elections Act, 1996*. He now carries a responsibility to consider and decide appeals with regard to questions proposed for submission to municipal electors, on the grounds that they are not clear, concise and neutral, or they are not capable of being answered in the affirmative or the negative.

I am pleased to report that, throughout 2003, my Office successfully met its obligations within its budget and in a timely manner.

# ANNUAL ACTIVITY

---

## PARTY DEREGISTRATION

During 2003, two registered political parties applied to my Office for voluntary deregistration under paragraph 12 (1) (a) of the *Election Finances Act*.

- The Natural Law Party (NLP), registered on May 24, 1995, was deregistered on July 21, 2003.
- The Reform Party of Ontario (Reform), registered on January 22, 1997, was deregistered effective September 15, 2003.

## 2002 ANNUAL RETURNS

The routine activity of the Election Finances division within my Office began with the submission and processing of over 400 annual returns from the registered parties and their constituency associations. In 2003, this activity occupied a significant proportion of staff time throughout the year following the May 31 filing deadline. While compliance with requirements and deadlines for annual filings was generally satisfactory, late filings continue to present us with significant challenges. My Office will continue to review processes and procedures, and offer support and guidance to the large volunteer community that carries the reporting obligation.

## 2002 PROGRESSIVE CONSERVATIVE PARTY LEADERSHIP CONTEST

Further to the first filings completed in 2002, the deadline for filing second returns for the Progressive Conservative Party leadership contest held on March 23, 2002 was November 24, 2003. This filing covered the period from May 24, 2002 to May 23, 2003. Filings from the five candidates were received on time and in compliance with the *Election Finances Act*.

## BY-ELECTIONS

While no by-elections were held in 2003, the resignation of the member of the Legislative Assembly for the Electoral District of Mississauga West, and the resultant Speaker's Warrant issued on March 18, 2003, meant that my Office had to be ready to manage a possible event in this District throughout the spring and summer of 2003. Ultimately, the call of a general election on September 2, 2003 eliminated the need for a by-election in this electoral district.

# THE 38<sup>TH</sup> PROVINCIAL GENERAL ELECTION: OCTOBER 2, 2003

---

The Writs for the 38<sup>th</sup> Provincial General Election were issued on September 2, 2003. By polling day, 522 candidates had registered under section 13 of the *Election Finances Act*. This was 46 fewer than the number of candidates registered in the previous general election in 1999.

Activity by registered parties, constituency associations and candidates with respect to a general election is governed by a timetable derived from both the *Election Finances Act* and the *Election Act*.

Nomination day:	Thursday, September 18, 2003 (deadline 2:00 p.m.)
Polling day:	Thursday, October 2, 2003

## FINANCIAL FILINGS

As in previous general elections, the chief financial officers (CFOs) of every registered political party, constituency association and candidate are required to file a financial statement with my Office. By the filing deadline of April 2, 2004, 673 returns, representing 69.7 percent of the total participants, had been filed. At the date of publication of this Report, as a result of their failure to file the required returns, six candidates who registered for the 2003 general election face a ban on candidacy through to the next general election under subsection 43 (1) of the *Election Finances Act*. In addition, two constituency associations did not file campaign period returns and have subsequently been deregistered under subsection 12 (2) of the *Election Finances Act*.

All the financial information in this Report and the accompanying Appendices reflect the information as filed with my Office and as subsequently revised to the date of publication. Our review of some filings continues and, as a result, some information in this Report may subsequently be revised after this publication. The Election Finances references within the Elections Ontario web site, [www.electionsontario.on.ca](http://www.electionsontario.on.ca), will be adjusted to reflect more up-to-date information as it becomes available.

The Appendices to this Report present a summary of campaign period financial statements as filed for the October 2, 2003 general election by registered political parties (Appendix H), combined income and expense statements as filed for candidates and constituency associations (Appendix I), and subsidy payments.

## SPENDING LIMITS

The *Election Finances Act* establishes limits on the campaign expenses of political parties and candidates and their constituency associations. These amounts are established by following a formula set out in the Act that incorporates a basic amount, an indexation factor reflecting changes in the Consumer Price Index for Canada and the number of electors. The indexation factor component of the formula came into effect on January 1, 2004 and did not apply to the 2003 general election.

# ELECTION FINANCES ADMINISTRATION: KEY ACTIVITIES IN 2003

---

A permanent team of eight staff fulfill the responsibilities of the Election Finances division within Elections Ontario. The election campaign workload required the hiring of temporary data entry staff. We also experienced some challenges in securing the necessary temporary staff with the competencies required to review and understand the large volume of financial documents associated with the campaign period.

## OUTREACH

While the principal focus of the division through most of 2003 was on the preparation and delivery of support for the general election, Elections Ontario was represented at the Election Finances sessions of a workshop hosted by Elections Alberta in Edmonton, over two days in February 2003. Unfortunately, preparations for the election precluded Elections Ontario's presence at the 2003 Conference of the Council on Governmental Ethics Laws (COGEL) held in Austin, Texas. Elections Ontario continues to be an active member of this international association.

At home in Ontario, the Advisory Committee of Registered Political Parties continued to provide members with a forum for the exchange of information and discussion of a range of election-related issues with Elections Ontario, including election finances matters. Since the 2002 meetings had provided the opportunity to discuss information sharing and training programs, the meetings held in 2003 reflected a primary focus on the forthcoming general election.

## MANAGEMENT ISSUES

The Election Finances division processed over 1,400 filings reflecting annual returns, campaign returns and leadership contest returns relating to activity in 2003. In total, these returns contained over 18,500 pages of documents.

As we reviewed the returns filed for 2003, it was clear that we continue to encounter the same challenges experienced in previous years, and that the greatest problem we face is compliance by filers with the statutory filing requirements. As an example, fewer than 70 percent of the required returns in the campaign period were filed by the April 2, 2004 deadline.

Delayed filing of returns or other important information with the Election Finances division has a direct impact on the publication of timely information and can compromise the basic principles of openness and transparency.

Possible solutions to the challenges of compliance range from increased training, information and operational support for filers through improved processes (such as electronic filing), to stricter enforcement and more significant penalties. Improved compliance will depend on a combination of the available tools and continued close working relationships between Elections Ontario and the other participants in the process.

The Election Finances division of Elections Ontario continues to focus on achieving appropriate balances. This means balancing the integrity of the process with access to meaningful and accurate information for

---

participants, the media and electors, and the participation of the dedicated representatives of parties and candidates, both centrally and in the electoral districts. We will also more rigorously pursue the enforcement opportunities and penalties available under the Act and balance these with our continued efforts to support and assist our stakeholders, most of whom are volunteers, with their compliance obligations.

## ELECTION COMMUNICATIONS

While the current business environment of the Election Finances division depends almost completely on paper filings, preparations for the 2003 campaign provided new opportunities to offer technology-based support to clients and the public.

For the first time, we established designated toll-free telephone numbers specifically for parties and candidates. We also provided media with direct access to a spokesperson dedicated to responding to Election Finances inquiries.

These “hotlines” supplemented special sections within the Elections Ontario web site that provided direct access to information of interest and concern to parties, candidates and CFOs. Election calendars, forms, legislative guides and procedural guidelines were all available on-line in 2003.

While post-election research indicated general satisfaction among clients who accessed these information sources, it also showed that many others were not aware of the full range of services that were available from Elections Ontario. We have taken note of this and will use our 2003 experiences to help focus discussions about enhancements to the effectiveness and reach of our communication and information support, and the use of technology in the future.

## TRAINING

The program of training workshops and information sessions for CFOs that began in late 2002 continued through 2003, with 330 CFOs attending special sessions including programs facilitated by the Ontario Association of Certified General Accountants, the Ontario Liberal Party, the Ontario New Democratic Party and the Green Party of Ontario.

## NEW ELECTORAL DISTRICT BOUNDARIES

Under the *Representation Act, 1996*, the boundaries of Ontario’s electoral districts are reviewed and redrawn every 10 years in line with the federal electoral boundary revision process. In 2003, the federal process came to a close and new federal boundaries were adopted. As a result, new parallel boundaries will be developed for introduction into Ontario when the Legislative Assembly is dissolved for the next general election.

This process has implications for the dissolution of constituency associations that reflect the “old” electoral district boundaries and the transfer of their assets and liabilities to “new” associations that reflect the new boundaries to be implemented at the next general election.

During 2003, Election Finances staff held discussions with representatives of the registered parties, with the intention of developing proposals for legislative changes that would avoid unnecessary disruption to constituency associations and ensure continued integrity for their accountability and reporting framework. *Note: Related legislation (Bill 114 – S.O. 2004, c 14), received Royal Assent on June 24, 2004.*

# RECOMMENDATIONS FOR AMENDMENTS TO THE *ELECTION FINANCES ACT*

---

I have informed the Speaker that I do not have any recommendations for changes in various limits and fees under subsection 2 (5) of the *Election Finances Act*.

However, following the 2003 general election, I have considered a number of areas for potential improvement in the administration of the Act. In this Report, I have restricted my comments to matters that can be considered as possible “housekeeping” topics, should the opportunity for legislative amendment arise.

## CANDIDATES

The status of “candidate” is essential to the conduct and administration of an election. Within the *Election Finances Act*, a candidate may be a person nominated by a registered party’s constituency association, a person who has filed nomination papers in accordance with the *Election Act*, or a person who declares that he or she is an independent candidate.

Within the *Election Act*, a candidate is a person elected to the Legislative Assembly, a person nominated as a candidate, or one declared to be a candidate after the Writ of Election, by himself or herself, or by others.

Regardless of the route followed to achieve candidate status, every candidate must file an application for registration before polling day. Likewise, to appear on the ballot, candidates must file nomination papers by 2 p.m. on Nomination Day, 14 days before polling day.

Failure to register as a candidate under the *Election Finances Act* denies a candidate the opportunity to accept contributions or incur expenses. Failure to file nomination papers under the *Election Act* denies a candidate the right to appear on the ballot.

Inconsistent references in parallel legislation contribute to reduced clarity in terms of the obligations and benefits that flow from candidate status and possibly compromise the integrity of the electoral process. Two areas of amendment are suggested.

**Parallel provisions to link the registration and nomination of candidates.** Returning officers should be entitled to reject nomination requests submitted if there is no confirmation of registration under the *Election Finances Act*. This will have the effect of moving the registration deadline to coincide with the nomination deadline, but will not affect the ability of candidates to register and raise money from the start of the campaign period.

Shortening the registration period and linking registration to nomination will remove the possibility of having the ballot show the names of candidates who have not registered under the *Election Finances Act*. This provision will become increasingly significant if party affiliations are shown on the ballot, as proposed in my Report on the 38<sup>th</sup> Provincial General Election: *Access, Integrity and Participation: Towards Responsive Electoral Processes for Ontario* (available on-line at [www.electionsontario.on.ca](http://www.electionsontario.on.ca)).

**Clarification of legislation covering expenses.** Amendments to the *Election Finances Act* are recommended to provide that only parties, associations, candidates and leadership contestants

---

registered under the Act are authorized to accept contributions and incur expenses. Registered status allows them to accept contributions. It is widely understood that registration must also have occurred in order to incur expenses, although this is not clear in the language of the Act.

## CLARIFICATION OF CURRENT LEGISLATION

**Party authority to deregister an association.** It is proposed that paragraph 12(1) (b) of the *Election Finances Act* be amended to permit the registered party to apply to the Chief Election Officer for deregistration of a constituency association that it no longer endorses.

Paragraph 12(1) (b) sets out the authority for the Chief Election Officer to deregister a constituency association on application by the constituency association and the party. Recent experience has highlighted the need to clarify the sponsorship relationship between constituency associations and the registered parties.

Registration of a constituency association requires the endorsement of the registered party under subsection 11(2), yet the party may not apply for deregistration without the joint application of the constituency association.

The endorsement by the registered party establishes a degree of proprietorial sponsorship or responsibility; in fact, the constituency association cannot exist without the registered party.

**References to registered parties.** Subsection 26(3) contains the term “political party.” Throughout the rest of the Act, it is clear that reference to “party” means a reference to a political party registered under the *Election Finances Act*. Possible misinterpretation could be avoided in the section of the Act that governs group contributions by changing “political party” to “registered party,” which is defined as a political party registered under the *Election Finances Act*.

## POLICY CONSIDERATIONS FOR FURTHER REVIEW

---

In processing the returns relating to 2003, we have identified areas within the legislation where challenges are emerging.

The following comments are offered as context for broadly based discussions that will be valuable to all stakeholders with interests in the management of election finances, including electors. While these matters are not presented for immediate legislative action, they do merit consideration in the longer term as we strive to enhance integrity, access and participation in electoral processes.

**Political advertising blackout periods.** The merits of advertising blackouts (under the *Election Finances Act*) at the beginning of the campaign period and immediately before polling day are increasingly being questioned because of definitional concerns that reflect changes in communications techniques and methods.

**Filing deadline for annual returns.** The current deadline extends for five months beyond the end of the reporting period. The need for such an extended period should be reviewed, particularly from the perspective of openness and transparency. While we are aware of the competing pressures on the largely volunteer community of chief financial officers around income tax filing deadlines, delayed public reporting does not enhance the process.

**Campaign period.** At the time of the writing of this Report, there is legislation before the Assembly to implement a fixed date for general elections in early October. Experience in 2003 has clearly identified an administrative challenge as a result of the campaign period ending on January 2, 2004. Having a campaign period spread over two calendar years presents significant difficulties. Adjusting the campaign period to end on December 31 if the current proposed legislation is passed, or otherwise providing that the campaign period is contained within a single calendar year, should address the administrative and definitional challenges for CFOs and Elections Ontario. Consideration of this type of change would clearly support the principles of transparency and integrity. In addition, it will avoid potential confusion about which amounts are eligible for indexation in future years.

**Campaign expense exclusions.** Although there were modifications in the amendments to the *Election Finances Act* that took effect in 1999, the lack of clear definition, particularly for the term, “research and polling,” presents challenges to CFOs and Elections Ontario alike. Consistent interpretations and guidelines are essential tools for maintaining integrity in the administration of election finances. Also, a review of campaign expense exclusions would contribute significantly to improvements in the administration of this important feature of the legislation.

**References to goods and services.** Paragraph 29(1) (b) prohibits certain transfers of “funds.” Section 27 describes permitted transfers, but refers to “... funds, goods and services ...” Working with these related provisions has highlighted difficulties with the inconsistent references. While this is an apparent inconsistency, paragraph 29(1) (b) should be reviewed to more clearly reflect the intent of legislators, either to include or to exclude “goods and services” in the list of prohibited transfers.

**Alternate filing mechanisms.** In my previous Annual Reports, I have mentioned the need to consider alternate filing mechanisms to aid compliance and reduce the burden on participants. We will be engaging our stakeholders in detailed discussions about possible technological improvements, including electronic filing. While the administrative and technical aspects of these approaches can be addressed, there are associated policy issues to be considered, such as requirements for paper receipts in support of “e-filings.”

---

Alternate filing methodologies are not limited to technological solutions. Another area to consider relates to the filing relationship between candidates and constituency associations and the separation or combination of their returns. This area has implications for external stakeholders and would benefit from an exploration of the boundaries between administrative efficiencies and the need to clearly report election finances activity.

**Financial links between participants.** A further area where the policy framework is not completely clear is in the authorized financial links between leadership contestants and constituency associations. A review of the permitted activity will also contribute to the integrity framework for election finances.

**Ontario Gazette requirements.** The *Election Finances Act* requires my Office to publish material summarizing candidate and constituency association income and campaign expenses in the *Ontario Gazette* and on the Elections Ontario web site. The value of Gazette publication as a means of ensuring broad public awareness of important matters has diminished significantly with the advent of electronic communication channels and, in particular, the Internet. At the same time, costs have risen to a point where the financial impact of publishing in the Gazette is significant. The value of this process is also questionable when considered in light of the on-line publication of the materials, the summary details available in this Report, and available access to the physical records at the offices of Elections Ontario and in the Legislative Library. All aspects of publication requirements should be revisited to ensure the broadest range of access to relevant information in a timely and fiscally prudent manner.

**The calculation of spending limits and subsidy payments.** Spending limits and subsidy payments are based on the count of electors published by the Chief Election Officer. Historically, elector counts have been provided by Elections Ontario based on the initial preliminary lists of electors produced at the beginning of the electoral period, for use as budget guidelines. It is becoming increasingly clear that changes in the counts between the initial publication of the preliminary numbers and the final count prepared following an election place CFOs, candidates and parties at risk of inadvertent over- or under-budgeting. This has become more significant with the introduction of the Permanent Register of Electors for Ontario and registration of electors on polling day.

Consideration should be given to establishing certainty in the calculation from the outset by altering the formulae to be based on the preliminary count of electors. Obviously, this could affect the amounts of spending limits and subsidies, both positively and negatively and should, therefore, be discussed in the broader framework of election finances.

**Northern subsidy calculations.** On a similar note, certain electoral districts in Northern Ontario are entitled to additional amounts in calculating their campaign expense limitations (section 38). When the subsidy calculation formula is applied under section 44, it is unclear where in the formula consideration should be given to the additional amounts and whether the base for calculating the 20-percent expenditure limit should include the additional amount or not. The initial intent of the legislation is not apparent and should be clarified.

**Independent candidates.** The basic premise of the *Election Finances Act* is that candidates exist within a constituency association and sponsoring party framework. A review of the status and obligations attached to independent candidates will contribute to better understanding and greater integrity in the electoral process.

## TAXPAYER PROTECTION ACT, 1999

---

The *Taxpayer Protection Act, 1999* frames the environment for public awareness of increases in the tax rates in designated taxing statutes, new taxes or new taxing authorities. This is achieved through a referendum when the legislature is in session or, for parties seeking to form the government following a general election, through a notification and publication process without a referendum.

The provisions affecting this latter occurrence came into effect in 2003 during the first two weeks following the issue of the Writs of Election. Section 4 of the Act permits the leader of a registered party to set out the party's intentions in the areas covered by the Act, in a written statement given to the Chief Election Officer no later than the 14<sup>th</sup> day before polling day (Nomination Day).

When a party leader provides such a statement, the Chief Election Officer is required to review the statement within five days to determine if it complies with subsections 4(2) and 4(3), specifically:

### *Statement*

- (2) *The statement must contain a clear, concise and unambiguous description of the proposed increase, the proposed new tax or the proposal to give an authority to tax.*

### *Estimate*

- (3) *If the statement refers to a proposed increase or new tax, it must also set out the increase in annual revenues that the leader expects to result from the proposed increase or new tax.*

If, after his review, the Chief Election Officer finds that the statement does comply with the requirements of these subsections, he is required to provide the Clerk of the Assembly with the statement and a copy of his opinion. He is also required to make the statement and opinion available to the public.

During the 2003 campaign, I received two statements under subsection 4(1) of the *Taxpayer Protection Act, 1999*:

- On September 16, 2003, a statement setting out proposals for two tax rate increases, from the leader of the Ontario Liberal Party
- On September 17, 2003, a statement setting out a proposal for new taxing authorities, from the leader of the Progressive Conservative Party of Ontario

I reviewed the statements and determined that, in my opinion, both met the requirements of the legislation. Letters in respect of each statement were prepared and sent to the Clerk of the Legislative Assembly on September 20, 2003.

On September 22, 2003, notices regarding each statement and opinion were published on the Elections Ontario web site and in 42 daily newspapers across Ontario, in English and in French. The text of the two statements was also made available on the web site and could be viewed at the Elections Ontario office.

---

In addition to Elections Ontario staff time, this activity also required the advice of counsel, both on the process and on the content of the statements.

In discharging my responsibilities under the *Taxpayer Protection Act, 1999*, my Office incurred \$18,302.66 for advertising preparation and placement and \$7,300 for legal costs, for a total of \$25,602.66.

In my Report on the 2003 general election, *Access, Integrity and Participation – Towards Responsive Electoral Processes for Ontario*, I question the appropriateness of the assignment of these responsibilities under the *Taxpayer Protection Act, 1999* to the Chief Election Officer.

Because the material that the Chief Election Officer is required to consider reflects the election platforms of political parties, there is a risk of compromising the perception of neutrality that the CEO must maintain to assure stakeholders of his independence and non-partisanship.

From an administrative perspective, the work associated with this activity occurs at the time that the Chief Election Officer and Assistant Chief Election Officer are most deeply involved in the delivery of the election. This provides another reason to consider the appropriateness of the assignment of these responsibilities.

## *MUNICIPAL ELECTIONS ACT, 1996*

---

Although the Chief Election Officer must also discharge responsibilities under the *Municipal Elections Act, 1996* that are distinct from the requirements under legislation already addressed in this Report, there is no funding provided for the discharge of these activities, nor is any reporting required. Nevertheless, I believe that reporting is a necessary part of my accountability to the Speaker, Members and taxpayers, and I am taking this opportunity to present within this document my statutory activities in 2003 under the *Municipal Elections Act, 1996*.

The *Direct Democracy through Municipal Referendums Act*, enacted in 2000, established a framework in the *Municipal Elections Act, 1996*, for questions to be posed to municipal electors. The new section 8.1 of the *Municipal Elections Act, 1996* requires municipal by-laws defining the questions to be passed 180 days before municipal voting day, and then provides for the Minister of Municipal Affairs and Housing or any other person to appeal the question to the Chief Election Officer.

The grounds for appeal are restricted to a claim that the question does not meet the requirements of paragraphs 8.1 (2) 3 and 4:

3. *It shall be clear, concise and neutral.*
4. *It shall be capable of being answered in the affirmative or the negative and the only permitted answers to the question are “yes” or “no”.*

Equipped with materials submitted by the Clerk of each affected municipality, my Office must hold a hearing and render a decision within 60 days of receiving notice of the appeal.

In 2003, appeals were filed in six municipalities under the *Municipal Elections Act, 1996*, none of which was initiated by the Minister of Municipal Affairs and Housing.

### **Appeals in 2003 under the *Municipal Elections Act, 1996***

Municipality	Question topic	Dates of Hearings	Decision
Blue Mountain	Absentee voting	July 10, 2003	Appeal allowed - revised question wording ordered
Eniskillin	Tax increase to fund grant	June 26, 2003	Appeal allowed in part – revised question wording ordered
London	Council size and Board of Control	June 26, 2003	Appeal dismissed
Peterborough	Cost of road extension	July 9, 2003	Appeals dismissed
Thunder Bay	Smoking by-laws	July 23, 2003	Appeal allowed - revised question wording ordered
Timmins	Elections at large	August 12, 2003	Appeal dismissed

---

These activities require skill in the area of quasi-judicial processes and the conduct of public hearings. My Office engaged the Honourable Gregory T. Evans, the former Chief Justice of the High Court of Ontario (now known as the Superior Court of Justice) and a former Integrity Commissioner of Ontario, to act as my designate and to conduct the required hearings.

The hearings for the appeals were each completed in a single day; however, 12 days of counsel's time were required to assist Mr. Justice Evans in the hearings and prepare briefs and Orders setting out the rulings. In addition, the process required virtually the full-time attention of the Assistant Chief Election Officer and senior staff from my office over the course of the hearing period.

In addition to the commitment of Elections Ontario staff and senior management time, the total cost incurred to administer this responsibility was \$36,482.93. This comprised \$31,965.01 for fees and expenses and \$4,517.92 for other expenses, including staff travel.

Two administrative issues merit comment. First, any future increase in this activity will result in a direct increase in costs. As mentioned earlier, the Chief Election Officer's costs associated with this activity are not funded under any statute. Second, there will be a significant impact on the Office of the Chief Election Officer when these responsibilities conflict with Elections Ontario's preparations for an event in an election year.

In my Report on the 2003 general election, *Access, Integrity and Participation – Towards Responsive Electoral Processes for Ontario*, I have suggested that there would be value in a closer review of the electoral service structure at the provincial and municipal levels. I propose that my current responsibilities under the *Municipal Elections Act, 1996* should be included in any such review that may take place.

## Auditor's Report

To the Chief Election Officer

I have audited the statement of expenditure of the Chief Election Officer under the *Election Finances Act* for the year ended March 31, 2003. This financial statement is the responsibility of the Chief Election Officer. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the expenditures of the Chief Election Officer under the *Election Finances Act* for the year ended March 31, 2003 in accordance with the accounting policies described in note 2 to the financial statement.

Chief Election Officer

## Financial Statement March 31, 2003

### 1. BACKGROUND

The Chief Election Officer is responsible for administering the *Election Finances Act*. Under the Act, the Chief Election Officer registers and reviews filings from Ontario political parties, constituency associations, candidates and leadership contestants for purposes of monitoring compliance with contribution and expenditure limits provided for under the Act. The Chief Election Officer also pays subsidies to eligible recipients as provided for under the Act.

### 2. ACCOUNTING POLICIES

#### (a) Basis of Accounting

This financial statement was prepared on a modified cash basis of accounting, which allows an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

#### (b) Furniture and Equipment

Expenditures of a capital nature are expensed in the year of acquisition.

### 3. SOURCE OF FUNDS

Expenditures under the *Election Finances Act* were paid by the Office of the Chief Election Officer and are reimbursed out of the Consolidated Revenue Fund.

### 4. SUBSIDIES

The *Election Finances Act* requires payment of the following subsidies:

- Candidate campaign expenses to every registered candidate who receives at least 15% of the popular vote in an electoral district. The reimbursed amount is the lesser of 20% of the candidate's campaign expenses or 20% of the allowable maximum campaign expenditure limit of 96 cents per eligible voter based on the number of voters in the candidate's electoral district. Candidates in designated northern electoral districts may receive an additional \$7,000.
- Campaign expenses to every registered party that receives at least 15% of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district.
- Audit fees for annual and campaign returns of each registered constituency association to a maximum of \$600 per return.
- Audit fees for annual and campaign returns of each registered party to a maximum of \$1,200 per return.
- Audit fees for campaign returns of each candidate to a maximum of \$1,000 per return.
- Audit fees for campaign returns of each leadership contestant to a maximum of \$800 per return.

5. ANONYMOUS AND EXCESS CONTRIBUTIONS

Under the Act, anonymous contributions received by a registered political party, constituency association, candidate or leadership contestant must be remitted to the Chief Election Officer. In addition, excess contributions must be remitted to the Chief Election Officer unless the recipient is able to refund the excess contribution to the contributor and recover the official receipt.

6. PENSION PLAN

The Office of the Chief Election Officer provides pension benefits for its permanent employees (and to non-permanent employees who elect to participate) through participation in the Ontario Public Service Pension Plan, which is a multi-employer plan established by the Province of Ontario. This plan is accounted for as a defined contribution plan as the Office has insufficient information to apply the defined benefit plan accounting to this pension plan. The Office's contribution to the plan during the year for its employees was \$15,782 (2002 - \$11,505) which is included in employee benefits.

Post-retirement non-pension benefits are paid by MBS and accordingly are not included in the statement of expenditure.

7. COMMITMENTS

The Office administering the *Election Finances Act* shares office space with the Office of the Chief Election Officer. The leasing cost is calculated based on the square footage occupied by the respective offices. The minimum lease payment for the Office administering the *Election Finances Act* for the following three years are as follows:

	\$
2004	55,320
2005	55,320
2006	9,220
	<u>119,860</u>

8. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with the current year's presentation.

CONTRIBUTIONS ANONYMES ET EXCÉDENTAIRES
- En vertu de la Loi, les contributions anonymes reçues par un parti politique, une association de circonscription, un candidat ou un candidat à la direction d'un parti inscrit doivent être versées au directeur général des élections. De plus, les contributions excédentaires doivent être versées au directeur général des élections sauf si le bénéficiaire peut rembourser ces contributions à leur donateur et récupérer le reçu officiel.
6.

RÉGIME DE RETRAITE
- Le Bureau du directeur général des élections assure le service de prestations de retraite à ses employés permanents (et aux employés non permanents qui choisissent de participer) au moyen de la participation au Régime de retraite des fonctionnaires de l'Ontario, lequel est un régime interentreprises instauré par la province de l'Ontario. Ce régime est comptabilisé comme un régime à cotisations déterminées étant donné que le Bureau ne dispose pas de renseignements suffisants pour lui appliquer la comparabilité des régimes à prestations déterminées. La cotisation versée au Régime par le Bureau au cours de l'année pour ses employés s'élevait à 15 782 \$ (2002 – 11 505 \$), montant qui est inclus dans les avantages sociaux.

Les prestations après retraite non liées à la pension sont versées par le Secrétaire du Conseil de gestion et, par conséquent, ne figurent pas dans l'état des dépenses.
7.

ENGAGEMENTS
- Le bureau qui administre la *Loi sur le financement des élections* partage les locaux avec le Bureau du directeur général des élections. Les frais de location sont calculés d'après la superficie occupée par chacun d'eux. Voici le loyer minimum établi à l'égard des trois années suivantes pour le bureau qui administre la *Loi sur le financement des élections* :

- (b) Mobilier et équipement
- Les dépenses en immobilisations sont passées en charges au cours de l'année d'acquisition.

## Rapport du vérificateur

### Au directeur général des élections

J'ai vérifié l'état des dépenses du directeur général des élections en vertu de la *Loi sur le financement des élections* pour l'exercice terminé le 31 mars 2003. La responsabilité de cet état financier incombe au directeur général des élections. Ma responsabilité consiste à exprimer une opinion sur cet état financier en me fondant sur ma vérification.

Ma vérification a été effectuée conformément aux normes de vérification généralement reconnues du Canada. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir l'assurance raisonnable que l'état financier est exempt d'inexactitudes importantes. La vérification comprend le contrôle par sondages des informations probantes à l'appui des montants et des autres éléments d'information fournis dans l'état financier. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble de l'état financier.

À mon avis, cet état financier donne, à tous les égards importants, une image fidèle des dépenses du directeur général des élections en vertu de la *Loi sur le financement des élections* pour l'exercice terminé le 31 mars 2003 selon les conventions comptables décrites à la note 2 de l'état financier.

Toronto (Ontario)  
Le 12 septembre 2003

J.R. McCarter, CA  
Vérificateur provincial adjoint

Ces activités exigent des compétences dans le domaine des processus quasi-judiciaires et de tenir des audiences publiques. Mon Bureau a retenu les services de l'honorable Gregory T. Evans, ancien juge en chef de la Haute Cour de l'Ontario (devenue la Cour supérieure de justice), et ancien Commissaire à l'intégrité de l'Ontario, pour agir comme délégué du directeur général des élections et tenir les audiences nécessaires.

Les audiences tenues à l'égard des appels n'ont duré qu'une journée chacune. Toutefois, l'intervention d'un conseiller juridique a été nécessaire pendant 12 jours pour assister le juge Evans dans le cadre des audiences et pour préparer des mémoires et les ordonnances énonçant les décisions. De plus, le processus a retenu l'attention quasi-permanente de la directrice générale adjointe des élections et du personnel cadre de mon Bureau pendant la période des audiences.

En plus du temps requis du personnel et des cadres supérieurs d'Élections Ontario, le coût total engagé pour s'acquitter de cette responsabilité s'est élevé à 36 482,93 \$, soit 31 965,01 \$ au titre des frais et honoraires et 4 517,92 \$ au titre d'autres frais, notamment pour le déplacement du personnel. Deux questions de nature administrative doivent ici retenir notre attention. En premier lieu, tout accroissement futur de cette activité se traduira par une augmentation directe des coûts. Conformément à ce que j'ai mentionné précédemment, les coûts assumés par le directeur général des élections relativement à cette activité ne sont financés par aucune loi. En second lieu, il y aura des répercussions importantes sur le Bureau du directeur général des élections quand ces responsabilités entreront en conflit avec les préparatifs d'Élections Ontario pour la tenue d'un scrutin au cours d'une année électorale.

Dans mon rapport sur les élections générales de 2003, *Accès, intégrité et participation : vers des processus électoraux souples pour l'Ontario*, j'ai indiqué qu'il serait bon d'examiner de plus près la structure des services électoraux aux paliers provincial et municipal. Je propose d'inclure dans un tel examen, le cas échéant, les responsabilités qui m'incombent actuellement aux termes de la *Loi de 1996 sur les élections municipales*.

Bien que le directeur général des élections doive également s'acquitter des responsabilités prévues par la *Loi de 1996 sur les élections municipales*, qui sont différentes des exigences législatives énoncées dans le présent rapport, aucune aide financière n'est prévue à cette fin et aucun rapport n'est exigé. Néanmoins, j'estime que la présentation de rapports est un élément essentiel des comptes que je dois rendre au Président, aux députés et aux contribuables. Je profite donc de l'occasion pour présenter, dans ce document, les activités auxquelles je me suis livré en 2003 en vertu de la *Loi de 1996 sur les élections municipales*.

La *Loi sur la démocratie directe par voie de référendum municipal*, entrée en vigueur en 2000, établit des règles dans la *Loi de 1996 sur les élections municipales* quant aux questions qui sont posées aux électeurs municipaux. Aux termes du nouvel article 8.1 de la *Loi de 1996 sur les élections municipales*, un règlement municipal établissant le libellé des questions doit être adopté 180 jours avant le jour du scrutin municipal, et le ministre des Affaires municipales et du Logement ou toute autre personne doit ensuite pouvoir interjeter appel de la question devant le directeur général des élections. Les motifs d'appel se limitent au motif que la question ne satisfait pas aux exigences des dispositions 3 et 4 du paragraphe 2 de l'article 8.1 :

3. Elle est claire, concise et neutre.

4. Elle permet que l'on puisse y répondre par l'affirmative ou la négative et les seules réponses permises sont « oui » et « non ».

Muni des documents soumis par le greffier de chaque municipalité touchée, le directeur général des élections doit tenir une audience et rendre une décision dans les 60 jours suivant la réception de l'avis d'appel.

En 2003, des appels survenant six municipalités ont été déposés auprès de mon Bureau en vertu de la *Loi de 1996 sur les élections municipales* et aucun d'entre eux n'a été interjeté par le ministre des Affaires municipales et du Logement.

français qu'en anglais. De plus, il était possible de visualiser le texte des deux déclarations sur notre site Web et d'en prendre connaissance au bureau d'Élections Ontario.

En plus du temps que le personnel d'Élections Ontario a consacré à cette activité, il a aussi fallu obtenir l'avis d'un conseiller juridique, tant à l'égard du processus qu'à l'égard du contenu des déclarations.

Les obligations que j'ai remplies en vertu de la *Loi de 1999 sur la protection des contribuables* ont coûté à mon Bureau 18 302,66 \$ au titre de la préparation et de la parution d'une annonce et 7 300 \$ au titre des frais juridiques, soit un grand total de 25 602,66 \$.

Dans mon rapport sur les élections générales de 2003, *Accès, intégrité et participation : vers des processus électoraux souples pour l'Ontario*, nous nous interrogeons sur la pertinence de confier ces responsabilités au directeur général des élections dans la *Loi de 1999 sur la protection des contribuables*.

Compte tenu que les déclarations que le directeur général des élections doit examiner sont le reflet des plateformes électorales de partis politiques, l'image de neutralité que celui-ci doit maintenir pour assurer les intervenants de son indépendance et de son caractère apolitique peut être compromise.

Par ailleurs, du point de vue administratif, cette activité a lieu au moment où la conduite du scrutin retient entièrement l'attention du directeur général des élections et de la directrice générale adjointe des élections. Voilà donc une raison de plus de s'interroger sur la pertinence de confier ce rôle au directeur général des élections.

La Loi de 1999 sur la protection des contribuables encadre le processus visant à informer le public des augmentations des taux d'imposition prévus par les lois fiscales désignées, de la création de nouveaux impôts et de l'attribution de nouveaux pouvoirs d'imposition. Ainsi, on sensibilise le public au moyen de la tenue d'un référendum lorsque l'Assemblée législative siège ou, dans le cas des partis qui visent à former le gouvernement après des élections générales, au moyen de la publication d'un avis sans tenue de référendum.

Les dispositions qui touchent le dernier cas sont entrées en vigueur en 2003 pendant les deux premières semaines suivant l'émission des décrets de convocation des électeurs. L'article 4 de la Loi autorise le chef d'un parti inscrit à faire part des intentions du parti, quant aux domaines couverts par la Loi, dans une déclaration écrite remise au directeur général des élections au plus tard le 14<sup>e</sup> jour avant le jour du scrutin, soit le jour de la déclaration de candidature.

Lorsque le chef d'un parti transmet une telle déclaration, le directeur général des élections doit l'examiner dans les cinq jours suivant sa réception pour déterminer si elle est conforme aux paragraphes 4(2) et 4(3) suivants de la Loi :

### Déclaration

(2) La déclaration comporte une description claire, concise et non ambiguë du projet d'augmentation, du projet de création d'un nouvel impôt ou du projet d'attribution d'un pouvoir d'imposition.

### Estimation

(3) Si elle porte sur un projet d'augmentation ou sur un projet de création d'un nouvel impôt, la déclaration précise également l'augmentation des recettes annuelles que le chef de parti attend de l'augmentation ou du nouvel impôt.

Si le directeur général des élections est d'avis, à la suite de son examen, que la déclaration respecte les exigences de ces paragraphes, il la remet au Greffier de l'Assemblée, accompagnée d'une copie de son avis, et doit également mettre ces deux documents à la disposition du public.

Pendant la campagne de 2003, j'ai reçu deux déclarations en vertu du paragraphe 4(1) de la Loi de 1999 sur la protection des contribuables :

- Le 16 septembre 2003, une déclaration émanant du chef du Parti libéral de l'Ontario proposant deux augmentations de taux d'imposition;
- Le 17 septembre 2003, une déclaration émanant du chef du Parti progressiste-conservateur proposant l'attribution de nouveaux pouvoirs d'imposition.

Après examen, j'ai déterminé que les deux déclarations respectaient, à mon avis, les exigences de la Loi. Une lettre a été rédigée à l'endroit de chaque déclaration et transmise au Greffier de l'Assemblée législative le 20 septembre 2003.

Le 22 septembre 2003, un avis public à l'endroit de chaque déclaration ainsi que mon avis ont été publiés sur le site Web d'Élections Ontario et dans 42 quotidiens de la province, tant en

Les méthodes de dépôt de dépôt de rechange ne se résument pas aux solutions technologiques. Il y a un autre aspect à envisager, à savoir la relation entre les candidats et les associations de circonscription relativement au dépôt des documents, et la séparation ou la combinaison de leurs rapports respectifs. Cet aspect a des répercussions pour les intervenants externes et profiterait d'un examen des limites entre les gains d'efficacité sur le plan administratif et le besoin de rendre clairement compte des activités de financement des élections.

**Liens financiers entre les participants.** Les liens financiers autorisés entre les candidats à la direction d'un parti et les associations de circonscription constituent un autre aspect à propos duquel le cadre de politique n'est pas suffisamment précis. Un examen des activités autorisées contribuerait également à maintenir l'intégrité du financement des élections.

**Exigences de publication dans la Gazette de l'Ontario.** La Loi sur le financement des élections exige que mon Bureau publie dans la Gazette de l'Ontario et sur le site Web d'Élections Ontario un relevé des dépenses liées à la campagne électorale et des recettes des candidats et des associations de circonscription. L'importance de publier des renseignements dans la Gazette comme moyen de garantir que le grand public est informé des questions importantes a diminué considérablement depuis l'avènement des moyens de communication électroniques, en particulier l'Internet. Par ailleurs, les coûts ont tellement augmenté que la publication de renseignements dans la Gazette a une incidence financière importante. La valeur de cette façon de procéder est également contestable devant la publication des documents sur l'Internet, les détails contenus dans le présent rapport et l'accès aux documents physiques dans les bureaux d'Élections Ontario et à la Bibliothèque de l'Assemblée législative. Toutes les exigences en matière de publication devraient être réexaminées afin d'assurer le plus vaste accès possible aux renseignements pertinents et ce, en temps opportun et de façon abordable.

**Le calcul des plafonds de dépenses et des montants de subvention.** Les plafonds de dépenses et les montants de subvention reposent sur le nombre d'électeurs publié par le directeur général des élections. Historiquement, ce nombre provient des listes électorales préliminaires produites au début de la période électorale pour servir de guide à l'établissement des budgets. Il est de plus en plus évident que la variation du nombre d'électeurs entre la publication des chiffres préliminaires et l'établissement du nombre d'électeurs final à la suite du scrutin a pour résultat que les directeurs des finances, les candidats et les partis risquent d'établir sans le vouloir un budget trop ou pas assez élevé. C'est encore plus important depuis l'adoption du Registre permanent des électeurs de l'Ontario et l'inscription d'électeurs le jour du scrutin.

Il faudrait favoriser la certitude des calculs dès le début en modifiant la formule pour qu'elle repose sur le nombre d'électeurs préliminaire. Ce changement pourrait évidemment avoir des répercussions sur les montants des plafonds de dépenses et des subventions, tant d'un point de vue positif que négatif, et, par conséquent, devrait faire l'objet d'une discussion dans le contexte plus général des niveaux financiers.

**Calcul des subventions dans les circonscriptions du Nord.** Dans le même ordre d'idées, certaines circonscriptions électorales du Nord de l'Ontario ont droit à des montants supplémentaires dans le calcul des plafonds de leurs dépenses liées à la campagne électorale (article 38). Or, lorsqu'on applique la formule de calcul des subventions aux termes de l'article 44, on ne sait pas trop à quel moment dans la formule devrait appliquer les montants supplémentaires ni si la base de calcul du montant correspondant à 20 % du montant maximal des dépenses devrait comprendre ou non le montant supplémentaire. L'intention initiale de la Loi n'est pas évidente et devrait être clarifiée.

**Candidats indépendants.** Selon la prémisses de base de la Loi sur le financement des élections, le candidat existe au sein d'un cadre constitué par une association de circonscription et un parti qui le parraine. Un examen du statut et des obligations rattachés aux candidats indépendants contribuerait à une meilleure compréhension et à une plus grande intégrité du processus électoral.

Dans le cadre du traitement des rapports relatifs à la campagne électorale de 2003, nous avons relevé de nouveaux problèmes associés à certains aspects de la loi.

Les observations qui suivent visent à servir de fondement à des discussions plus vastes qui profiteront à tous les intervenants, les électeurs y compris, qui ont un intérêt dans la gestion du financement des élections. Nous ne présentons pas ces questions à des fins de mesures législatives immédiates, mais il vaut la peine de s'y arrêter à plus long terme puisque nous nous efforçons d'améliorer l'intégrité des processus électoraux de même que l'accès et la participation à ces processus.

**Périodes d'interdiction de publicité politique.** La pertinence d'interdire la publicité politique (en vertu de la *Loi sur le financement des élections*) au début de la période de la campagne électorale et immédiatement avant le jour du scrutin est de plus en plus contestée en raison des questions de définition qui témoignent de l'évolution des techniques et des méthodes de communication.

**Date limite de dépôt des rapports annuels.** La date limite actuelle se situe cinq mois après la fin de la période de déclaration. Il faudrait examiner la nécessité d'une telle prolongation, en particulier du point de vue de l'ouverture et de la transparence. Nous sommes certes conscients des pressions qui s'exercent de part et d'autre sur la communauté des directeurs des finances, qui se compose en grande partie de bénévoles, aux alentours des dates limites de la production des déclarations de revenus, mais le fait de retarder la publication des rapports n'améliore en rien le processus.

**Période de campagne électorale.** Au moment de rédiger le présent rapport, l'Assemblée législative était saisie d'un projet de loi qui vise à tenir les élections générales à date fixe, à savoir au début d'octobre. L'expérience de 2003 a fait nettement ressortir un problème administratif découlant du fait que la période de campagne électorale s'est terminée le 2 janvier 2004. Une période de campagne électorale qui s'étend sur deux années civiles pose des problèmes importants. Le fait d'ajuster la période de campagne électorale pour qu'elle se termine le 31 décembre ou de faire autrement en sorte qu'elle se déroule au cours d'une seule année civile devrait remédier aux problèmes de nature administrative et définitionnelle qui se posent aux directeurs des finances et à Elections Ontario. L'apport de tels changements appuierait clairement les principes de transparence et d'intégrité en plus d'éviter le risque de confusion quant aux montants admissibles à l'indexation ultérieurement.

**Les exceptions relatives aux dépenses liées à la campagne électorale.** Bien qu'il ait des modifications par les amendements de la *Loi sur le financement des élections* qui sont entrées en vigueur en 1999, le fait qu'il n'y ait pas de définition précise, surtout pour les termes « recherche et sondage d'opinion », pose des problèmes tant aux directeurs des finances qu'à Elections Ontario. Des interprétations et des directives cohérentes constituent des outils essentiels pour maintenir l'intégrité de l'administration du financement des élections, et un examen des exceptions relatives aux dépenses liées à la campagne électorale contribuerait grandement à améliorer l'administration de cet aspect important de la Loi.

**Mentions de biens et services.** L'alinéa 29(1) b) interdit certains transferts de « fonds ». L'article 27 décrit les transferts autorisés, mais fait mention « ...des fonds, des biens et des services... ». L'application de ces dispositions connexes a mis en relief les problèmes causés par les mentions parallèles incohérentes. Bien que l'incohérence ne soit qu'apparente, il faudrait réviser l'alinéa 29(1) b) pour mieux faire état de l'intention du législateur d'inclure ou non les « biens et services » dans la liste des transferts interdits. **Autres modes de dépôt.** Dans mes rapports annuels précédents, j'ai discuté du besoin d'envisager d'autres modes de dépôt pour améliorer la conformité et réduire le fardeau imposé aux participants. Nous tiendrons des discussions approfondies avec nos intervenants au sujet des améliorations technologiques possibles, y compris le « dépôt électronique ». Bien que l'on puisse traiter des aspects administratifs et techniques de ces approches, il y a des questions stratégiques connexes à prendre en compte, telles que les exigences relatives aux récépissés sur papier à l'appui des dépôts électroniques.

à accepter des contributions. Tout le monde comprend que ce statut autorise également l'entité concernée à engager des dépenses, mais ceci n'est pas formulé de façon précise dans la Loi.

## CLARIFICATION DES DISPOSITIONS LÉGISLATIVES EN VIGUEUR

**Demande de radiation d'une association par le parti.** Je propose de clarifier l'alinéa 12(1) b) de la *Loi sur le financement des élections* pour autoriser le parti inscrit à demander de sa propre initiative au directeur général des élections de radier une association de circonscription que le parti a cessé de parrainer.

L'alinéa 12(1) b) autorise le directeur général des élections à radier une association de circonscription à la demande de celle-ci et du parti. L'expérience récente a fait ressortir le besoin de clarifier le rapport de parrainage qui existe entre les associations de circonscription et les partis inscrits.

Aux termes du paragraphe 11(2), l'inscription d'une association de circonscription exige le parrainage du parti inscrit, mais le parti ne peut toutefois présenter une demande de radiation sans que l'association de circonscription en fasse aussi la demande.

Le parrainage par le parti inscrit établit un niveau de parrainage propriétaire ou de responsabilité; en fait, l'association de circonscription ne peut pas exister sans le parti inscrit.

**Mentions des partis inscrits.** Le paragraphe 26(3) contient le terme « parti politique ». Dans tout le reste de la Loi, il est manifeste que la mention de « parti » fait référence à un parti politique inscrit aux termes de la *Loi sur le financement des élections*. Il serait possible d'éviter une erreur d'interprétation dans cet article de la Loi qui régit les contributions de groupes en remplaçant le terme « parti politique » par celui de « parti inscrit », lequel correspond à un parti politique inscrit au sens de la *Loi sur le financement des élections*.

J'ai informé le Président que je n'avais aucune modification à recommander relativement aux différents plafonds et honoraires aux termes du paragraphe 2(5) de la *Loi sur le financement des élections*. En revanche, après les élections générales de 2003, je me suis penché sur un certain nombre d'améliorations qui pourraient être apportées à l'administration de la Loi. Dans le présent rapport, je limite mes observations aux points qui pourraient se prêter à des améliorations d'« ordre administratif » si l'occasion d'apporter des modifications législatives se présente.

## CANDIDATS

Le statut de « candidat » est essentiel à la conduite et à l'administration des élections. D'après la définition contenue dans la *Loi sur le financement des élections*, un candidat peut être une personne choisie par une association de circonscription d'un parti inscrit, une personne qui a déposé une déclaration de candidature conformément à la *Loi électorale* ou une personne qui déclare se porter candidat indépendant.

Du côté de la *Loi électorale*, un candidat est une personne qui est élue à l'Assemblée législative, une personne qui est nommée pour se porter candidate ou qui se porte elle-même ou que d'autres portent candidate après la date d'émission du décret.

Quelle que soit la voie suivie pour obtenir le statut de candidat, chaque candidat doit déposer une demande d'inscription avant le jour du scrutin. De même, pour que son nom soit inscrit sur le bulletin de vote, le candidat doit déposer sa déclaration de candidature avant 14 h le jour de la déclaration de candidature, 14 jours avant le jour du scrutin.

Le défaut de s'inscrire comme candidat aux termes de la *Loi sur le financement des élections* interdit à un candidat d'accepter des contributions ou d'engager des dépenses. Le défaut de déposer sa déclaration de candidature aux termes de la *Loi électorale* fait en sorte qu'un candidat ne peut pas voir son nom inscrit sur le bulletin de vote.

En raison des mentions parallèles incohérentes dans les deux lois, les obligations et les avantages qui découlent du statut de candidat ne sont pas suffisamment clairs, ce qui risque de compromettre l'intégrité du processus électoral. Je suggère des modifications dans deux domaines.

**Dispositions reliant l'inscription et la déclaration de candidature des candidats.** Le directeur du scrutin devrait avoir le droit de rejeter les déclarations de candidature qui ont été soumises sans avoir la confirmation de l'inscription aux termes de la *Loi sur le financement des élections*. Cette mesure repousserait la limite pour s'inscrire de façon qu'elle coïncide avec le dépôt des déclarations de candidature sans pour autant empêcher les candidats de s'inscrire et de recueillir des fonds à compter du début de la période de campagne électorale.

Le fait de raccourcir la période d'inscription et de relier l'inscription au dépôt de la déclaration de candidature éliminera la possibilité que les noms de candidats non inscrits aux termes de la *Loi sur le financement des élections* figurent sur le bulletin de vote. Cette disposition deviendra très importante si l'affiliation politique des candidats est indiquée sur le bulletin de vote, conformément à ce qui est proposé dans mon rapport sur les 38<sup>es</sup> élections générales de la province, *Accès, intégrité et participation : vers des processus électoraux souples pour l'Ontario* (disponible en ligne à [www.electionsonario.on.ca](http://www.electionsonario.on.ca)).

**Clarification des dispositions législatives s'appliquant aux dépenses.** Nous recommandons de modifier la *Loi sur le financement des élections* pour préciser que seuls les candidats, les partis politiques, les associations de circonscription et les candidats à la direction d'un parti inscrits sont autorisés à accepter des contributions et à engager des dépenses. Le statut de candidat inscrit autorise une personne

participation des représentants dévoués des partis et des candidats, au niveau central et dans les circonscriptions électorales. Nous ferons toutefois un emploi plus rigoureux des possibilités d'application et des pénalités prévues dans la Loi tout en poursuivant nos efforts pour aider nos intervenants, dont la plupart sont des bénévoles, à s'acquitter de leurs obligations en matière de conformité.

## COMMUNICATIONS ELECTORALES

Alors que l'environnement opérationnel actuel de la division du financement des élections repose presque entièrement sur le dépôt de documents en papier, les préparatifs de la campagne électorale de 2003 ont fourni de nouvelles occasions d'offrir un soutien technologique aux clients et au public.

Nous avons fourni pour la première fois des numéros de téléphone sans frais pour communiquer avec les partis et les candidats. De plus, nous avons prévu pour les médias l'accès direct à un porte-parole chargé de répondre aux demandes de renseignements sur le financement des élections.

Ces « lignes spéciales » se voulaient un complément aux sections spéciales du site Web d'Élections Ontario qui donnaient directement accès à des renseignements intéressant les partis, les candidats et les directeurs des finances. Les calendriers électoraux, les formulaires, les guides sur les lois et les directives sur les procédures étaient tous accessibles en ligne en 2003.

Si la recherche réalisée après les élections indiquait que les clients qui ont utilisé ces sources d'information étaient en général satisfaits, elle a aussi révélé que beaucoup n'étaient pas au courant de tous les services qui étaient disponibles. Nous en avons pris bonne note et nous inspirerons de nos expériences de 2003 pour orienter les discussions sur les améliorations à apporter pour renforcer l'efficacité et la portée de nos modes de communication et d'information et l'emploi de la technologie dans le futur.

## FORMATION

Le programme des ateliers de formation et des séances d'information à l'intention des directeurs des finances qui avait débuté vers la fin de 2002 s'est poursuivi en 2003, alors que 330 directeurs des finances ont assisté à des séances spéciales, y compris des programmes facilités par l'Association des comptables généraux accrédités d'Ontario, le Parti libéral de l'Ontario, le Nouveau parti démocratique de l'Ontario et le Parti vert de l'Ontario.

## REDÉCOUPAGE DES CIRCONSCRIPTIONS ELECTORALES

En vertu de la Loi de 1996 sur la représentation électorale, les limites des circonscriptions électorales de l'Ontario sont révisées et redessinées tous les dix ans conformément au processus de révision des limites des circonscriptions électorales fédérales. En 2003, le processus fédéral a pris fin et s'est traduit par l'adoption de nouvelles limites fédérales. Par conséquent, de nouvelles limites seront établies pour l'Ontario au moment de la dissolution de l'Assemblée législative pour la tenue des prochaines élections générales.

Ce processus a des répercussions quant à la dissolution des associations de circonscription reflétant les « anciennes » limites des circonscriptions électorales et au transfert de leurs actifs aux « nouvelles » associations reflétant les nouvelles limites qui seront adoptées aux prochaines élections générales.

En 2003, le personnel de la division du financement des élections a discuté avec des représentants des partis inscrits dans le but d'élaborer des projets de modifications législatives qui éviteraient d'interrompre inutilement les activités des associations de circonscription et garantiraient le maintien de l'intégrité de leur cadre de responsabilisation et de déclaration. Remarque : La loi connexe (projet de loi 114 – L.O. 2004, c. 14) a reçu la sanction royale le 24 juin 2004.

Une équipe permanente composée de huit employés remplit les obligations de la division du financement des élections au sein d'Élections Ontario. La charge de travail occasionnée par le déroulement de la campagne électorale a nécessité l'embauche du personnel temporaire pour s'occuper de la saisie des données. Par ailleurs, nous avons éprouvé quelques problèmes à recruter du personnel temporaire ayant les compétences voulues en ce qui concerne la révision et la compréhension de la grande quantité de documents financiers associés à la période de la campagne électorale.

## PROGRAMME D'APPROCHE

Même si la préparation et le soutien pour les élections générales ont été au centre des activités de la division pendant presque toute l'année 2003, Elections Ontario a pu être représentée aux séances sur le financement des élections offertes dans le cadre d'un atelier organisé par Elections Alberta, à Edmonton, pendant deux jours en février 2003. Par contre, les préparatifs électoraux ont empêché Elections Ontario de participer à la conférence internationale 2003 sur l'éthique au gouvernement (COGEL) tenue à Austin, au Texas. Elections Ontario demeure cependant un membre actif de cette association internationale.

Dans la province, le comité consultatif des partis politiques inscrits a continué de constituer pour ses membres un forum pour échanger des renseignements et tenir des discussions sur différents sujets reliés aux élections avec Elections Ontario, notamment sur le financement des élections. Alors que les réunions tenues en 2002 avaient été une occasion de discuter d'échange d'information et de programmes de formation, les réunions de 2003 ont porté principalement sur les élections générales qui auraient lieu sous peu.

## QUESTIONS DE GESTION

Quant aux activités de 2003, la division du financement des élections a traité plus de 1 400 documents déposés à titre de rapports annuels, rapports de campagne électorale et rapports de campagne de désignation du chef d'un parti. En tout, ces rapports représentaient plus de 18 500 pages.

L'examen des rapports déposés en 2003 a clairement révélé que nous continuons de faire face aux mêmes problèmes qu'auparavant et que le respect des exigences de dépôt réglementaires demeure le plus important. À titre d'exemple, moins de 70 % des rapports exigés pendant la période de campagne électorale avaient été reçus avant la date limite du 2 avril 2004.

Le retard dans le dépôt des rapports ou d'autres renseignements importants auprès de la division du financement des élections a des répercussions directes sur la publication de renseignements en temps opportun et peut compromettre les principes fondamentaux d'ouverture et de transparence. Les solutions possibles pour remédier aux problèmes de conformité vont de l'amélioration de la formation, de l'information et du soutien opérationnel offerts aux déclarants jusqu'à l'amélioration des processus telles que le dépôt électronique des documents en passant par le renforcement des règles d'application et l'imposition de pénalités plus importantes. L'amélioration de la conformité reposera sur une combinaison des outils disponibles et sur le maintien de rapports de travail étroits entre Elections Ontario et les participants au processus.

La division du financement des élections d'Élections Ontario continue de concentrer ses efforts sur l'atteinte de justes équilibres. Il s'agit, en partie, d'équilibrer l'intégrité du processus et d'obtenir l'information exacte et pertinente pour les participants, les médias et les électeurs, ainsi que la

Le tableau suivant indique la source des contributions faites aux partis, aux associations de circonscription et aux candidats dans le cadre de la campagne électorale de 2003, ainsi que la contribution totale et moyenne pour chaque source.

## SUBVENTIONS

Par ailleurs, la Loi prévoit le versement de subventions aux vérificateurs pour couvrir le coût des services qu'ils fournissent en vertu de celle-ci, ainsi qu'aux partis politiques et aux candidats qui obtiennent au moins 15 % des suffrages exprimés, à l'égard d'une partie de leurs dépenses liées à la campagne électorale.

## DÉPÔT DES RAPPORTS FINANCIERS

Tout comme pour les élections générales précédentes, les directeurs des finances de chaque parti politique, association de circonscription et candidat inscrits doivent déposer un état financier auprès de mon Bureau. Le 2 avril 2004, date limite de dépôt, 673 rapports avaient été reçus, soit 69,7 % du nombre total de rapports devant être déposés. À la date de publication du présent rapport, 6 candidats inscrits aux élections générales de 2003 font face à une interdiction de se porter candidats jusqu'à la prochaine élection générale y compris, aux termes du paragraphe 43 (1) de la *Loi sur le financement des élections* pour n'avoir pas déposé les rapports exigés. En outre, deux associations de circonscription ont été radisées en application du paragraphe 12 (2) de la *Loi sur le financement des élections* pour ne pas avoir déposé de rapport pour la période de campagne électorale.

Tous les renseignements financiers contenus dans le présent rapport et les annexes qui l'accompagnent correspondent aux renseignements déposés auprès de mon Bureau et révisés jusqu'au moment de la publication. Étant donné que nous n'avons pas terminé l'examen de tous les rapports, il est possible que certains renseignements contenus dans le présent rapport soient révisés. Les références sous la rubrique Financement des élections du site Web d'Élections Ontario, [www.electionsonario.on.ca](http://www.electionsonario.on.ca), seront mises à jour pour tenir compte des dernières données disponibles.

## PLAFONDS DE DÉPENSES

La *Loi sur le financement des élections* impose des plafonds aux dépenses liées à la campagne électorale qu'engagent les partis politiques et les candidats et leurs associations de circonscription. Ces plafonds sont établis d'après une formule énoncée dans la Loi; la formule comprend un montant de base, un facteur d'indexation correspondant au taux de variation de l'indice des prix à la consommation pour le Canada et le nombre d'électeurs. Le facteur d'indexation est entré en vigueur le 1<sup>er</sup> janvier 2004 et il ne s'appliquait pas aux élections générales de 2003.

# LES 38<sup>ES</sup> ÉLECTIONS GÉNÉRALES DE LA PROVINCE LE 2 OCTOBRE 2003

Les décrets de convocation des électeurs aux 38<sup>es</sup> élections générales de la province ont été émis le 2 septembre 2003. Le jour du scrutin, 522 candidats s'étaient inscrits en vertu de l'article 13 de la Loi sur le financement des élections, soit 46 de moins qu'aux élections générales précédentes tenues en 1999.

## RADIATION DES PARTIS

En 2003, deux partis politiques inscrits ont soumis volontairement une demande de radiation à mon Bureau aux termes de l'alinéa 12(1) a) de la *Loi sur le financement des élections* :

- Le Parti de la loi naturelle, inscrit le 24 mai 1995, a été radié le 21 juillet 2003 ;
- Le Parti réformiste de l'Ontario, inscrit le 22 janvier 1997, a été radié le 15 septembre 2003.

## RAPPORTS ANNUELS 2002

Le traitement de plus de 400 rapports annuels soumis par les partis inscrits et leurs associations de circonscription est l'activité qui a principalement retenu l'attention de la division du financement des élections au sein de mon Bureau. En 2003, le personnel a consacré beaucoup de temps à cette activité après le 31 mai, date limite du dépôt des rapports. Tout en étant généralement satisfaisant, le respect des exigences et des délais de dépôt des rapports fait en sorte que mon Bureau continue d'avoir de nombreuses occasions de passer en revue les processus et les procédures et d'offrir du soutien et des lignes directrices à l'importante communauté de bénévoles qui a la responsabilité de produire les rapports.

## CAMPAGNE DE DÉSIGNATION DU CHEF DU PARTI PROGRESSISTE-CONSERVATEUR DE 2002

À la suite du dépôt des premiers rapports en 2002, la date limite du dépôt des seconds rapports relatifs à la campagne menée pour désigner le chef du Parti progressiste-conservateur le 23 mars 2002 était le 24 novembre 2003. Ce rapport s'appliquait à la période du 24 mai 2002 au 23 mai 2003. Les cinq candidats ont produit leurs rapports à temps et ceux-ci étaient conformes à la *Loi sur le financement des élections*.

## ELECTIONS PARTIELLES

Même s'il n'y a eu aucune élection partielle en 2003, la démission du député provincial de la circonscription électorale de Mississauga-Ouest suivie de l'émission du mandat décerné par le président de l'Assemblée législative le 18 mars 2003 faisait en sorte que mon Bureau devait être prêt à gérer la tenue possible d'un scrutin dans cette circonscription au cours du printemps et de l'été 2003. Le déclenchement des élections générales le 2 septembre 2003 a toutefois éliminé le besoin de tenir cette élection partielle.

Les principales responsabilités qui incombent au directeur général des élections en vertu de la *Loi sur le financement des élections* se répartissent en cinq grands domaines :

- L'inscription des partis politiques, des associations de circonscription, des candidats à la direction d'un parti inscrit et des candidats aux élections générales et partielles de l'Ontario ;
- La supervision des plafonds imposés aux dépenses liées à la campagne électorale et aux contributions politiques ;
- Le remboursement des dépenses liées à la campagne électorale au moyen de subventions ;
- La délivrance des récépissés aux fins de l'impôt à l'égard des contributions faites aux partis, aux associations de circonscription et aux candidats ;
- La publication des renseignements et des documents déposés en vertu de la Loi.

Par ailleurs, pendant une campagne électorale, la *Loi de 1999 sur la protection des contribuables* exige que le directeur général des élections examine les déclarations susceptibles d'être soumises par un parti politique relativement à son intention d'augmenter le taux d'imposition prévu par une loi fiscale désignée, de créer de nouveaux impôts ou d'attribuer de nouveaux pouvoirs d'imposition s'il forme le gouvernement après les élections. Le directeur général des élections doit déterminer si la déclaration est claire, concise et non ambiguë et, lorsqu'il est d'avis que la déclaration satisfait aux exigences de la Loi, à cet égard, rendre sa décision publique.

En 2000, l'adoption de la *Loi sur la démocratie directe par voie de référendum municipal* a imposé un nouveau mandat au directeur général des élections par le truchement de modifications de la *Loi de 1996 sur les élections municipales*. Celui-ci doit en effet examiner les appels relatifs aux questions que les municipalités proposent de soumettre aux électeurs municipaux, qui sont interdites pour le motif que les questions ne sont pas claires, concises et neutres ou qu'il est impossible d'y répondre par l'affirmative ou la négative, et rendre une décision à cet égard.

Au cours de l'année visée par le présent rapport, mon Bureau a rempli ses obligations dans les délais prévus et en respectant son budget.

The Honourable Michael A. Brown  
Speaker of the Legislative Assembly  
Room 180, Legislative Building  
Queen's Park  
Toronto ON  
M7A 1A2

Dear Mr. Speaker:

It is my pleasure to submit the Annual Report covering the affairs of my Office under the *Election Finances Act* and the *Taxpayer Protection Act, 1999* during the year 2004, as required by subsection 2(4) of the *Election Finances Act*.

In this Report, I have addressed annual activity related to political party registration, filings by the registered political parties and constituency associations, the first returns for the Progressive Conservative Party's 2004 leadership contest, as well as the returns specific to the by-election in the Electoral District of Hamilton East held on May 13, 2004. There was no activity under the *Taxpayer Protection Act, 1999*, in 2004.

Despite the absence of any requirement to do so, I have taken advantage of the delivery of this Report to provide you and the Members of the Assembly with an update on my activities under the *Election Act* over the period since the last general election.

Yours sincerely,

A handwritten signature in dark ink, appearing to read 'John L. Hollins'.

# ACTIVITIES UNDER THE *ELECTION ACT*

In the Report I published following the 2003 general election, I suggested that the accountability of my Office and the transparency of the electoral process would benefit from the creation of a formal reporting structure.

*“Public trust in democratic institutions is invaluable. The role of the Chief Election Officer is unique in protecting the fundamental rights of citizens. For this public trust to work, there must be a clear and open accountability structure that assures citizens and political interest groups that his actions are clearly in support of the principles of fairness, secrecy, transparency and accessibility.*

*While reporting to the Assembly on Election Act administration when he chooses may be to the advantage of the Chief Election Officer, the public is not well served.*

*Mandatory annual reporting and the opportunity to give the Advisory Committee of Registered Political Parties some status as a provider of political counsel to the CEO will provide a necessary balance of his ability to act and his protection of the public trust.”*

**ACCESS, INTEGRITY AND PARTICIPATION: Towards Responsive Electoral Processes for Ontario, page 48**  
**Tabled in the Legislative Assembly of Ontario, September 2, 2004**

At present, there is no statutory framework for me to report on my activity under the *Election Act*. Consequently, I have used the opportunity presented by the publication and tabling of the annual *Election Finances Act* Report, to provide an update to the Speaker and the Members of the Assembly.

## BY-ELECTIONS

In the period following the 38<sup>th</sup> Provincial General Election on October 2, 2003, my Office administered two by-elections; in Hamilton East on May 13, 2004, following the death of Mr. Dominic Agostino, and in Dufferin-Peel-Wellington-Grey on March 17, 2005, following the resignation of Mr. Ernie Eves. The financial returns for the Hamilton East by-election can be found in Appendices I and J of this Report.

## INNOVATION AND TESTING IN BY-ELECTIONS

As in the by-elections that preceded the 2003 general election, Elections Ontario took advantage of the opportunity to refine processes and procedures deployed in the field as well as to evaluate new approaches to basic responsibilities such as elector register updates and address quality improvement.

Through a Tripartite agreement with Elections Canada and the Municipal Property Assessment Corporation (MPAC), the agency responsible for municipal lists of electors, Elections Ontario has

---

been able to share elector register data and use information provided by its partners to assist in improving the quality of the data in the Permanent Register of Electors for Ontario (PREO).

In early 2004, shared address data was matched with the PREO for the Dufferin-Peel-Wellington-Grey electoral district. This project showed that approximately 90% of addresses in that electoral district could be directly matched between the databases, with basic corrections to address spelling and street numbering.

Beyond the immediate improvement in quality, the success of the matching project helped to validate Elections Ontario's decisions to proceed with the development of the Ontario Address Register, making use of data updates from MPAC.

The by-election in Dufferin-Peel-Wellington-Grey provided an opportunity to evaluate different approaches to revising elector register information. Through the Elections Ontario call centre, a telephone-based list revision "call-out" process was initiated. This approach was then compared with a traditional door-to-door method, using revising agents who enumerated in target areas.

The telephone approach delivered a 32% participation rate and the traditional door-to-door method returned a 45% participation rate. These results were evaluated against their relative costs (call centre activity being less costly per response) and other factors (such as poor weather affecting field activity). These results are being evaluated to determine the contribution of each approach to improved and cost-effective register maintenance in future.

As a result of the improved processes, participation in the revisions in Dufferin-Peel-Wellington-Grey reached 3.68% of the total number of electors in comparison with the 1.27% achieved 10 months earlier in Hamilton East.

Also in the Dufferin-Peel-Wellington-Grey by-election, Elections Ontario was able to explore automated recording technology for electors voting at advance polls. The test was conducted in parallel with the traditional manual elector strike-off process that records advance poll electors and provides candidates with revised lists of electors. The initial results are very positive, reducing the time required to record voter information, improving accuracy of the records, and providing more timely information for candidates, while preserving complete separation from the actual voting activity. This process also facilitated expanded access to advance polls.

Area advance polls in Dufferin-Peel-Wellington-Grey were increased from four to nine and the percentage of voters taking advantage of the advance polls almost doubled from 7.47% (2,452 voters) in the 2002 by-election to 14.17% (3,937 voters) in 2005.

A satellite returning office was also set up in Dufferin-Peel-Wellington-Grey. This office provided improved elector access for 309 advance poll electors.

Beyond technical innovations, the by-elections provided opportunities to enhance the administration of elections. Deputy Returning Officers and Poll Clerks in Dufferin-Peel-Wellington-Grey used new reference sheets that summarized and simplified directions for some of the more common procedures.

In both by-elections, we developed and provided a new Braille guide reflecting the content of the official Notice to Voters and containing the information printed on the ballot, to assist blind and visually impaired electors to make use of the traditional notched ballot template.

## TECHNICAL DEVELOPMENTS

While the 2003 election was delivered using a significant array of technological products and processes, the long-term development of the PREO continues to be a primary responsibility and focus for my Office.

Successful electoral events depend on high quality and accurate elector information. This means much more than just correctly identifying the name of the elector, it also means having a very accurate and complete inventory of address and geographic information to ensure that electors can be located and directed to the correct, closest and most convenient polling place for their address. This information also means that accurate maps are available to parties and candidates as well as election workers and the public.

Over the period from early 2004, Elections Ontario has begun the development and construction of the Ontario Address Register. The Register will provide a significant tool for electoral management and administration and will enable accurate data to be shared between provincial, federal and municipal electoral agencies in Ontario, resulting in greater efficiency and lower costs to electors.

Through the summer of 2005, Elections Ontario took advantage of a work placement program for University of Waterloo co-op students. The program reviewed and validated Elections Ontario's address data in preparation for the Register creation that will take place over the next several months and provided the students with necessary work experience making use of their technical skills.

The broader technical environment for Elections Ontario was subjected to intense scrutiny immediately after the 2003 general election. The lessons we learned showed that there were significant opportunities to improve the efficiency and accuracy of electoral information and processes by linking systems, ensuring a single authoritative source for critical information and building better monitoring and measurement tools.

Beginning with a corporate review of the Strategic Plan 2002 -2006, each division of Elections Ontario has undertaken a thorough analysis of its event readiness, event preparation and event delivery plans and its day-to-day business delivery obligations.

A primary result of these reviews was a reconfirmation of the validity of the Strategic Plan and the development of an Operational Plan with detailed deliverables and milestones that will take us forward to the next general election.

From this process, we have established a technology strategy that will position Elections Ontario to support events over the next two electoral cycles and will position us to support technical changes that may arise from future initiatives related to electoral reforms and democratic renewal.

As a result of the close cooperation between members of the federal-municipal-provincial Tripartite Group we have been able to begin the development of business rules that will enable electoral data sharing to become a routine and predictable process.

In a related environment, the chief electoral officers for all jurisdictions across Canada have signed a Technology Accord aimed at developing more opportunities for sharing the value of best practices and technological approaches to our business processes.

---

## ADMINISTRATIVE DEVELOPMENTS

Early results of the business review process have seen the development and implementation of a detailed planning and executive committee management structure. During the high pressure environment of the period preceding the 2003 general election, several necessary administrative functions received limited attention in the drive to be ready for the election call, whenever it came. We recognized the risks that this presented to Elections Ontario and have assigned a high priority to identifying problems and correcting them.

Since the election, through 2004 and into 2005, we have been able to address our attention to these areas, most significant among which was the completion of key administrative policies and procedures that had been left as drafts in early 2003. As a result, several new policies have been put in place. Examples include policies and procedures for procurement, travel and hospitality.

In other areas, Elections Ontario has embarked on the implementation of a complete records management system for its paper and electronic records. An additional summer student project was undertaken in 2005, in which the paper records were reviewed and classified. As a result of this activity, key records have been identified for transfer that will enhance the collections of the Archives of Ontario.

In mid-2004, Elections Ontario senior management determined that there would be significant value for the organization and increased integrity for the electoral process, if a formal quality management program was implemented. Following research and evaluation of competing approaches, Elections Ontario has embarked on a plan to achieve ISO registration following the next general election. One significant benefit of this activity in the short term will be a close scrutiny of the records keeping, policy and procedural practices of the Office, ensuring the integrity of the administrative framework and the resulting improvement in the quality of electoral processes.

## FINANCIAL FACTS

Elections Ontario's total expenditures for 2004/05 were as follows:

Expense Category	\$
Salaries and wages	3,689,451
Employee benefits	672,257
Transportation and communication	653,397
Services	6,358,414
Supplies and equipment	834,265
Other transactions: Election Expense Subsidies under the <i>Election Finances Act</i>	4,197,293
Less: Recoveries	(72,122)
Total Operating Expenses (as reported in the Public Accounts, 2004 - 2005)	\$16,332,955

One of the more significant undertakings that we hope to be able to accomplish over the next 12 months is the development of a framework for presenting the costs of electoral activity in

---

reasonable detail and within a consistent and clear framework. We are looking at the approaches taken by our sister organizations across Canada to develop the best format for the Members of the Assembly, for Ontario's electors and for Elections Ontario.

Once the format is determined, and before the next general election, we intend to publish estimates of the costs for the event in a format that clearly reflects our business activities and event delivery model.

I will continue to provide Members of the Assembly with reports on the affairs of my Office under the *Election Act* as opportunities present themselves.

# 2004 ANNUAL REPORT UNDER THE *ELECTION FINANCES ACT*

---

The primary responsibilities of the Chief Election Officer under the *Election Finances Act* fit broadly into five areas:

- The registration of Ontario's political parties, constituency (or riding) associations, contestants for the leadership of a registered political party and the candidates in general elections and by-elections;
- Supervising the limits on campaign expenses and political contributions;
- Providing subsidies for campaign expenses;
- Issuing tax credit receipt forms for contributions to parties, constituency associations and candidates; and
- Publishing information and materials filed under the Act.

This section of the Report covers the registration activities under the *Election Finances Act* in 2004 and also includes the financial returns submitted by registered political parties and constituency associations for the calendar years 2003 and 2004 (the filing deadline is May 31 of the following year). The timing of this Report allows Elections Ontario to include financial returns covering two calendar years.

In addition, this Report includes the financial returns submitted by registered political parties, constituency associations and candidates for the May 13, 2004 by-election held in the Electoral District of Hamilton East (the filing deadline was November 15, 2004). Finally, it includes the financial returns submitted for the Progressive Conservative Party of Ontario Leadership Contest held on September 18, 2004 (the filing deadline was March 18, 2005).

All financial reports filed with Elections Ontario are reviewed to ensure compliance with the provisions of the *Election Finances Act*. All relevant errors and omissions are discussed with the Chief Financial Officer, with any subsequent revisions included as part of an amended return.

The financial information in this Report and the accompanying Appendices reflect the information as filed with the Chief Election Officer and as subsequently revised to the date of publication. Our review of some filings continues and, as a result, some of the information in this Report may be revised after this publication. Election Finances references within the Elections Ontario Web site will be adjusted to reflect more up-to-date information as it becomes available.

## MANAGEMENT ISSUES

During 2004, the Election Finances division continued to manage the workload related to reviewing more than 900 campaign returns associated with the 2003 general election. The contents of these returns were reported as part of the 2003 Annual Report released in April 2005. In order to facilitate this seasonal work load, Elections Ontario engages temporary staff to provide support to ensure returns are processed and reviewed in a timely manner.

---

Elections Ontario continues to put significant effort into achieving the appropriate balance necessary to administer the *Election Finances Act*. In our Annual Report for 2003 we made a commitment to more rigorously pursue the enforcement options and penalties available under the Act and balance these with our continued efforts to support and assist our stakeholders, most of whom are volunteers, with their compliance obligations.

In support of the 2004 filings, it is worth noting that Elections Ontario introduced a new initiative in the first half of 2005 to post the 2004 annual returns filed with this office on an 'as submitted' basis. Historically we have published summary financial statements, along with the list of those making political contributions in excess of \$100, to Elections Ontario's Web site on a delayed basis only after the returns have been reviewed and approved. In the spirit of improved transparency, for the first time, we posted the 2004 annual returns to the Web site on an 'as submitted' basis shortly after the returns were filed.

Elections Ontario remains committed to modernizing its election finances processes in administering filing requirements. Our ultimate goal is to introduce the electronic transmission of financial information in a prescribed format. Among other benefits, the introduction of an electronic filing system could facilitate timelier and more accurate financial reporting.

### **Outreach Activities**

Although the primary focus of the Election Finances division was on reviewing the large number of campaign and annual financial returns, representatives from Elections Ontario participated in the 2004 Conference of the Council on Governmental Ethics Law (COGEL) which was held in the United States.

The Election Finances division continues to work with political parties in an effort to ensure chief financial officers (CFO's) have the necessary support to remain compliant with the requirements of the *Election Finances Act*. In this regard, Elections Ontario staff participated in two separate training sessions (75 participants), one facilitated by the Ontario Liberal Party and the other by the Green Party of Ontario, on filing processes and requirements. In addition to these formal sessions, Elections Ontario staff were in regular contact with representatives of political parties, constituency associations and candidates, answering specific election finances related questions.

The regular meetings of the Advisory Committee of Registered Political Parties continue to provide an excellent opportunity to discuss election finance issues. During 2004, issues discussed included redistribution to new electoral boundaries, the impact of pending legislation and other compliance-related issues.

### **Indexation Factor**

The *Election Finances Act* requires the Chief Election Officer to calculate and publish an indexation factor every five years based on the Consumer Price Index. This factor is used to calculate contribution limits and audit subsidies, as well as campaign expense limits and subsidies. The indexation factor of 1.12 came into effect on January 1, 2004 and remains effective for the calendar years 2004 to 2008. This factor was calculated based on the 60 month period ending October 31, 2003.

---

## Legislation

The Annual Report under the *Election Finances Act* for 2003 provided specific recommendations for legislative change and identified other areas for consideration. The issues raised in that Report are still relevant.

Bill 114 received Royal Assent on June 24, 2004. This bill amended section 44.1 of the *Election Finances Act*, and modified the process of the dissolution of “old” constituency associations and the registration of “new” ones after a boundary readjustment. As a result of this legislation, all constituency associations will automatically be dissolved on December 31, 2006 or at the dissolution of the Legislature, whichever comes first.

Under the *Representation Act, 1996*, the boundaries of Ontario’s electoral districts are amended, based on the most recent federal Representation Order. The Representation Order under the *Federal Electoral Boundaries Readjustment Act* was proclaimed on August 23, 2003, with the new electoral boundaries used in the 2004 federal election. Under the provincial *Representation Act, 1996*, Ontario would adopt these same boundaries.

At the time of this report, Bill 214 was amended by the Standing Committee on the Legislative Assembly and reported to the Legislature on October 13, 2005. This Bill replaced the previously introduced Bill 176, and includes the *Representation Act, 2005*. It proposes that beginning with the next provincial election, Ontario will be divided into 107 electoral districts rather than the current 106 federal districts. The new provincial boundaries will include 11 northern electoral districts that are identical (except for a minor boundary adjustment) to the ones that existed on October 2, 2003, and 96 southern electoral districts that are identical to the federal boundaries that existed on September 1, 2004. If passed, the new boundaries will come into effect for the next provincial general election following Royal Assent to the legislation.

## REGISTRATION ACTIVITIES

### Party Name Reservation

Appendix B provides a summary of all requests for the reservation of names for new political parties submitted to the Chief Election Officer in 2004. There were a total of four requests to reserve party names made during 2004, of which the Chief Election Officer approved three and rejected the remaining request as the name in question had already been reserved.

Once a name has been reserved, the party has a period of one year to meet the qualifications defined in the Act to be registered as a political party. This includes either nominating candidates in at least 50 per cent of electoral districts following the issuance of the writ in a general election or, alternatively, providing the Chief Election Officer with the names, addresses and signatures of 10,000 eligible electors who endorse the registration of that political party.

### Party Registration

No new political parties were registered and no provincial political parties were deregistered under the *Election Finances Act* during 2004.

---

## Association Registration

Appendix D provides a breakdown of the constituency associations, by registered political party, at the beginning and the end of 2004.

In summary, there were a total of eight new associations registered and seven associations deregistered in 2004. Of those deregistered, three were as a result of not filing the required audited financial statements, two were at the request of the party, while the remaining two were deregistered on a voluntary basis.

## FINANCIAL RETURNS

### Annual Returns

Appendices E and F provide a summary of the financial statements submitted by all registered political parties and their respective constituency associations for 2003, while G and H correspond to those submitted for 2004. A detailed presentation of all returns submitted by individual constituency associations is available in the Election Finances section of the Elections Ontario Web site [www.electionsontario.on.ca](http://www.electionsontario.on.ca).

In total, political parties and their associations raised \$17.8 million in net contributions in 2003 and \$12.5 million in 2004. In 2003, \$10.9 million (61%) was raised by the central parties, with the remaining \$6.9 million (39%) by constituency associations. In 2004, roughly \$9.1 million (73%) was raised by the central parties, with the remaining \$3.4 million (27%) being contributed to constituency associations.

Collectively, political parties (including their associations) raised 55 percent of all contributions from individuals, 40 percent from corporations and 5 percent from trade unions in 2003. In 2004, 59 percent of contributions came from individuals, 37 percent from corporations and 4 percent from trade unions. The following table summarizes the source of political contributions for each of the registered political parties, including their respective associations, as reported in the 2003 and 2004 annual financial returns.

In 2003, central parties collectively reported net annual deficits totalling \$11.3 million, while their associations reported net deficits of \$0.2 million. In 2004 central parties collectively reported a net surplus of \$3.6 million and their associations reported a net surplus of \$2.2 million.

The cumulative deficit of all parties and their associations as at December 31, 2003 amounted to \$15.9 million, declining to a deficit of \$8.1 million at the end of 2004. The central parties collectively had deficits of \$13.1 million at the end of 2004, while the associations had cumulative surpluses of \$5.0 million.

Audit subsidies for political party and constituency association annual returns totalled approximately \$200,000 for 2003 and \$250,000 for 2004.

## COMPLIANCE ISSUES

For both the 2003 and 2004 reporting periods, approximately 80 percent of all constituency association returns had been filed by the deadline of May 31. In addition, one party return was filed after the deadline in each of the reporting years.

The following table provides the breakdown by party of the percentage of constituency associations which filed their financial returns by the deadlines as defined in the *Election Finances Act* between 2000 and 2004. Late filings continue to be a challenge for Elections Ontario, with 18 to 20 percent of all associations filing their annual financial statements (AR-1) after the May 31 deadline in each of the past five years. The percentage of late filers for the 2003 General Election was higher at 24 percent for candidates (CR-1) and 38 percent for associations (CR-3) filing the required campaign returns.

As discussed in previous Reports, our office continues its efforts to review processes and procedures, as well as offering support and guidance to the large volunteer community that carries out the reporting obligations, in an attempt to ensure that the filing requirements are met in a timely fashion.

## EVENT REPORTING

### Hamilton East By-Election

As mentioned previously, a by-election was held in the Electoral District of Hamilton East on May 13, 2004. Appendix I for the parties, and Appendix J for combined associations and candidates, provide a summary of the information submitted for this event.

As of the date of publication of this Report, one association and one candidate had not filed the required financial returns for the Hamilton-East by-election. As a result of not filing, the candidate faces a ban on candidacy through to the next general election under subsection 43 (1) of the

---

*Election Finances Act*, unless the filing requirement is met. The association was deregistered during 2004.

Campaign subsidies paid for the by-election totalled \$21,233 and party subsidies amounted to \$3,316. A total of \$10,080 was paid in audit subsidies.

### **Progressive Conservative Party Leadership Contest**

The Progressive Conservative Party of Ontario held a contest to choose a new leader for the party on September 18, 2004. Appendix K provides a summary of the information submitted for this activity. This is the first of two required financial filings and covers the period from June 13, 2004 to November 18, 2004.

Financial filings for the three leadership candidates were received by the March 18, 2005 filing deadline. In aggregate, the three candidates reported a total of \$2.6 million in income and deficits totalling \$481,712. The filing deadline for financial statements corresponding to the second reporting period (from November 19, 2004 to November 18, 2005) is May 18, 2006.

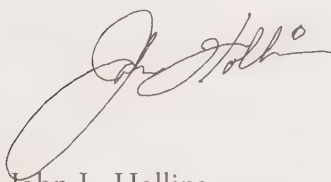

## APPENDIX A

### Responsibility for Financial Reporting

The accompanying balance sheet and statement of revenues and expenses under the *Election Finances Act* have been prepared in accordance with the accounting policies described in Note 2 of the financial statements, and are the responsibility of management. The financial statements have been properly prepared within reasonable limits of materiality and in light of information available up to October 18, 2004.

Management is responsible for the integrity of the financial statements and maintains a system of internal controls designed to provide reasonable assurance that the assets are safeguarded and that reliable financial information is available on a timely basis. The system includes formal policies and procedures and an organizational structure that provides for appropriate delegation of authority and segregation of responsibilities.

The financial statements have been audited by the Provincial Auditor. The Provincial Auditor's responsibility is to express an opinion on whether the financial statements are fairly presented in accordance with the accounting principles described in Note 2 to the financial statements. The Auditor's Report, which appears on the following page, outlines the scope of the Auditor's examination and opinion.

## Auditor's Report

### To the Chief Election Officer

I have audited the balance sheet of the Office of the Chief Election Officer - *Election Finances Act* as at March 31, 2004 and the statements of revenue and expenses and changes in net assets for the year then ended. These financial statements are the responsibility of the Chief Election Officer. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Office of the Chief Election Officer - *Election Finances Act* as at March 31, 2004 and the results of its operations and its net assets for the year then ended in accordance with Canadian generally accepted accounting principles.

# OFFICE OF THE CHIEF ELECTION OFFICER - *ELECTION FINANCES ACT*

Notes to Financial Statements  
March 31, 2004

## 1. BACKGROUND

The Chief Election Officer is responsible for administering the *Election Finances Act*. Under the Act, the Chief Election Officer registers and reviews filings from Ontario political parties, constituency associations, candidates and leadership contestants for purposes of monitoring compliance with contribution and expenditure limits established by the Act. The Chief Election Officer also pays subsidies to eligible recipients as provided for under the Act.

Expenses and asset acquisitions are paid by the Office of the Chief Election Officer on behalf of the Office and are reimbursed out of the Consolidated Revenue Fund to the maximum of the voted appropriation. Voted appropriation, which was approved on the modified cash basis of accounting, for the fiscal year ended March 31, 2004 was \$4,654,200 (2003 - \$1,308,100).

## 2. SIGNIFICANT ACCOUNTING POLICIES

### (a) Change in Basis of Accounting

Effective April 1, 2003, the Office of the Chief Election Officer – *Election Finances Act* (“The Office”) prepared its financial statements in accordance with Canadian generally accepted accounting principles. This requires accounting for revenues and expenses on the accrual basis and the capitalization of assets when acquired and the amortization of assets over their estimated useful lives.

Previously, the modified cash basis was used, whereby expenditures were accounted for on the cash basis modified to allow for an additional 30 days to pay for goods and services pertaining to the fiscal year just ended, and capital assets were expenses in the year of acquisition.

This change in the basis of accounting has been adopted on a retroactive basis resulting in the following changes to the March 31, 2003 financial statements.

		2003	
	As Previously Stated ( \$ )	Increase/ (decrease) ( \$ )	As Restated ( \$ )
Current assets	—	244,983	244,983

Current liabilities	—	244,983	244,983
Net assets	—	1,870	1,870

Net revenue	—	1,016,315	1,016,315
Administrative and operating expenses	780,445	4,152	784,597
Subsidies	338,975	(32,114)	306,861
(Deficiency)/excess of revenue over expenses	—	(1,212)	(1,212)

(b) Capital Assets

Capital assets are recorded at historical cost less accumulated amortization.

Amortization is calculated using the straight-line method over the estimated useful lives of the assets, with a half-year provision in the year of acquisition, as indicated below:

Computer hardware	3 years
Furniture, fixtures and equipment	3 years

(c) Consolidated Revenue Fund Accruals

Under the accrual basis of accounting, expenses are recognized in the fiscal year incurred. Revenue related to these expenses has been accrued to match against the expenses recognized in the fiscal year.

(d) Subsidies

Campaign expense subsidies and audit fee subsidies for campaign returns are recorded in the fiscal year in which the election was held. Leadership contestant audit fee subsidies are recorded in the fiscal year in which the event took place. Annual returns audit fee subsidies are recorded in the fiscal year to which the returns are related.

(e) Use of Estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires that management make estimates and assumptions that affect the reported amount of assets and liabilities as at the date of the financial statements and the reported amounts of revenues and expenses for the period. Actual amounts could differ from these estimates as additional information becomes available in the future.

(f) Anonymous and Excess Contributions

Under the Act, anonymous contributions received by a registered political party, constituency association, candidate or leadership contestant must be remitted to the Chief Election Officer. In addition, excess contributions over the maximum limits specified in the *Election Finances Act* must be remitted to the Chief Election Officer unless the recipient is able to refund the excess contribution to the contributor and recover the official receipt. Due to the unpredictable nature of such contributions, they are recognized when received.

### 3. CAPITAL ASSETS

Capital assets consists of the following:

	2004		2003
	Cost	Accumulated Amortization	Net Book Value
	(\$)	(\$)	(\$)
Computer hardware	2,373	2,373	—
Furniture, fixtures and equipment	2,106	1,053	1,053
	4,479	3,426	1,053
			1,870

### 4. SUBSIDIES

The *Election Finances Act* requires payment of various subsidies. The subsidy amounts noted below are effective from January 1, 2004 until December 31, 2008.

- Candidate campaign expenses to every registered candidate who receives at least 15% of the popular vote in an electoral district. The reimbursed amount is the lesser of 20% of the candidate's campaign expenses or 20% of the allowable maximum campaign expenditure limit of \$1.08 per eligible voter (96 cents prior to January 1, 2004) based on the number of voters in the candidate's electoral district. Candidates in designated northern electoral districts may receive an additional \$7,840 (\$7,000 prior to January 1, 2004).
- Campaign expenses to every registered party that receives at least 15% of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district.
- Audit fees for annual and campaign returns of each registered constituency association to a maximum of \$672 per return (\$600 prior to January 1, 2004).
- Audit fees for annual and campaign returns of each registered party to a maximum of \$1,344 per return (\$1,200 prior to January 1, 2004).
- Audit fees for campaign returns of each candidate to a maximum of \$1,120 per return (\$1,000 prior to January 1, 2004).
- Audit fees for campaign returns of each leadership contestant to a maximum of \$896 per return (\$800 prior to January 1, 2004).

### 5. PENSION PLAN

The Office provides pension benefits for its permanent employees (and to non-permanent employees who elect to participate) through participation in the Ontario Public Service Pension plan, which is a multi-employer plan established by the Province of Ontario. This plan is accounted for as a defined contribution plan as the Office has insufficient information to apply the defined benefit plan accounting to this pension plan. The Office's contribution to the plan during the year for its employees was \$24,987 (2003 - \$15,782) which is included in employee benefits.

Post-retirement non-pension benefits are paid by Management Board Secretariat and accordingly are not included in the financial statements.

#### 6. LEASE COMMITMENTS

The Office shares office space with the Office of the Chief Election Officer – *Election Act*. The leasing cost is calculated based on the square footage occupied by the respective offices. The office also leases office equipment for use. The total minimum lease payments for the Office are as follows:

Year Ended March 31,	\$

- Le Bureau partage des locaux avec le Bureau du directeur général des élections – *Loi électorale*. Les frais de location sont calculés d'après la superficie occupée par chaque bureau. Le Bureau loue également de l'équipement de bureau. Voici le loyer minimum établi pour les exercices à venir :

Ce régime est comptabilisé comme un régime à cotisations déterminées étant donné que le Bureau ne dispose pas de renseignements suffisants pour lui appliquer la comptabilité des régimes à prestations déterminées. La cotisation versée au régime par le Bureau au cours de l'année pour ses employés s'élevait à 24 987 \$ (2003 – 15 782 \$), montant qui est inclus dans les avantages sociaux.

b) Immobilisations			
Les immobilisations sont constatées au coût historique moins l'amortissement cumulé. L'amortissement est calculé selon la méthode de l'amortissement linéaire sur les durées de vie utile estimatives des immobilisations, avec application de la règle de la demi-année durant l'exercice d'acquisition :			
	Matériel informatique	3 ans	
	Ameublement, accessoires et équipement	3 ans	
c) Charges au Trésor constatées			
Selon la méthode de la comptabilité d'exercice, les charges sont constatées durant l'exercice où elles sont engagées. Les revenus associés à ces charges ont été comptabilisés en fonction des charges constatées au cours de l'exercice.			
d) Subventions			
Les subventions visant à rembourser les dépenses liées à la campagne électorale et les honoraires de vérification des rapports de campagne sont comptabilisées pendant l'exercice au cours duquel l'élection a eu lieu. Les subventions visant à rembourser les honoraires de vérification des candidats à la direction d'un parti sont comptabilisées pendant l'exercice au cours duquel l'événement a eu lieu. Les subventions visant à rembourser les honoraires de vérification des rapports de vérification des candidats à la direction des rapports annuels sont comptabilisées pendant l'exercice visé par les rapports.			
e) Utilisation d'estimations			
Pour préparer des états financiers conformément aux principes comptables généralement reconnus du Canada, la direction doit faire des estimations et des hypothèses qui influent sur les montants déclarés de l'actif et du passif à la date de production des états financiers, ainsi que sur les montants déclarés des revenus et des charges pour la période visée. Il est possible que les montants réels diffèrent de ces estimations au fur et à mesure que des informations additionnelles deviendront disponibles dans l'avenir.			
f) Contributions anonymes et excédentaires			
En vertu de la Loi, les contributions anonymes reçues par un parti politique, une association de circonscription, un candidat ou un candidat à la direction d'un parti inscrits doivent être versées au directeur général des élections. De plus, les contributions dépassant les limites maximales prescrites dans la <i>Loi sur le financement des élections</i> doivent être versées au directeur général des élections, sauf si le bénéficiaire peut rembourser les contributions excédentaires à leur donateur et récupérer le récépissé officiel. En raison de la nature imprévisible de ces contributions, elles doivent être constatées au moment de leur réception.

**1. CONTEXTE**

Le directeur général des élections est responsable de l'administration de la *Loi sur le financement des élections*. À ce titre, il consigne et examine les rapports déposés par les partis politiques de l'Ontario, les associations de circonscription, les candidats et les candidats à la direction d'un parti afin de surveiller la conformité aux plafonds des contributions et des dépenses prévus dans la Loi. Le directeur général des élections verse en outre des subventions aux bénéficiaires admissibles conformément à la Loi.

Les dépenses et les acquisitions d'actif sont remboursés par le Bureau du directeur général des élections; les remboursements sont payés sur le Trésor jusqu'à concurrence du maximum des crédits votés. Les crédits votés pour l'exercice terminé le 31 mars 2004, approuvés selon la comptabilité de caisse modifiée, s'élevaient à 4 654 200 \$ (2003 – 1 308 100 \$).

**2. CONVENTIONS COMPTABLES IMPORTANTES**

**a) Modifications apportées aux conventions comptables**

Depuis le 1<sup>er</sup> avril 2003, le Bureau du directeur général des élections – *Loi sur le financement des élections* (« le Bureau ») prépare ses états financiers conformément aux principes comptables généralement reconnus du Canada. Cette méthode stipule la comptabilisation des résultats selon la comptabilité d'exercice, la capitalisation des éléments d'actif au moment de leur acquisition ainsi que l'amortissement des éléments d'actif sur leur durée de vie utile estimative.

On utilisait auparavant la comptabilité de caisse modifiée, selon laquelle les dépenses sont comptabilisées de manière à donner 30 jours de plus pour payer les biens et services relatifs à l'exercice qui vient de se terminer, et les immobilisations sont passées en charges au cours de l'exercice d'acquisition.

Cette modification apportée à la méthode de comptabilité a été adoptée rétroactivement, ce qui a nécessité le rajustement des états financiers du 31 mars 2003.

## Rapport du vérificateur

Au directeur général des élections

Office of the  
Provincial Auditor  
of OntarioBureau du  
vérificateur provincial  
de l'Ontario

J'ai vérifié le bilan du Bureau du directeur général des élections – *Loi sur le financement des élections* au 31 mars 2004 ainsi que l'état des résultats et l'état de l'évolution de l'actif net pour l'exercice terminé à cette date. La responsabilité de ces états financiers incombe au directeur général des élections. Ma responsabilité consiste à exprimer une opinion sur ces états financiers en me fondant sur ma vérification.

Ma vérification a été effectuée conformément aux normes de vérification généralement reconnues du Canada. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir l'assurance raisonnable que les états financiers sont exempts d'inexactitudes importantes. La vérification comprend le contrôle par sondages des informations probantes à l'appui des montants et des autres éléments d'information fournis dans les états financiers. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble des états financiers.

À mon avis, ces états financiers donnent, à tous les égards importants, une image fidèle de la situation financière du Bureau du directeur général des élections – *Loi sur le financement des élections* au 31 mars 2004, ainsi que des résultats de son exploitation et de son actif net pour l'exercice terminé à cette date, conformément aux principes comptables généralement reconnus du Canada.

Vérificateur provincial adjoint par intérim

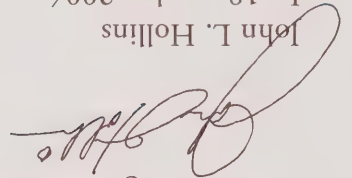

## Responsabilité à l'égard des rapports financiers

Le bilan et l'état des résultats ci-joints, déposés en vertu de la *Loi sur le financement des élections*, ont été préparés conformément aux conventions comptables décrites dans la note 2 des états financiers, et leur responsabilité incombe à la direction. Les états financiers ont été préparés correctement, c.-à-d. dans les limites du seuil d'importance relative et compte tenu des renseignements disponibles au 18 octobre 2004.

Il incombe à la direction de vérifier l'intégrité des états financiers et de mettre en place un système de contrôles internes permettant de s'assurer, dans la mesure du possible, que l'actif est protégé et que des renseignements financiers fiables sont disponibles en temps opportun. Le système comporte des politiques et procédures officielles ainsi qu'une structure organisationnelle permettant une délégation de pouvoirs et une séparation des responsabilités appropriées.

Les états financiers ont été vérifiés par le vérificateur provincial. Il incombe au vérificateur provincial d'exprimer une opinion sur la question de savoir si les états financiers donnent une image fidèle de la situation financière conformément aux conventions comptables décrites dans la note 2 des états financiers. Le rapport du vérificateur provincial, qui apparaît à la page suivante, décrit la portée de son examen et de son opinion.

L'association a été radisée au cours de 2004.

Le total des subventions visant à rembourser les dépenses liées à la campagne électorale s'est élevé à 21 233 \$, tandis que le total des subventions visant à rembourser les partis s'est élevé à 3 316 \$. Le total des subventions visant à rembourser les honoraires de vérification des rapports annuels s'est élevé à 10 080 \$.

### **Campagne à la désignation du chef du Parti progressiste-conservateur**

Le Parti progressiste-conservateur de l'Ontario a choisi un nouveau chef le 18 septembre 2004. On trouvera à l'Annexe K le résumé des renseignements fournis à la suite de cet événement. Ces renseignements sont extraits du premier de deux rapports financiers obligatoires, qui couvre la période du 13 juin 2004 au 18 novembre 2004.

Les rapports financiers des trois candidats au leadership ont été déposés avant l'échéance du 18 mars 2005. Au total, les trois candidats ont fait état de revenus de 2,6 M\$ et de déficits de 481 712 \$. La date limite de dépôt des rapports financiers correspondant à la seconde période de déclaration (soit du 19 novembre 2004 au 18 novembre 2005) est le 18 mai 2006.

déposé leurs rapports annuels avant la date limite stipulée par la *Loi sur le financement des élections*,

entre 2000 et 2004. Les dépôts en retard représentent encore un défi pour Elections Ontario, puisque de 18 à 20 % de toutes les associations ont déposé leurs rapports financiers annuels (AR-1) après l'échéance du 31 mai dans chacune des cinq dernières années. Le pourcentage de dépôts en retard à l'occasion des élections générales de 2003 était encore plus élevé : 24 % pour les candidats (CR-1) et 38 % pour les associations (CR-3).

## RAPPORTS SUR LES ÉLECTIONS

### Election partielle dans Hamilton-Est

Comme on le mentionnait plus avant dans le présent Rapport, une élection partielle a eu lieu dans la circonscription électorale de Hamilton-Est le 13 mai 2004. On trouvera à l'Annexe I (pour les partis) et à l'Annexe J (pour les associations et les candidats) les résumés des renseignements fournis à la suite de cet événement.

Au moment de la publication du présent Rapport, une association et un candidat n'avaient pas encore déposé leurs rapports financiers pour l'élection partielle dans Hamilton-Est. Pour cette

Pour les périodes de déclaration de 2003 et de 2004, environ 80 % des rapports annuels des associations de circonscription ont été déposés avant l'échéance du 31 mai. De plus, un parti a déposé son rapport annuel après la date limite dans chacune de ces années.

En 2003, les partis ont fait état de déficits annuels totaux de 11,3 M\$, tandis que leurs associations ont fait état de déficits nets de 0,2 M\$. En 2004, les partis ont signalé des surplus de 3,6 M\$, tandis que leurs associations ont signalé des surplus de 2,2 M\$.

Le déficit cumulé de tous les partis et de leurs associations s'élevait à 15,9 M\$ au 31 décembre 2003, et à 8,1 M\$ à la fin de 2004. Les partis ont fait état collectivement d'un déficit de 13,1 M\$ à la fin de 2004, tandis que leurs associations ont fait état de surplus de 5,0 M\$.

Les subventions visant à rembourser les honoraires de vérification des rapports annuels des partis politiques et des associations de circonscription se sont élevées à environ 200 000 \$ pour 2003 et 250 000 \$ pour 2004.

présentées en 2004; le directeur général des élections en a approuvé trois et a rejeté la quatrième demande parce que le nom en question avait déjà été réservé.

Après la réservation d'un nom, le parti dispose d'une période de un an pour satisfaire aux exigences énoncées dans la Loi et se faire inscrire à titre de parti politique. À cette fin, le parti doit nommer des candidats dans au moins 50 % des circonscriptions électorales après l'émission du décret de convocation des électeurs en vue d'élections générales, ou encore fournir au directeur général des élections les noms, adresses et signatures de 10 000 électeurs admissibles qui appuient l'inscription de ce parti politique.

### Inscriptions de partis politiques

Aucun nouveau parti politique n'a été inscrit et aucun parti politique provincial n'a été radié en vertu de la *Loi sur le financement des élections* au cours de 2004.

### Inscriptions d'associations de circonscription

On présente à l'Annexe D la liste des associations de circonscription au début et à la fin de 2004, classées par parti politique inscrit.

En résumé, huit nouvelles associations ont été inscrites et sept associations existantes ont été radiées en 2004. Trois des associations radiées l'ont été parce qu'elles n'ont pas déposé leurs états financiers vérifiés; deux l'ont été à la demande du parti; les deux autres associations ont été radiées à leur propre demande.

## RAPPORTS FINANCIERS

### Rapports annuels

On présente aux Annexes E et F les résumés des rapports financiers déposés par tous les partis politiques inscrits et leurs associations de circonscription respectives pour 2003, et aux Annexes G et H les résumés des rapports financiers déposés pour 2004. On peut également consulter une présentation détaillée de tous les rapports financiers déposés par les associations de circonscription individuelles à la section Financement des élections sur le site Web d'Élections Ontario, [www.electionsontario.on.ca](http://www.electionsontario.on.ca).

Au total, les partis politiques et leurs associations ont obtenu des contributions nettes de 17,8 M\$ en 2003 et de 12,5 M\$ en 2004. En 2003, 10,9 M\$ (61 %) ont été réunis par les partis, et 6,9 M\$ (39 %) par les associations de circonscription. En 2004, environ 9,1 M\$ (73 %) ont été réunis par les partis, et 3,4 M\$ (27 %) par les associations de circonscription.

Collectivement, les partis politiques (incluant leurs associations) ont obtenu en 2003 55 % de toutes leurs contributions auprès de particuliers, 40 % auprès de sociétés et 5 % auprès de syndicats. En 2004, 59 % des contributions provenaient de particuliers, 37 % de sociétés et 4 % de syndicats. Le tableau suivant résume les sources des contributions politiques pour chacun des partis politiques inscrits, incluant leurs associations respectives, telles qu'elles sont indiquées dans les rapports financiers annuels pour 2003 et 2004.

La Loi sur le financement des élections stipule que le directeur général des élections doit calculer et publier tous les cinq ans un facteur d'indexation dérivé de l'indice des prix à la consommation. Ce facteur est utilisé pour calculer les plafonds de contribution et les montants des subventions visant à rembourser les honoraires de vérification, ainsi que les limites des dépenses de campagne. Le facteur d'indexation 1,12 est entré en vigueur le 1<sup>er</sup> janvier 2004 et demeurera en vigueur pendant les années civiles 2004 à 2008. Le calcul de ce facteur est fondé sur la période de 60 mois ayant pris fin le 31 octobre 2003.

## Lois

Le rapport annuel déposé en vertu de la *Loi sur le financement des élections* pour l'année 2003 comportait des recommandations spécifiques en matière de modifications législatives et avait cerné d'autres aspects à examiner. Les questions soulevées dans ce rapport sont toujours pertinentes.

Le projet de loi 114 a reçu la sanction royale le 24 juin 2004. Ce projet de loi modifie l'article 44.1 de la *Loi sur le financement des élections* ainsi que les processus de dissolution des « anciennes » associations de circonscription et d'inscription des « nouvelles » associations après la modification des limites d'une circonscription. À la suite de la nouvelle loi, toutes les associations de circonscription seront automatiquement dissoutes le 31 décembre 2006 ou au moment de la dissolution de l'Assemblée législative, selon la première de ces dates.

En vertu de la *Loi de 1996 sur la représentation électorale*, les limites des circonscriptions électorales de l'Ontario sont en cours de modification en fonction de la plus récente ordonnance de représentation fédérale. Cette ordonnance de représentation a été proclamée aux termes de la *Loi sur la révision des limites des circonscriptions électorales* le 23 août 2003, et les nouvelles limites de circonscriptions ont été utilisées à l'occasion des élections fédérales de 2004. Aux termes de la *Loi de 1996 sur la représentation électorale*, l'Ontario adopterait ces mêmes limites.

Au moment de la publication du présent Rapport, le projet de loi 214 a été modifié par le Comité permanent de l'Assemblée législative, qui a fait rapport à l'Assemblée le 13 octobre 2005. Ce projet de loi remplace le projet de loi 176 et englobe la *Loi de 2005 sur la représentation électorale*. Il propose, dès les prochaines élections provinciales, la division de l'Ontario en 107 circonscriptions électorales en remplacement des 106 circonscriptions électorales fédérales actuelles. Les nouvelles limites provinciales comprendront 11 circonscriptions électorales du Nord identiques (à l'exception d'un rajustement mineur apporté à une limite spécifique) à celles qui existaient le 2 octobre 2003, et 96 circonscriptions électorales du Sud identiques aux circonscriptions fédérales qui existaient le 1<sup>er</sup> septembre 2004. Si le projet de loi est adopté, les nouvelles limites entreront en vigueur au moment des premières élections générales provinciales suivant l'obtention de la sanction royale.

## ACTIVITÉS D'INSCRIPTION

### Réservations de noms de partis

On présente à l'Annexe B un résumé de toutes les demandes de réservation de noms de partis politiques soumises au directeur général des élections en 2004. Au total, quatre demandes ont été

Au cours de 2004, la division du financement des élections a continué à gérer la charge de travail découlant de la nécessité d'examiner plus de 900 rapports de campagne électorale à la suite des élections générales de 2003. Le contenu de ces rapports a été présenté dans le Rapport annuel pour 2003 publié en avril 2005. Afin de faciliter la gestion de cette surcharge de travail saisonnière, Elections Ontario embauche du personnel temporaire pour s'assurer que les rapports sont traités et examinés en temps opportun.

Elections Ontario continue à consacrer des efforts non négligeables à l'atteinte de l'équilibre approprié pour l'administration de la *Loi sur le financement des élections*. Dans notre Rapport annuel pour 2003, nous nous étions engagés à faire un emploi plus rigoureux des possibilités d'application et des pénalités prévues dans la Loi, tout en poursuivant nos efforts pour aider nos intervenants, dont la plupart sont des bénévoles, à s'acquitter de leurs obligations en matière de conformité.

Dans le contexte des rapports déposés pour 2004, il convient de souligner qu'Elections Ontario a mis en œuvre au cours de la première moitié de 2005 une nouvelle initiative visant à publier « tels que déposés » les rapports de 2004 déposés auprès du Bureau. Par le passé, les sommaires des états financiers, ainsi que la liste des donateurs qui ont donné plus de 100 \$, étaient publiés sur le site Web d'Elections Ontario uniquement après avoir été examinés et approuvés. Dans le but de promouvoir une plus grande transparence, nous avons publié pour la première fois les rapports financiers sur le site Web « tels que déposés », peu de temps après leur dépôt.

Elections Ontario s'est engagée à moderniser ses processus de gestion des finances électorales et des exigences en matière de dépôt des rapports. Notre objectif ultime consiste à mettre en œuvre un système de transmission électronique des rapports dans un format prescrit. Parmi les avantages offerts par un tel système, on notera la présentation en temps plus opportun de données financières plus précises.

### Activités de sensibilisation

Bien que la division du financement des élections ait pour principal objectif l'examen des rapports de campagne électorale et des rapports financiers, des représentants d'Elections Ontario ont assisté aux États-Unis à la Conférence 2004 du Council on Governmental Ethics Law (COGEL).

La division du financement des élections continue à collaborer avec les partis politiques en vue de s'assurer que les directeurs des finances disposent du soutien approprié pour se conformer aux exigences de la *Loi sur le financement des élections*. À cet égard, des membres du personnel d'Elections Ontario ont participé à deux séances de formation (75 participants) sur les processus et exigences en matière de dépôt des rapports, organisées respectivement par le Parti libéral de l'Ontario et par le Parti vert de l'Ontario. En plus de ces séances formelles, le personnel d'Elections Ontario communique régulièrement avec les représentants des partis politiques, des associations de circonscription et des candidats, afin de répondre à leurs questions en matière de financement des élections.

Les réunions régulières du Comité consultatif des partis politiques inscrits offrent d'excellentes occasions de discuter des questions liées au financement des élections. Au cours de l'année 2004, les questions abordées comprenaient les nouvelles limites des circonscriptions électorales, les effets potentiels des projets de loi ainsi que d'autres questions relatives à la conformité.

# RAPPORT ANNUEL AUX TERMES DE LA LOI SUR LE FINANCEMENT DES ÉLECTIONS

Les principales responsabilités qui incombent au directeur général des élections en vertu de la *Loi sur le financement des élections* se répartissent en cinq grands domaines :

- L'inscription des partis politiques, des associations de circonscription, des candidats à la direction d'un parti inscrit et des candidats aux élections générales et partielles de l'Ontario;
- La supervision des plafonds imposés aux dépenses liées à la campagne électorale et aux contributions politiques;
- Le remboursement des dépenses liées à la campagne électorale au moyen de subventions;
- La délivrance des formulaires de réception aux fins de l'impôt à l'égard des contributions faites aux partis, aux associations de circonscription et aux candidats;
- La publication des renseignements et des documents déposés en vertu de la Loi.

La présente section du Rapport décrit les activités d'inscription au cours de 2004 en vertu de la *Loi sur le financement des élections*, ainsi que les rapports financiers déposés par les partis politiques inscrits et les associations de circonscription pour les années civiles 2003 et 2004 (la date limite de dépôt des rapports étant le 31 mai de l'année suivante). Le calendrier de dépôt de notre Rapport nous permet ainsi de présenter les rapports financiers pour deux années civiles consécutives.

De plus, le Rapport présente les rapports financiers déposés par les partis politiques inscrits, par les associations de circonscription et par les candidats pour l'élection partielle du 13 mai 2004 dans la circonscription électorale de Hamilton-Est (la date limite de dépôt des rapports était le 15 novembre 2004). Enfin, le Rapport présente les rapports financiers déposés pour la course à la direction du Parti progressiste-conservateur de l'Ontario, le 18 septembre 2004 (la date limite de dépôt des rapports était le 18 mars 2005).

Élections Ontario examine tous les rapports financiers déposés afin de s'assurer qu'ils respectent les dispositions de la *Loi sur le financement des élections*. Toutes les erreurs, omissions sont portées à l'attention du directeur des finances, et toute modification subséquente est apportée dans le cadre d'un rapport modifié.

Les données financières contenues dans le présent Rapport et ses annexes correspondent aux renseignements déposés auprès du directeur général des élections et révisés jusqu'au moment de la publication. Étant donné que nous n'avons pas terminé l'examen de tous les rapports, il est possible que certains renseignements contenus dans le présent Rapport soient révisés après sa publication. Les références sous la rubrique Financement des élections, sur le site Web d'Élections Ontario, seront mises à jour pour tenir compte des dernières données disponibles.

élections générales. Parmi les avantages offerts par cette approche à court terme, on notera l'examen minutieux auxquelles seront soumises les pratiques du Bureau en matière de tenue des dossiers, de politiques et de procédures, examen qui devrait assurer l'intégrité du cadre administratif et l'amélioration des processus électoraux.

DONNÉES FINANCIÈRES

Le total des dépenses d'Élections Ontario pendant l'exercice 2004-2005 se répartit ainsi :

Catégories de dépenses	
Salaires et traitements	3 689 451
Avantages sociaux des employés	672 257
Transports et communications	653 397
Services	6 358 414
Équipement et fournitures	834 265
Autres transactions :	
Subventions visant à rembourser les dépenses liées aux campagnes électorales, en vertu de la Loi sur le financement des élections	4 197 293
Moins : Recouvrements	(72 122)
Total – Dépenses d'opération (comme il est indiqué dans les Comptes publics, 2004-2005)	16 332 955

Parmi les initiatives d'envergure que nous espérons être en mesure de réaliser au cours des 12 prochains mois, on notera le développement d'un cadre uniformisé et clair permettant une présentation raisonnablement détaillée des coûts associés aux activités électorales. Nous évaluons actuellement les approches retenues par les autres directeurs généraux des élections au pays afin de déterminer le format le plus approprié pour les députés de l'Assemblée, pour les électeurs ontariens et pour Elections Ontario.

Lorsque le format aura été déterminé, et avant les prochaines élections générales, nous avons l'intention de publier un estimé des coûts de l'événement dans un format qui reflètera clairement nos activités administratives et notre modèle de prestation.

Je continuerai à présenter aux députés de l'Assemblée des rapports sur les activités de mon Bureau en vertu de la Loi électorale lorsque les occasions appropriées se présenteront.

électorale, de ses plans de conduite des scrutins et de ses obligations quotidiennes en matière d'exécution des activités.

Parmi les premiers résultats de ces examens, on notera la confirmation de la validité du plan stratégique et l'élaboration d'un plan opérationnel comportant des jalons et produits livrables détaillés en vue des prochaines élections générales.

À partir de ce processus, nous avons élaboré une stratégie technologique qui permettra à Elections Ontario d'assurer le soutien de tous les scrutins au cours des deux prochains cycles électoraux, et qui nous permettra de soutenir les changements de nature technique qui pourront découler de futures initiatives liées aux réformes électorales et au renouveau démocratique.

Grâce à l'étroite collaboration entre les membres du groupe tripartite fédéral-municipal-provincial, nous avons été en mesure d'entreprendre l'élaboration de règles administratives qui feront du partage des données électorales un processus routinier et prévisible.

Dans le même contexte, les directeurs généraux des élections de toutes les administrations canadiennes ont signé un accord visant à susciter de nouvelles occasions qui leur permettront de partager des pratiques exemplaires et des approches technologiques en vue d'ajouter une valeur additionnelle à nos processus opérationnels.

## AVANCÉES SUR LE PLAN ADMINISTRATIF

Les résultats préliminaires du processus d'examen fonctionnel se sont traduits par le développement et la mise en œuvre d'une structure détaillée de gestion des comités de planification et de direction. Pendant la période particulièrement stressante précédant les élections générales de 2003, plusieurs fonctions administratives essentielles ont été quelque peu négligées alors que nous efforçons d'être prêts au déclenchement des élections. Nous reconnaissons les risques posés par cette situation pour Elections Ontario, et nous accordons une priorité élevée à la recherche des problèmes et à leur correction.

Après l'élection, tout au long de 2004 et jusqu'en 2005, nous avons été en mesure de concentrer nos efforts sur ces domaines, et principalement sur l'élaboration des politiques et procédures administratives clés qui existaient sous forme d'ébauches depuis le début de 2003. Ainsi, plusieurs nouvelles politiques ont été mises en œuvre, entre autres des politiques et procédures relatives aux achats, aux voyages et à l'accueil.

Elections Ontario a également entrepris la mise en œuvre d'un système exhaustif de gestion de ses documents sur papier et de ses documents électroniques. Un autre projet de stages d'été pour étudiants a débuté en 2005, en vue d'examiner et de classer les documents sur papier de l'organisme. À la suite de cette activité, les documents importants ont été identifiés pour transférer ultérieur dans les collections des Archives publiques de l'Ontario.

Vers le milieu de 2004, la haute direction d'Elections Ontario a conclu que la mise en place d'un programme formel de gestion de la qualité ajouterait une valeur notable pour l'organisme et contribuerait à l'intégrité du processus électoral. Après l'évaluation de plusieurs approches concurrentes, Elections Ontario a décidé d'obtenir une certification ISO après les prochaines

Avec dans un premier temps un examen ministériel du plan stratégique pour 2002-2006, chaque division d'Élections Ontario a entrepris une analyse exhaustive de son degré de préparation

L'environnement technique global d'Élections Ontario a fait l'objet d'une surveillance étroite immédiatement après les élections générales de 2003. Les leçons apprises à cette occasion nous ont montré qu'il existait un potentiel non négligeable d'amélioration de la précision et de l'efficacité des données et processus électoraux, plus spécifiquement en reliant les systèmes existants, en faisant appel à une source unique faisant autorité pour tous les renseignements critiques et en développant de meilleurs outils de surveillance et de mesure.

Au cours de l'été de 2005, Elections Ontario a tiré parti d'un programme de stages à l'intention des étudiants de l'Université de Waterloo. Le programme a supervisé l'examen et la validation des adresses dans les bases d'Élections Ontario, en préparation de la création du Registre dans les mois à venir, et a permis aux étudiants d'obtenir une expérience de travail et des compétences techniques utiles.

Depuis le début de 2004, Elections Ontario a entrepris le développement et l'élaboration du Registre des adresses de l'Ontario. Le Registre sera un outil très utile pour la gestion et l'administration du processus électoral, et nous permettra de partager des données exactes avec les organismes électoraux provinciaux, fédéraux et municipaux en Ontario, ce qui se traduira par une plus grande efficacité et des coûts moins élevés pour les électeurs.

La réussite d'un scrutin dépend avant tout de la qualité et de l'exactitude des renseignements sur les électeurs. Il ne s'agit pas seulement de déterminer correctement le nom d'un électeur, mais aussi de disposer d'un inventaire extrêmement précis et exhaustif d'adresses et d'informations géographiques, de manière à s'assurer que chaque électeur puisse être repéré et orienté vers le bureau de vote approprié le plus près, en fonction de son adresse. Il s'agit également de mettre des cartes exactes à la disposition des partis, des candidats, du personnel électoral et du grand public.

Même si les élections de 2003 faisaient déjà appel à une gamme considérable de produits et processus technologiques, le développement à long terme du RPEO demeure toujours une priorité et l'une des responsabilités fondamentales de mon Bureau.

## AVANCÉES SUR LE PLAN TECHNOLOGIQUE

Pour ces deux élections partielles, nous avons créé et diffusé un nouveau guide en braille reflétant le contenu de l'Avis aux électeurs officiel et contenant les renseignements imprimés sur le bulletin de vote, afin de permettre aux électeurs aveugles et malvoyants d'utiliser le bulletin de vote traditionnel à encoches.

En plus des innovations techniques, ces élections partielles nous ont donné l'occasion d'améliorer l'administration du processus électoral. Les scrutateurs et les secrétaires de bureau de vote dans la circonscription électorale de Dufferin-Peel-Wellington-Grey ont utilisé de nouvelles fiches de référence qui résument et simplifient certaines procédures courantes.

Dufferin-Peel-Wellington-Grey. Ce bureau a permis de faciliter l'accès aux bureaux de vote pour 309 électeurs ayant voté par anticipation.

municipalités (SEFM), l'agence responsable des listes municipales d'électeurs, Elections Ontario a été en mesure de partager des données sur les électeurs et d'utiliser les renseignements fournis par ses partenaires pour améliorer la qualité des données conservées dans le Registre permanent des électeurs de l'Ontario (RPEO).

Au début de 2004, les adresses partagées en vertu de l'accord tripartite ont été comparées aux données du RPEO pour la circonscription électorale de Dufferin-Peel-Wellington-Grey. Ce projet a permis de constater qu'il était possible de faire correspondre directement environ 90 % des adresses de cette circonscription dans les deux bases de données, après correction des erreurs dans l'orthographe des noms de rue et les numéros civiques.

En plus des améliorations immédiates en matière de qualité, le succès du projet de vérification de la correspondance nous a aidés à valider les décisions d'Elections Ontario quant au développement du Registre des adresses de l'Ontario, qui utilisera les données corrigées avec l'aide de la SEFM.

L'élection partielle dans Dufferin-Peel-Wellington-Grey nous a donné l'occasion d'évaluer différentes approches à la révision des données sur les électeurs. Entre autres, un processus de révision par téléphone de la liste des électeurs a été mis en œuvre au centre d'appels d'Elections Ontario. Cette approche a ensuite été comparée à une méthode de porte en porte traditionnelle faisant appel à des agents réviseurs.

La révision par téléphone a permis d'obtenir un taux de participation de 32 %, en comparaison de 45 % pour la méthode de porte en porte traditionnelle. Ces résultats ont été évalués en tenant compte de leurs coûts relatifs (les activités d'un centre d'appels étant moins coûteuses par réponse) et d'autres facteurs (tels que l'effet des conditions atmosphériques sur les activités sur le terrain).

On analyse actuellement ces résultats en vue de déterminer la contribution potentielle de chaque approche à une maintenance améliorée et moins coûteuse du registre à l'avenir.

Grâce à l'amélioration des processus, le taux de participation aux activités de révision dans la circonscription électorale de Dufferin-Peel-Wellington-Grey a été de 3,68 % du nombre total d'électeurs, en comparaison du taux de 1,27 % obtenu 10 mois plus tôt dans Hamilton-Est.

Toujours à l'occasion de l'élection partielle dans Dufferin-Peel-Wellington-Grey, Elections Ontario a pu explorer des technologies d'enregistrement automatisé des électeurs qui vorent par anticipation. Les essais ont été menés parallèlement au processus traditionnel qui consiste à rayer manuellement les noms des électeurs sur les listes, et qui permet de fournir aux candidats des listes révisées d'électeurs. Les résultats initiaux ont été très positifs : il a été possible de réduire le temps nécessaire pour noter les renseignements sur chaque électeur, d'accroître l'exactitude des renseignements et de fournir des renseignements plus rapidement aux candidats, tout en maintenant une isolation totale des activités de scrutin. Ce processus a également permis de faciliter l'accès aux bureaux de vote par anticipation.

Le nombre de bureaux régionaux de vote par anticipation dans la circonscription électorale de Dufferin-Peel-Wellington-Grey est passé de quatre à neuf, et le pourcentage d'électeurs ayant voté par anticipation a presque doublé, passant de 7,47 % (2 452 électeurs) à l'occasion de l'élection partielle de 2002 à 14,17 % (3 937 électeurs) en 2005.

De plus, un bureau auxiliaire du directeur du scrutin a été installé dans la circonscription de

## INNOVATIONS ET MISES À L'ESSAI À L'OCCASION DES ÉLECTIONS PARTIELLES

Comme dans le cas des élections partielles qui avaient précédé les élections générales de 2003, Elections Ontario a profité de l'occasion pour améliorer les processus et procédures utilisés sur le terrain, pour évaluer de nouvelles approches en matière de responsabilités fondamentales, telles celles liées à l'actualisation du registre des électeurs, et pour améliorer la qualité des données sur les électeurs.

En vertu d'un accord tripartite conclu avec Elections Canada et la Société d'évaluation foncière des

Dans mon rapport déposé après les élections générales de 2003, j'avais suggéré que l'imputabilité de mon Bureau et la transparence du processus électoral pourraient bénéficier de la création d'une structure formelle de production de rapports.

« La confiance du public dans les institutions démocratiques n'a pas de prix. Le DGE joue un rôle unique dans la protection des droits fondamentaux des citoyens. Pour maintenir la confiance du public, il est essentiel qu'une structure de responsabilité précise et transparente assure les citoyens et les groupes d'intérêt politique que les actes posés par le DGE appuient clairement les principes d'équité, de secret, de transparence et d'accessibilité.

Si le fait de présenter à l'Assemblée législative un rapport sur l'administration de la Loi électorale au moment qui lui convient peut être à l'avantage du DGE, le public, lui, est mal servi de cette façon.

Les déclarations annuelles obligatoires et le fait d'octroyer au Comité consultatif des partis politiques inscrits une certaine visibilité comme conseiller politique du DGE assureront l'équilibre nécessaire entre la capacité d'agir du directeur général et son mandat de protection de l'intérêt public. »

Rapport déposé à l'Assemblée législative de l'Ontario le 2 septembre 2004

À l'heure actuelle, il n'existe aucun cadre législatif qui me permet de faire rapport sur mes activités en vertu de la *Loi électorale*. Pour cette raison, j'ai décidé de profiter de la publication et du dépôt du rapport annuel exigé par la *Loi sur le financement des élections* pour présenter un compte rendu au président et aux députés de l'Assemblée.

ÉLECTIONS PARTIELLES

Au cours de la période suivant les 38<sup>e</sup> élections générales provinciales du 2 octobre 2003, mon Bureau a organisé deux élections partielles, soit dans la circonscription électorale de Hamilton-Est le 13 mai 2004, à la suite du décès de M. Dominic Agostino, et dans la circonscription de Dufferin-Peel-Wellington-Grey le 17 mars 2005, à la suite de la démission de M. Ernie Eves. Les rapports financiers relatifs à l'élection partielle dans Hamilton-Est sont présentés aux Annexes I et J du présent rapport.

L'honorable Michael A. Brown  
Président de l'Assemblée législative

Monsieur le président,

J'ai le plaisir de vous présenter le rapport annuel sur les activités menées par mon Bureau au cours de l'année 2004 aux termes de la *Loi sur le financement des élections* et de la *Loi de 1999 sur la protection des contribuables*, conformément au paragraphe 2(4) de la *Loi sur le financement des élections*.

J'y traite des activités annuelles reliées à l'inscription des partis politiques et au dépôt des rapports produits par les partis politiques et les associations de circonscription inscrits, des premiers rapports produits pour la campagne de désignation du chef du Parti progressiste-conservateur tenue en 2004 ainsi que des rapports relatifs à l'élection partielle dans la circonscription électorale de Hamilton-Est le 13 mai 2004. Il n'y a eu aucune activité en vertu de la *Loi de 1999 sur la protection des contribuables* en 2004.

En l'absence de toute contrainte à cet égard, j'ai tenu bon de profiter du dépôt du présent rapport pour vous présenter, à vous et aux députés de l'Assemblée, un compte rendu de mes activités en vertu de la *Loi électorale* depuis les dernières élections générales.

Je vous prie d'agréer, Monsieur le Président, l'assurance de ma considération distinguée.

Le directeur général des élections,

John L. Hollins

The Honourable Michael A. Brown  
Speaker of the Legislative Assembly  
Room 180, Legislative Building  
Queen's Park  
Toronto, Ontario  
M7A 1A2

Dear Mr. Speaker:

It is my pleasure to submit the Annual Report covering the affairs of my Office under the *Election Finances Act* and the *Taxpayer Protection Act, 1999* during the year 2005, as required by subsection 2(4) of the *Election Finances Act*.

In this Report, we have addressed annual activity related to political party registration and filings by the registered political parties and constituency associations. We have also reported on financial returns specific to by-elections in the Electoral Districts of Dufferin-Peel-Wellington-Grey on March 17, 2005 and in Scarborough-Rouge River on November 24, 2005.

There was no activity under the *Taxpayer Protection Act, 1999* as of March 31, 2006.

Although not required to do so under current legislation, my Office is committed to regular and thorough reporting to provide transparency in all of our activities. Consequently, this report includes an overview of our activities under the *Election Act* for the period from July 2005 to June 2006.

Yours sincerely,

John L. Hollins  
Chief Election Officer

# ACTIVITIES UNDER THE *ELECTION ACT*

## INTRODUCTION

In 2002, we published our *2002-2006 Strategic Plan* to guide our activities through the 2003 General Election and beyond, according to the following success factors:

**Event Delivery:** Elections Ontario will stand ready to conduct an electoral event at any time and will continually develop and adapt new processes to improve event delivery.

**Solid Infrastructure:** Elections Ontario will have the organization, facilities and information technology required to support day-to-day operations, electoral events, special projects and continuous process improvements.

**Maximizing Partnerships:** Elections Ontario will make maximum use of partnerships to share best practices, reduce electoral costs and minimize the duplication of services.

**Stakeholder Involvement:** Elections Ontario will have the credibility to foster agreement on continually evolving electoral standards and to facilitate necessary legislative change.

**Service Excellence:** Elections Ontario will incorporate service excellence in all aspects of the electoral process.

A review of our activity under the *Election Act* in late 2005 and the first half of 2006 confirms that we are on track in achieving these success factors, and that they will carry us through 2007 as we prepare for our next strategic planning cycle (2008-2012). In this report, we present some of our most important activities over the past year for the information of the Members of the Legislative Assembly of Ontario.

## HIGHLIGHTS

This past year has seen Elections Ontario firmly on the path to election-readiness. New and refined administrative practices, combined with initiatives in response to changing legislation, suggest that we will be more innovative and responsive to our stakeholders than ever before.

Amidst our ongoing commitment to service excellence in all aspects of the electoral process, highlights of our activity during the period of July 2005 to June 2006 include:

- Development of a technology strategy that will position Elections Ontario to support events over the next two electoral cycles, as well as any technical changes required as a result of electoral reforms
- Further consideration of methodologies to add and maintain up-to-date and accurate information within the Permanent Register of Electors for Ontario
- Ongoing work with Elections Canada and the Municipal Property Assessment Corporation (MPAC) under our tripartite agreement, to further develop the business rules and processes required to update each organization's elector information and achieve the vision of a "virtual single list" of electors
- Development of new geographic products for the 2007 general election
- Mapping of 299 priority processes within our Electoral Process Re-engineering project to facilitate greater innovation, efficient process design and cost-effective delivery
- A new candidate orientation program to support understanding of and compliance with candidate obligations during an election
- Ongoing consultation with key stakeholders, including the Advisory Committee of Political Parties
- Further development of networks with stakeholder organizations to increase accessibility for all electors
- Participation with other Canadian electoral agencies in the Electoral Technology Accord (ETA), in support of a forward-thinking environment that encourages cooperation and sharing of resources among electoral jurisdictions
- Planning and implementation of a web-based communications strategy for greater efficiency and consistency for the public; a new employee intranet and a secure extranet site to assist returning officers, strategic suppliers, external stakeholders, candidates, political parties, and chief financial officers for the 2007 election
- Branded identity and standards for all corporate communications
- Refined key budgeting and planning processes, including:

- A review of the “Schedule of Fees and Expenses”, as taken from the Regulation under the *Election Act*
  - A new formalized forecasting and budget planning process for internal divisions
- Continued emphasis in our administration on our quality management approach, including further development of records management protocols and practices
- Implementation of real-time reporting for political parties and leadership contestants
- Testimony and information support provided to Legislative committees examining electoral reform
- Conduct and oversight of an impartial selection process for members to the Citizens’ Assembly on Electoral Reform, and
- Administration of by-elections.

A number of these highlights are expanded on in the following sections.

## LEGISLATION

The passage of Bill 214, in December 2005, by the Legislative Assembly of Ontario resulted in amendments to both the *Election Act* and the *Election Finances Act*.

Elections Ontario is examining changes to the *Election Act* and their implication in our administration of the election calendar, most notably:

- The introduction of “fixed” dates for provincial general elections, and
- The adjustment to the deadline for candidate nominations at general elections.

Other legislative amendments brought change to our operations.

### Real Time Disclosure of Certain Political Contributions

We responded quickly to the new requirements that political parties and leadership contestants must meet for the disclosure of political contributions, as well as with regard to the Chief Election Officer’s (CEO) obligation to publish the filings on our web site. More detail on this “real time” reporting follows in the accompanying section on activity under the *Election Finances Act*.

### Redistribution

With the passing of the *Representation Act, 2005* and beginning with the next provincial general election, Ontario will be divided into 107 electoral districts that include 11 northern electoral districts, identical except for a minor boundary adjustment to the ones that existed at the 2003 general election, and 96 southern electoral districts, identical to the federal electoral boundaries now in effect. Elections Ontario continues to address the implications of this legislation on our geography and election finances-related activities.

### Citizens’ Assembly on Electoral Reform

Following the last general election in 2003, the Ontario government announced plans for a Citizens’ Assembly to examine the province’s electoral system.

Under a new section of the *Election Act* (17.9) passed in June 2005 in Bill 213, and *Regulation 82/06, Citizens’ Assembly on Electoral Reform*, filed in March 2006, the Office of the Chief Election Officer was called upon to conduct the selection process for the Assembly, comprising 103 randomly-selected electors – one per electoral district under current boundaries. Essentially, directions to the CEO and Elections Ontario were to:

- Use the Permanent Register of Electors for Ontario as the database source for the sampling process
- Ensure we were working with a sufficient pool of electors to be able to fulfill eligibility requirements

- Use our discretion in the methodology adopted to conduct the sampling process and the selection process, and
- Provide a final list of potential members (composed of 52 females and 51 males\*, including one, self-identified Aboriginal member), as well as two alternates per electoral district.

After delivering the list of names to the Minister Responsible for Democratic Renewal by July 14, 2006, our remaining requirement is to provide a report to the Speaker after the next general election on our conduct of the selection process.

## BY-ELECTION ACTIVITIES

Since the publication of the 2004 Annual Report, following the resignation of Members of the Assembly, Elections Ontario has administered four by-elections held in the Electoral Districts of Scarborough-Rouge-River on November 24, 2005, and on March 30, 2006, in Toronto-Danforth, Whitby-Ajax and Nepean-Carleton\*\*. Information reported under the *Election Finances Act* will be presented in the 2006 Annual Report to be published next year.

The following tables summarize our administrative activity in each by-election.

These events provided our Electoral Event Services division the opportunity to trial a range of initiatives.

Innovations tested included:

- Automated list management at two advance polls
- New directional signage for advance poll sites
- Durable corrugated counters, tables and voting booths used in returning offices, to evaluate their potential in reducing equipment rental costs.

We also tested a new staffing model at two poll locations, where we amalgamated five polling divisions into one location. One site was automated and the other site was not. Our objective was to test the functionality of the model, observe and evaluate the process and determine the impact on combining polling divisions. We noted:

- Significant cost savings in reducing staff
- Electors processed effectively and efficiently
- Forms completed accurately
- Lists produced hourly for the candidates' scrutineers
- Results counted accurately.

Other initiatives tested included:

- A streamlined registration/confirmation activity to make it easier for electors to have their information revised at their door
- A newly designed confirmation walk list that provides pre-determined addresses for verification and/or additional documentation, making revision at the door more efficient, and
- Addition of voting locations in all available “100-plus” apartment units in each electoral district, to improve access to voting.

## ADVANCES IN THE PERMANENT REGISTER OF ELECTORS FOR ONTARIO (PREO)

With the impending general election and the redistribution of provincial electoral boundaries, our PREO Division has been working intensely to update the geography for the new 107 electoral districts and prepare new geographic products. These products will be of great assistance to political parties and candidates, as well as Elections Ontario, in administering events.

We have received a very positive response from stakeholders on our recently published *Ontario Electoral Districts Atlas*, a 260-page publication of regional and district maps and descriptions under the new provincial boundaries.

A key success factor in ensuring our PREO products are accurate and sufficiently detailed has been the conversion process for Elections Ontario’s Address Register, to link geographic information with the six million addresses in the province, and to do so under the new boundaries.

We have made significant progress in matching and verifying current addresses from our sources: MPAC, Teranet and Elections Canada. In preparing for the 2007 general election, we continue to develop policies to update the PREO and continue working with Elections Canada to enhance the quality of the information contained in the PREO.

As a result of close cooperation within our tripartite agreement with Elections Canada and MPAC, we have been able to continue the development of business rules to facilitate the sharing of electoral data. We continue to work with these partners towards the long-term goal of the “virtual single list” of electors.

We also currently are undertaking a series of meetings and educational opportunities with provincial ministries to seek new data sources and promote the benefits of shared data for Ontario’s electors.

## TECHNOLOGY DEVELOPMENT

Over the past year, we have established a technology strategy that will position Elections Ontario to support events over the next two electoral cycles, as well as any technical changes required as a result of electoral reforms.

At the conclusion of this phase in late 2005, we progressed to the development of our new Election Management System (EMS), which will deliver secure and reliable web-based access to new and improved information and geographic products and services to the voters, candidates, political parties, and returning office staff and poll workers.

## STAKEHOLDER COMMUNICATIONS

This past year saw the implementation of our Corporate Communications Strategy which provided for the application of consistent corporate and brand standards to produce effective communications materials. These include:

- Development of a corporate brand identity to establish Elections Ontario throughout the election life cycle as the authoritative resource for information and support for provincial elections
- Development of a 2007 election-readiness strategy to support our relationships with stakeholder organizations that serve electors with special needs
- Consolidated candidate orientation program that streamlines resources and information into a guidebook and series of orientation meetings with the returning officer in each electoral district during an election
- Redesigned Election Finances communications strategy and materials
- Publication of the *Ontario Electoral Districts Atlas*.
- Public Service Announcements to facilitate inclusion of electors in the Citizens' Assembly on Electoral Reform selection process.

## FINANCIAL FACTS

Elections Ontario's total expenditures for 2005/06 were as follows:

# 2005 ANNUAL REPORT UNDER THE *ELECTION FINANCES ACT*

The primary responsibilities of the Chief Election Officer under the *Election Finances Act* fit broadly into five areas:

- The registration of Ontario's political parties, constituency associations, candidates in general elections and by-elections and contestants for the leadership of a registered political party
- Supervising the limits on political contributions and campaign expenses
- Providing subsidies for campaign expenses
- Issuing tax credit receipts for political contributions to parties, constituency associations and candidates, and
- Publishing information and materials filed under the *Election Finances Act*.

## BACKGROUND

This report outlines amendments to the *Election Finances Act* which passed in 2005 and also provides a summary of important management issues addressed during the year. In addition, it provides a summary of registration activities under the *Election Finances Act* and, finally, reviews the financial returns submitted by registered political entities during the reporting period.

With respect to financial returns, this report includes the annual returns submitted by registered political parties. It does not, however, present the financial returns of associations for 2005. This results from redistribution on the electoral boundaries and the subsequent effect on the filing deadlines for these returns. The impact of redistribution on the financial filings of constituency associations is discussed in more detail under the "Financial Returns" section of this report.

In addition to the annual returns, this report includes the financial returns submitted by registered political parties, constituency associations and candidates for the March 17, 2005 by-election held in Dufferin-Peel-Wellington-Grey (filing deadline September 19, 2005) and the November 24, 2005 by-election held in Scarborough-Rouge River (filing deadline May 24, 2006). Finally, it includes the financial returns related to the second filing submitted for the Progressive Conservative Party of Ontario Leadership Contest held on September 18, 2004 (filing deadline May 18, 2006).

## LEGISLATION

Bill 214 received Royal Assent on December 15, 2005. Included as part of this legislation was the *Representation Act, 2005* and amendments to the *Election Finances Act*, which now require the disclosure of certain financial contributions by political parties and leadership contestants on different time-lines.

## ***Representation Act, 2005 - Redistribution***

Under Ontario's *Representation Act 1996*, for the purposes of representation in the Legislative Assembly, Ontario was divided into electoral districts identical to those of the federal electoral districts.

As the result of the passage of the *Representation Act, 2005*, beginning with the next provincial general election, Ontario will be divided into 107 electoral districts rather than the current 106 federal electoral districts. There are currently 103 provincial electoral districts in Ontario. Under this legislation, all existing, provincial constituency associations will be dissolved automatically on December 31, 2006, unless a party requests in writing to dissolve them before this date, or the Legislative Assembly is dissolved earlier.

The new legislation allows parties to request permission of the Chief Election Officer for old constituency associations to file financial statements covering activity during the period up to the date of dissolution in 2006 in combination with their 2005 annual statements. Of the nine registered political parties, five have requested and have received permission to file combined 2005 and "stub" 2006 financial filings for their associations.

Similarly, the new legislation provides for new constituency associations registered in the latter part of 2006 to request permission for their first annual return to include financial activity from the date of registration in 2006 up to December 31, 2007.

Elections Ontario's staff communicated with all parties and associations on the requirements and processes to be followed in converting to the new electoral boundaries. Looking ahead, Elections Ontario will continue to work closely with party officials to facilitate a smooth administrative transition to the new electoral boundaries.

## **Amendments to the *Election Finances Act* – Introduction of Real-Time Disclosure**

In addition to redistribution, Bill 214 introduced new reporting requirements of certain political contributions made to registered political parties and leadership contestants, on the basis of "Real-Time Disclosure."

Effective December 15, 2005, registered political parties and leadership contestants are required to provide a report to the Chief Election Officer within 10 business days of the deposit of a contribution exceeding \$100. This report will disclose the contributor's name and the amount of the contribution. The Chief Election Officer must publish this information on the Internet within a further 10 business days of receipt.

In order to comply with the new legislated requirements, Elections Ontario developed a technical solution and introduced it immediately following the passage of the legislation. Elections Ontario communicated the new requirements to political entities in a timely fashion, to help ensure their ability to meet the new disclosure requirements.

Details of these reports can be found in the Election Finances section of Elections Ontario's web site at [www.electionsontario.on.ca](http://www.electionsontario.on.ca), under "Disclosure of Political Contributions."

## MANAGEMENT ISSUES

As noted in previous Annual Reports, Elections Ontario continues to seek the appropriate balance between enforcement of the *Election Finances Act*, and providing the necessary support and assistance to our largely volunteer network of stakeholders. We also continue to look for opportunities to streamline processes and introduce new technology in the administration of the *Election Finances Act*.

In our efforts to improve the level of transparency in the public disclosure of financial information filed with this office, we have formally adopted the practice of posting to our web site all financial statements (including the list of contributors over \$100) on an “As Submitted” basis within 30 business days of the filing deadline. Any revisions to this information that may result during the compliance review process will, ultimately, be reflected in the “Final” version of the documents, which are also posted to the web site.

### Outreach Activities

Elections Ontario hosted the annual Jurisdictional Workshop of Canadian Election Officials in February 2006. This year's conference focused on the administration of election finances legislation. This regular forum continues to provide a good opportunity for officials from Elections Ontario, Elections Canada and other provincial and territorial electoral jurisdictions to discuss common issues and to share best practices in election administration.

The Election Finances division continues to work with political parties in an effort to ensure Chief Financial Officers (CFOs) have the necessary support to remain compliant with the requirements of the *Election Finances Act*. In this regard, Elections Ontario staff participated in 10 separate outreach sessions (180 participants) during 2005 and, to date, in 2006. The topics covered in these sessions included financial filing processes and other legislative requirements, as well as reviewing the process for dissolving old associations and registering new associations as a result of redistribution.

In addition to these formal sessions, staff members of Elections Ontario regularly communicate with representatives of political parties, constituency associations, candidates and leadership contestants to answer specific election finances questions.

The regular meetings of the Advisory Committee of Registered Political Parties continue to provide an excellent opportunity to discuss election finances related issues. During 2005, issues discussed included redistribution to new electoral boundaries, the impact of any and all pending legislation and other compliance related topics.

Finally, the Assistant Chief Election Officer participated in the 2005 Conference of the Council on Governmental Ethics Laws (COGEL) held in Boston, Massachusetts. Elections Ontario has been an active member of this organization for over 20 years.

## REGISTRATION ACTIVITIES

### Party Name Reservation

Appendix B provides a summary of all requests for the reservation of names for new political parties submitted to the Chief Election Officer in 2005. There were a total of five requests to reserve party names made during 2005, of which the Chief Election Officer approved three and rejected two.

A political party that reserves a party name has a period of one year to meet the qualifications defined in the *Election Finances Act* to be registered as a political party. These requirements include either nominating candidates in at least 50 percent of electoral districts following the issuance of the writs in a general election or, alternatively, providing the Chief Election Officer with the names, addresses and signatures of 10,000 eligible electors who endorse the registration of that political party.

### Party Registration

No new political parties were registered under the *Election Finances Act* and none were deregistered in 2005.

### Association Registration

Appendix C provides a breakdown of the constituency associations, by political party, at the beginning and the end of 2005.

In summary, the total number of registered constituency associations declined from 435 to 395 in the period under review. There were no new associations registered in 2005, while a total of 40 associations were deregistered. Of those deregistered, 13 were as a result of not filing the required audited financial statements and the remaining 27 deregistered on a voluntary basis. It should be noted that several parties voluntarily deregistered a number of their inactive associations in preparation for redistribution to the new electoral boundaries under the *Representation Act, 2005*.

## FINANCIAL RETURNS

A major, ongoing responsibility of Elections Ontario involves the review and approval of all financial returns submitted by registered political parties, candidates, constituency associations and leadership contestants, as required by the *Election Finances Act*. All returns filed with Elections Ontario are open to the public at our office and on our web site.

All financial reports filed with Elections Ontario are reviewed to ensure compliance with the provisions of the Act.

The financial information in this report and the accompanying appendices reflects the information as filed with the Chief Election Officer and as subsequently revised to the date of publication. Our review of some filings continues and, as a result, some of the information in this report may be revised after this publication. Election finances information within the Elections Ontario web site will continue to be updated as revisions become available.

Readers are encouraged to visit the Elections Ontario's web site, [www.electionsontario.on.ca](http://www.electionsontario.on.ca), to review the individual returns submitted.

## **2005 Annual Returns**

As noted previously, redistribution to the new electoral boundaries will result in all constituency associations established under the previous boundaries being dissolved on or before December 31, 2006. A number of parties requested, as part of their redistribution plans, for their associations' 2005 financial activity to be combined with the 2006 "stub" period activity into a single financial filing. These requests were subsequently approved by the CEO.

As a result, this report will not present the summary financial statements for constituency associations for 2005. Different dissolution dates along with some associations filing returns which combine 2005 and different "stub" 2006 financial activity as discussed above, do not permit a reasonable aggregation and presentation of this information.

Appendix E provides a summary of the financial statements submitted by all registered political parties.

Collectively, political parties reported on their 2005 annual returns that they received \$7.5 million in contributions. Within this total, approximately 64 percent came from individuals, 31 percent from corporations and 5 percent from trade unions. The following table summarizes the sources of political contributions for each registered political party, as reported in their 2005 annual financial returns.

Registered Political Party		2005 Contribution Source			
		Individuals	Corporations	Trade Unions	Total
Communist Party of Canada (Ontario)	Total	18,193	-	-	18,193

As a group, political parties reported in 2005 annual net deficits (revenue minus expenses) that totalled about \$0.1 million, and campaign period surpluses of \$6.1 million. At December 31, 2005, the cumulative deficit of all registered parties totalled \$7.1 million.

All nine registered political parties filed their 2005 Annual Returns by the May 31, 2006 filing deadline.

As reported in our 2004 Annual Report, a relatively large number of associations continue to have difficulty in meeting the filing deadline for financial reporting. Elections Ontario continues in its efforts to encourage and support the parties in addressing these compliance issues. We will continue to do so as the remaining associations file their combined 2005 and “stub” 2006 financial filings. Legislation requires that these associations file their final financial statements within 90 days of the date of dissolution.

### Dufferin-Peel-Wellington-Grey By-election

As noted, a by-election was held in the Electoral District of Dufferin-Peel-Wellington-Grey on March 17, 2005. Collectively, political parties received a total of \$4.3 million in contributions, while the combination of candidates and associations raised an additional \$0.3 million.

The maximum candidate spending limit was \$97,197, while the maximum political party spending limit was \$60,298.

Elections Ontario refunded campaign subsidies paid for the by-election totalling \$21,415 to candidates and \$9,000 to political parties.

Appendix F (parties) and Appendix G (combined associations and candidates) provides a summary of the information submitted for this event.

### **Scarborough-Rouge River By-election**

A by-election was held in the Electoral District of Scarborough-Rouge River on November 24, 2005. Collectively, political parties raised \$2.6 million, and candidates and associations together received an additional \$0.2 million

The maximum candidate spending limit was \$93,167, while the maximum political party spending limit was \$57,798.

Campaign subsidies paid for the by-election totalled \$22,031 to candidates and \$12,940 to the political parties.

As of the date of publication of this report, one association has still not filed the required financial returns for the Scarborough-Rouge River By-election (refer to Appendix I).

Appendix H (parties) and Appendix I (combined associations and candidates) provide a summary of the information submitted for this event.

### **Progressive Conservative Party Leadership – Second Filing**

The Progressive Conservative Party of Ontario held a contest to choose a new leader for the party on September 18, 2004. Further to the first filings completed in 2005 and reported in last year's report, the deadline for filing second returns for this contest was May 18, 2006.

The required financial filings for the three leadership contestants were received by the filing deadline. In aggregate, the three contestants reported a total of \$2.9 million in income, and deficits totalling \$35,238.

Appendix J provides a summary of the information submitted for this event. These are the required financial filings covering the period from June 13, 2004 to November 18, 2005.

## AUDITOR'S REPORT

To the Chief Election Officer

I have audited the balance sheet of the Office of the Chief Election Officer – *Election Finances Act* as at March 31, 2005 and the statements of revenue and expenses and changes in net assets for the year then ended. These financial statements are the responsibility of the Chief Election Officer. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Office of the Chief Election Officer – *Election Finances Act* as at March 31, 2005 and the results of its operations and the changes in its net assets for the year then ended in accordance with Canadian generally accepted accounting principles.

**1. BACKGROUND**

The Chief Election Officer is responsible for administering the *Election Finances Act*. Under the Act, the Chief Election Officer registers and reviews filings from Ontario political parties, constituency associations, candidates and leadership contestants for purposes of monitoring compliance with contribution and expenditure limits established by the Act. The Chief Election Officer also pays subsidies to eligible recipients as provided for under the Act.

Expenses and asset acquisitions are paid by the Office of the Chief Election Officer on behalf of the Office and are reimbursed out of the Consolidated Revenue Fund to the maximum of the voted appropriation. Voted appropriation, which was approved on the modified cash basis of accounting, for the fiscal year ended March 31, 2005 was \$5,769,300 (2004 – \$4,654,200).

As an Ontario Crown agency, the Office of the Chief Election Officer – *Election Finances Act* ("The Office") is exempted from federal and provincial income taxes under the *Income Tax Act* (Canada)

**2. SIGNIFICANT ACCOUNTING POLICIES**

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The significant accounting policies used to prepare these statements are summarized below.

**(a) Capital Assets**

Capital assets are recorded at historical cost less accumulated amortization. Amortization is calculated using the straight-line method over the estimated useful lives of the assets, with a half-year provision in the year of acquisition, as indicated below:

Computer hardware	3 years
Furniture, fixtures and equipment	3 years

**(b) Revenue Recognition**

Revenue from the Province is recognized in the same period as the underlying administrative and operating expenses and subsidies are incurred. As a result, Accounts payable and accrued liabilities are equal to the amount of Accounts receivable – consolidated revenue fund.

**(c) Subsidies**

Campaign expense subsidies and audit fee subsidies for campaign returns are recorded in the fiscal year in which the election was held. Leadership contestant audit fee subsidies are recorded in the fiscal year in which the event took place. Annual returns audit fee subsidies are recorded in the fiscal year to which the returns are related.

Notes to Financial Statements  
March 31, 2005**2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****(d) Use of Estimates**

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires that management make estimates and assumptions that affect the reported amount of assets and liabilities as at the date of the financial statements and the reported amounts of revenues and expenses for the period. Actual amounts could differ from these estimates as additional information becomes available in the future.

**(e) Anonymous and Excess Contributions**

Under the Act, anonymous contributions received by a registered political party, constituency association, candidate or leadership contestant must be remitted to the Chief Election Officer. In addition, excess contributions over the maximum limits specified in the *Election Finances Act* must be remitted to the Chief Election Officer unless the recipient is able to refund the excess contribution to the contributor and recover the official receipt. Due to the unpredictable nature of such contributions, they are recognized when received.

**3. CAPITAL ASSETS**

Capital assets consists of the following:

	2005		2004
Cost	Accumulated Amortization	Net Book Value	Net Book Value
(\$)	(\$)	(\$)	(\$)
Furniture, fixtures and equipment	2,106	632	1,053
	<b>2,106</b>	<b>632</b>	<b>1,053</b>

**4. SUBSIDIES**

The *Election Finances Act* requires payment of various subsidies. The subsidy amounts noted below are effective from January 1, 2004 until December 31, 2008.

- Candidate campaign expenses to every registered candidate who receives at least 15% of the popular vote in an electoral district. The reimbursed amount is the lesser of 20% of the candidate's campaign expenses or 20% of the allowable maximum campaign expenditure limit of \$1.08 per eligible voter (96 cents prior to January 1, 2004). Candidates in designated northern electoral districts may receive an additional \$7,840 (\$7,000 prior to January 1, 2004).

**Notes to Financial Statements  
March 31, 2005**

---

**4. SUBSIDIES (CONTINUED)**

- Campaign expenses to every registered party that receives at least 15% of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district.
- Audit fees for annual and campaign returns of each registered constituency association to a maximum of \$672 per return (\$600 prior to January 1, 2004).
- Audit fees for annual and campaign returns of each registered party to a maximum of \$1,344 per return (\$1,200 prior to January 1, 2004).
- Audit fees for campaign returns of each candidate to a maximum of \$1,120 per return (\$1,000 prior to January 1, 2004).
- Audit fees for campaign returns of each leadership contestant to a maximum of \$896 per return (\$800 prior to January 1, 2004).

**5. PENSION PLAN**

The Office provides pension benefits for its permanent employees (and to non-permanent employees who elect to participate) through participation in the Ontario Public Service Pension plan, which is a multi-employer plan established by the Province of Ontario. This plan is accounted for as a defined contribution plan as the Office has insufficient information to apply the defined benefit plan accounting to this pension plan. The Office's contribution to the plan during the year for its employees was \$25,905 (2004 – \$24,987), which is included in salaries and employee benefits.

Post-retirement non-pension benefits are paid by the Province and accordingly are not included in the financial statements.

**6. LEASE COMMITMENTS**

The Office shares office space with the Office of the Chief Election Officer – *Election Act*. The leasing cost is calculated based on the square footage occupied by the respective offices. The Office also leases office equipment for its own use. The Office's share of the total minimum lease payments are as follows:

Le montant remboursé correspond au moins de 20 % des dépenses liées à la campagne électorale du candidat ou 20 % du montant maximal des dépenses autorisé de 1,08 \$ par électeur admissible (0,96 \$ avant le 1<sup>er</sup> janvier 2004). Les candidats des circonscriptions électorales désignées du Nord peuvent recevoir un montant supplémentaire de 7 840 \$ (7 000 \$ avant le 1<sup>er</sup> janvier 2004).

- Les dépenses liées à la campagne électorale des partis inscrits qui obtiennent au moins 15 % des suffrages exprimés dans une circonscription électorale. Le montant remboursé correspond à 0,05 \$ par électeur admissible dans chacune des circonscriptions électorales.

- Les honoraires de vérification des rapports annuels et des rapports de campagne de chaque association de circonscription inscrite jusqu'à concurrence de 672 \$ par rapport (600 \$ avant le 1<sup>er</sup> janvier 2004).

- Les honoraires de vérification des rapports annuels et des rapports de campagne de chaque parti inscrit jusqu'à concurrence de 1 344 \$ par rapport (1 200 \$ avant le 1<sup>er</sup> janvier 2004).
- Les honoraires de vérification des rapports de campagne de chaque candidat jusqu'à concurrence de 1 120 \$ par rapport (1 000 \$ avant le 1<sup>er</sup> janvier 2004).
- Les honoraires de vérification des rapports de campagne de chaque candidat à la direction d'un parti jusqu'à concurrence de 896 \$ par rapport (800 \$ avant le 1<sup>er</sup> janvier 2004).

5. RÉGIME DE RETRAITE

Le Bureau du directeur général des élections assure le service de prestations de retraite à ses employés permanents (et aux employés non permanents qui choisissent de participer) au moyen de la participation au Régime de retraite des fonctionnaires de l'Ontario, lequel est un régime interentreprises instauré par la province de l'Ontario. Ce régime est comptabilisé comme un régime à cotisations déterminées étant donné que le Bureau ne dispose pas de renseignements suffisants pour lui appliquer la comptabilité des régimes à prestations déterminées. La cotisation versée au régime par le Bureau au cours de l'année pour ses employés s'élevait à 25 905 \$ (2004 — 24 987 \$), montant qui est inclus dans les salaires et les avantages sociaux. Les prestations après retraite non liées à la pension sont versées par la province et, par conséquent, ne figurent pas dans l'état des dépenses.

1. CONTEXTE

Le directeur général des élections est responsable de l'administration de la *Loi sur le financement des élections*. À ce titre, il consigne et examine les rapports déposés par les partis politiques, les associations de circonscription, les candidats et les candidats à la direction d'un parti afin de surveiller la conformité aux plafonds des contributions et des dépenses prévus dans la Loi. Le directeur général des élections verse en outre des subventions aux bénéficiaires admissibles conformément à la Loi.

Les dépenses et les acquisitions d'actifs sont remboursées par le Bureau du directeur général des élections; les remboursements sont payés sur le Trésor jusqu'à concurrence du maximum des crédits votés. Les crédits votés pour l'exercice terminé le 31 mars 2005, approuvés selon la version modifiée de la comptabilité de caisse, s'élevaient à 5 769 300 \$ (2004 — 4 654 200 \$). En tant qu'organisme de la Couronne et conformément à la *Loi de l'impôt sur le revenu* (Canada), le Bureau du directeur général des élections — *Loi sur le financement des élections* (« le Bureau ») se soustrait à l'impôt fédéral et provincial sur le revenu.

2. CONVENTIONS COMPTABLES IMPORTANTES

Les états financiers ont été préparés par la direction conformément aux principes comptables généralement reconnus au Canada. Les principales conventions comptables utilisées pour préparer ces états financiers sont énumérées et résumées ci-dessous.

(a) Immobilisations

Les immobilisations sont constatées au coût historique moins l'amortissement cumulé. L'amortissement est calculé selon la méthode de l'amortissement linéaire pendant les durées de vie utile estimatives des immobilisations, avec une disposition relative à la demi-année pendant l'exercice de l'acquisition :

Matériel informatique	3 ans
Mobilier, agencements et équipement de bureau	3 ans

(b) Constatation des produits

Les revenus provenant de la province sont pris en compte pour toute la période pendant laquelle sont consignées les dépenses et les subventions relatives à l'administration et aux opérations. Par conséquent, les comptes à payer et les charges à payer sont équivalents aux comptes à recevoir — Trésor.

Toronto (Ontario)  
Le 4 octobre 2005

Le vérificateur général adjoint,  
Gary R. Peall, CA

À mon avis, ces états financiers donnent, à tous les égards importants, une image fidèle de la situation financière du Bureau du directeur général des élections, en vertu de la *Loi sur le financement des élections*, au 31 mars 2005, de ses résultats d'activités et des variations de son actif net pour l'exercice terminé à cette date, selon les principes comptables généralement reconnus au Canada.

Ma vérification a été effectuée conformément aux normes de vérification généralement reconnues au Canada. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir l'assurance raisonnable que les états financiers sont exempts d'inexactitudes importantes. La vérification comprend le contrôle par sondages des éléments probants à l'appui des montants et des autres éléments d'information fournis dans les états financiers. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble des états financiers.

J'ai vérifié le bilan du Bureau du directeur général des élections au 31 mars 2005, ainsi que l'état des revenus et des dépenses et l'état des variations de l'actif net, en vertu de la *Loi sur le financement des élections*, pour l'exercice terminé à cette date. La responsabilité de ces états financiers incombe au directeur général des élections. Ma responsabilité consiste à exprimer une opinion sur ces états financiers en me fondant sur ma vérification.

Au directeur général des élections

## Responsabilité à l'égard des rapports financiers

Les états financiers ci-joints, déposés en vertu de la *Loi sur le financement des élections*, ont été préparés conformément aux principes comptables généralement reconnus au Canada. La responsabilité des états financiers incombe à la direction. Les états financiers ont été préparés correctement, dans les limites du seuil d'importance relative et compte tenu des renseignements disponibles au 4 octobre 2005.

Il incombe à la direction de vérifier l'intégrité des états financiers et de mettre en place un système de contrôles internes visant à fournir l'assurance raisonnable que les actifs sont protégés et que des renseignements financiers fiables sont disponibles en temps opportun. Le système comporte des politiques et procédures officielles ainsi qu'une structure organisationnelle permettant une délégation de pouvoirs et une séparation des responsabilités appropriées.

Les états financiers ont été vérifiés par le vérificateur général. Le vérificateur général a la responsabilité d'exprimer une opinion sur la question de savoir si les états financiers donnent une image fidèle selon les principes comptables généralement reconnus au Canada. Le rapport du vérificateur, présenté dans les pages qui suivent, délimite la portée de sa vérification et de son opinion.

Le directeur général des élections,

John L. Hollins

Elections Ontario a versé 21 415 \$ aux candidats et 9 000 \$ aux partis à titre de subventions aux fins de la campagne.

Les Annexes F (partis) et G (associations et candidats) présentent le sommaire des renseignements fournis à la suite de ce scrutin.

### **Election partielle dans Scarborough-Rouge River**

Une élection partielle a eu lieu dans la circonscription électorale de Scarborough-Rouge River le 24 novembre 2005. Au total, les partis politiques ont reçu 2,6 millions de dollars, tandis que les candidats et les associations ont reçu 0,2 million de dollars additionnels.

Le plafond des dépenses par candidat s'établissait à 93 167 \$ par candidat et à 57 798 \$ par parti politique.

Elections Ontario a versé 22 031 \$ aux candidats et 12 940 \$ aux partis à titre de subventions aux fins de la campagne.

À la date de publication du présent rapport, une seule association n'avait pas encore déposé les rapports financiers exigés pour l'élection partielle dans Scarborough-Rouge River (voir l'Annexe I).

Les Annexes H (partis) et I (associations et candidats) présentent le sommaire des renseignements fournis à la suite de ce scrutin.

### **Course à la direction du Parti progressiste-conservateur – Dépôt des seconds rapports**

Le Parti progressiste-conservateur de l'Ontario a choisi un nouveau chef le 18 septembre 2004. Les premiers rapports ont été déposés en 2005 et déclarés dans le rapport de l'an dernier. La date limite pour le dépôt des seconds rapports était le 18 mai 2006.

Les trois candidats à la direction du parti ont soumis les rapports financiers exigés avant la date limite. Au total, ils ont fait état de revenus de 2,9 millions de dollars et de déficits de 35 238 \$.

Comme il est indiqué plus haut, une élection partielle a eu lieu dans la circonscription électorale de Dufferin-Peel-Wellington-Grey le 17 mars 2005. Au total, les partis politiques ont reçu pour 4,3 millions de dollars de contributions, tandis que les candidats et les associations

Comme nous le signalions dans notre rapport annuel pour l'année 2004, un nombre relativement élevé d'associations éprouvent encore des difficultés à respecter le délai de dépôt des rapports financiers. Elections Ontario poursuit ses efforts pour encourager et aider les partis à régler ces problèmes de conformité. Nous continuerons d'aider les associations qui restent à déposer leurs rapports financiers combinés pour 2005 et le début de 2006. Il est important de souligner qu'en vertu de la loi, ces associations doivent déposer leurs états

Une importante responsabilité permanente d'Elections Ontario est l'examen et l'approbation des rapports financiers que les partis politiques inscrits, les candidats aux élections, les associations de circonscription et les candidats à la direction d'un parti doivent soumettre en vertu de la *Loi sur le financement des élections*. Tous les rapports déposés auprès d'Elections Ontario sont accessibles au public à nos bureaux et sur notre site Web.

Elections Ontario examine tous les rapports financiers déposés afin d'en assurer la conformité aux dispositions de la *Loi sur le financement des élections*.

Les données financières contenues dans le présent rapport et ses annexes correspondent aux renseignements déposés auprès du directeur général des élections et révisés jusqu'à la date de publication. Étant donné que nous n'avons pas terminé l'examen de tous les rapports, il est possible que certains renseignements contenus dans le présent rapport soient révisés après sa publication. Les données figurant à la section réservée au financement des élections du site Web d'Elections Ontario seront mises à jour à mesure que des révisions deviendront disponibles.

Nous invitons les lecteurs à consulter les rapports soumis sur le site Web d'Elections Ontario à [www.electionsontario.on.ca](http://www.electionsontario.on.ca).

## Rapports annuels pour 2005

Comme il est noté plus haut, par suite du redécoupage des circonscriptions électorales, les associations des anciennes circonscriptions devront être dissoutes au plus tard le 31 décembre 2006. Dans le cadre de leurs plans de redécoupage, certains partis ont demandé la permission de combiner dans un seul rapport les activités financières menées par leurs associations en 2005 et au début de 2006. Ces demandes ont été approuvées par le DGE. Le présent rapport ne contient donc pas les états financiers sommaires des associations de circonscription pour 2005. Étant donné que les associations ont été dissoutes à différentes dates et que certaines d'entre elles ont déposé des rapports combinant les activités financières de 2005 et du début de 2006, comme il est expliqué ci-dessus, il a été impossible de présenter une agrégation raisonnable des données.

L'Annexe E présente un sommaire des états financiers soumis par les partis politiques inscrits. Dans leurs rapports annuels pour 2005, les partis politiques ont déclaré des contributions totalisant 7,5 millions de dollars, dont 64 pour cent provenaient de particuliers, 31 pour cent de sociétés et cinq pour cent de syndicats. Le tableau qui suit résume les sources des contributions politiques pour chacun des partis politiques inscrits, telles que déclarées dans les rapports financiers annuels pour 2005.

Outre ces séances formelles, des membres du personnel d'Elections Ontario communiquent régulièrement avec des représentants des partis politiques, des associations de circonscription, des candidats aux élections et des candidats à la direction d'un parti, afin de répondre à leurs questions au sujet du financement des élections.

Les réunions périodiques du Comité consultatif des partis politiques inscrits offrent une autre excellente occasion de discuter des questions liées au financement des élections. Entre autres enjeux examinés en 2005, on compte le redécoupage des circonscriptions électorales, les effets potentiels des projets de loi ainsi que d'autres questions touchant la conformité.

Enfin, la directrice générale adjointe des élections a participé au congrès de 2005 du *Council on Governmental Ethics Laws (COGEL)* tenu à Boston, dans le Massachusetts. Elections Ontario est un membre actif de cette organisation depuis plus de vingt ans.

## ACTIVITÉS D'INSCRIPTION

### Réservations de noms de partis

On présente à l'Annexe B un résumé de toutes les demandes de réservation de noms de nouveaux partis politiques soumises au directeur général des élections en 2005. Sur les cinq demandes présentées en 2005, le directeur général des élections en a approuvé trois et rejeté deux.

Le parti politique qui réserve un nom dispose d'une période de un an pour satisfaire aux exigences énoncées dans la *Loi sur le financement des élections* et se faire inscrire à titre de parti politique. À cette fin, le parti doit nommer des candidats dans au moins 50 pour cent des circonscriptions électorales après l'émission du décret de convocation des électeurs en vue d'une élection générale ou encore fournir au directeur général des élections les noms, adresses et signatures de 10 000 électeurs admissibles qui appuient sa demande d'inscription.

### Inscriptions de partis politiques

Aucun nouveau parti politique n'a été inscrit en vertu de la *Loi sur le financement des élections* et aucun parti politique provincial n'a été radié en 2005.

### Inscriptions d'associations de circonscription

On présente à l'Annexe C la liste des associations de circonscription au début et à la fin de 2005, classées par parti politique inscrit.

En résumé, le nombre total d'associations de circonscription inscrites est passé de 435 à 395 durant la période à l'étude. Aucune nouvelle association n'a été inscrite en 2005 et 40 associations en tout ont été radiées, dont 13 parce qu'elles n'avaient pas déposé leurs états financiers vérifiés et 27 à titre volontaire. Il est à noter que plusieurs partis ont volontairement radié certaines de leurs associations inactives en prévision du redécoupage des circonscriptions en vertu de la *Loi de 2005 sur la représentation électorale*.

Élections Ontario a été l'hôte de l'atelier annuel des administrateurs d'élections au Canada, tenu en février 2006. Le congrès de cette année mettait l'accent sur l'administration des lois sur le financement des élections. Ce forum régulier permet aux administrateurs d'Élections Ontario, d'Élections Canada et d'autres administrations électorales des provinces et territoires de discuter des enjeux communs et de partager les pratiques exemplaires dans ce domaine. La division du financement des élections continue de travailler avec les partis politiques pour aider les directeurs des finances (DF) à se conformer aux exigences de la *Loi sur le financement des élections*. À cet égard, des membres du personnel d'Élections Ontario ont participé à dix séances d'approche (180 participants en tout) organisées en 2005 et jusqu'ici en 2006. Les sujets traités comprenaient les procédés de dépôt des rapports financiers et autres exigences prévues par la loi, ainsi que la procédure à suivre pour dissoudre les anciennes associations et inscrire les nouvelles associations formées à la suite du redécoupage.

## Activités d'approche

Comme le notent les rapports annuels antérieurs, Elections Ontario continue de rechercher l'équilibre approprié entre l'application de la *Loi sur le financement des élections* et la prestation du soutien nécessaire à son réseau d'intervenants composé en grande partie de bénévoles. Nous continuons également de chercher des moyens de rationaliser les procédés et de recourir à de nouvelles technologies pour administrer la *Loi sur le financement des élections*. Afin de favoriser une plus grande transparence dans la divulgation publique des renseignements financiers communiqués à notre bureau, nous avons pour pratique d'afficher tous les états financiers (y compris la liste des donateurs ayant donné plus de 100 \$), « tels que soumis », sur notre site Web au plus tard 30 jours ouvrables après le délai de dépôt. Toute révision apportée à ces renseignements à l'étape de l'examen de conformité figurera dans la version « finale » des documents, également affichée sur notre site Web.

## QUESTIONS DE GESTION

Depuis le 15 décembre 2005, les partis politiques inscrits et les candidats à la direction d'un parti doivent présenter un rapport au directeur général des élections dans les 10 jours ouvrables suivant le dépôt de toute contribution supérieure à 100 \$. Ce rapport doit préciser le nom du donateur et le montant de la contribution. Le directeur général des élections doit divulguer cette information au public sur Internet dans les 10 jours ouvrables suivant sa réception. Afin de se conformer aux nouvelles exigences établies par la loi, Elections Ontario a conçu un système de rapports électroniques qu'il a introduit tout de suite après l'adoption du projet de loi. Nous sommes empressés d'informer les partis politiques des nouvelles exigences en matière de divulgation pour que ceux-ci puissent les respecter. Les détails de ces rapports sont affichés dans la section réservée au financement des élections sur le site Web d'Élections Ontario à [www.electionsontario.on.ca](http://www.electionsontario.on.ca), sous « Divulgation des contributions politiques ».

Le projet de loi 214 a reçu la sanction royale le 15 décembre 2005. Il édictait la *Loi de 2005 sur la représentation électorale* et modifiait la *Loi sur le financement des élections*, qui exige désormais la divulgation à différentes dates de certaines contributions financières acceptées pour le compte d'un parti politique ou d'un candidat à la direction d'un parti.

### ***Loi de 2005 sur la représentation électorale – Redécoupage***

En vertu de la *Loi de 1996 sur la représentation électorale* de l'Ontario, aux fins de la représentation à l'Assemblée législative, l'Ontario était divisé en circonscriptions électorales identiques aux circonscriptions électorales fédérales correspondantes.

Cependant, par suite de l'adoption de la *Loi de 2005 sur la représentation électorale*, à compter de la prochaine élection générale provinciale, l'Ontario sera divisé en 107 plutôt qu'en 106 circonscriptions électorales comme au niveau fédéral. La province compte actuellement 103 circonscriptions électorales. Selon cette loi, toutes les associations de circonscription existantes seront automatiquement dissoutes le 31 décembre 2006, à moins qu'un parti ne demande leur dissolution par écrit avant cette date ou que l'Assemblée législative ne soit dissoute plus tôt.

La nouvelle loi stipule qu'un parti peut demander au directeur général des élections de permettre à une ancienne association de circonscription de déposer des états financiers couvrant les activités financières de la période jusqu'à la date de sa dissolution en 2006, en combinaison avec ses états financiers annuels pour 2005. Des neuf partis inscrits, cinq ont demandé et reçu la permission de déposer des rapports financiers combinés pour 2005 et le début de 2006 pour leurs associations.

La nouvelle loi prévoit également qu'une nouvelle association de circonscription inscrite durant la deuxième moitié de 2006 peut demander la permission d'inclure dans son premier rapport annuel les activités financières menées depuis la date de son inscription en 2006 jusqu'au 31 décembre 2007.

Le personnel d'Elections Ontario a informé tous les partis et toutes les associations des exigences et procédures à respecter dans la conversion aux nouvelles limites des circonscriptions électorales. Elections Ontario continuera de travailler en étroite collaboration avec les représentants des partis afin de faciliter la transition administrative aux nouvelles limites.

### **Modifications à la *Loi sur le financement des élections* – Introduction de la divulgation en temps réel**

Outre le redécoupage, le projet de loi 214 introduisait de nouvelles exigences de déclaration pour certaines contributions aux partis politiques inscrits et aux candidats à la direction d'un parti afin que la divulgation se fasse « en temps réel ».

Les principales responsabilités qui incombent au directeur général des élections en vertu de la Loi sur le financement des élections se répartissent généralement en cinq domaines :

- L'inscription des partis politiques, des associations de circonscription, des candidats à la direction d'un parti inscrit et des candidats aux élections générales et partielles de l'Ontario

- La supervision des plafonds imposés aux dépenses liées à la campagne électorale et aux contributions politiques

- Le remboursement des dépenses liées à la campagne électorale au moyen de subventions

- La délivrance des formulaires de réception aux fins de l'impôt à l'égard des contributions faites aux partis, aux associations de circonscription et aux candidats

- La publication des renseignements et des documents déposés en vertu de la Loi sur le financement des élections.

## CONTEXTE

Le présent rapport donne un aperçu des modifications à la Loi sur le financement des élections adoptées en 2005 ainsi qu'un résumé des grandes questions de gestion abordées la même année. En outre, il donne un aperçu des activités d'inscription menées en vertu de la Loi sur le financement des élections et examine les rapports financiers soumis par les partis politiques inscrits durant la période du rapport.

Il comprend les rapports financiers annuels des partis politiques inscrits mais non ceux des associations pour 2005. Cela est dû à l'impact de la révision des limites des circonscriptions électorales sur le délai de dépôt des rapports financiers des associations de circonscriptions. Cet impact est examiné plus en détail dans la section « Rapports financiers ».

Le présent rapport comprend également les rapports financiers soumis par les partis politiques inscrits, les associations de circonscription et les candidats aux élections partielles tenues dans Dufferin-Peel-Wellington-Grey le 17 mars 2005 (délai de dépôt : 19 septembre 2005) et dans Scarborough-Rouge River le 24 novembre 2005 (délai de dépôt : 24 mai 2006), de même que les seconds rapports financiers soumis sur le congrès d'investiture du Parti progressiste-conservateur de l'Ontario tenu le 18 septembre 2004 (délai de dépôt : 18 mai 2006).

Les dépenses d'exploitation d'Élections Ontario pour 2005-2006 se répartissent ainsi :

## DONNÉES FINANCIÈRES

- La mise au point d'un programme d'orientation à l'intention des candidats qui rassemble les ressources et l'information dans un guide et une série de séances d'orientation avec le directeur du scrutin de chaque circonscription électorale durant les élections
- Le remaniement de la stratégie et du matériel de communication sur le financement des élections
- La publication de l'atlas des *Circonscriptions électorales de l'Ontario*
- Des messages d'intérêt public visant à faciliter l'inclusion d'électeurs au processus de sélection de l'Assemblée des citoyens sur la réforme électorale.

Un facteur de succès clé pour s'assurer que les produits RPEO sont exacts et suffisamment détaillés est la conversion pour le Registre des adresses d'Elections Ontario, qui vise à lier les renseignements géographiques aux six millions d'adresses de la province selon les nouvelles limites.

Nous avons réalisé d'importants progrès dans l'appariement et la vérification des adresses courantes à partir de nos sources : la SEFM, Teranet et Elections Canada. Pour nous préparer à l'élection générale de 2007, nous continuons d'élaborer des politiques afin de mettre à jour le RPEO et nous continuons de travailler, de concert avec Elections Canada, à l'amélioration de la qualité des données de ce registre.

Dans le cadre de l'entente tripartite entre Elections Ontario, Elections Canada et la SEFM, nous continuons de collaborer étroitement avec nos partenaires pour élaborer des règles administratives visant à favoriser le partage des données électorales et pour réaliser l'objectif à long terme qui consiste à établir, en pratique, une liste d'électeurs.

Nous entamons également une série de rencontres et de séances d'information avec des ministères provinciaux afin de chercher de nouvelles sources de données et de faire valoir les avantages du partage des données pour les électeurs de l'Ontario.

## DÉVELOPPEMENT TECHNOLOGIQUE

Au cours de l'année écoulée, nous avons établi une stratégie technologique qui permettra à Elections Ontario d'appuyer les scrutins des deux prochains cycles électoraux, ainsi que tout changement technique requis à la suite des réformes électorales.

Cette phase, conclue à la fin de 2005, a été suivie par la mise en œuvre vigoureuse de nos nouveaux Systèmes de gestion des élections (SGE), qui fourniront un accès Web sûr et fiable aux produits et services informationnels et géographiques nouveaux ou améliorés pour les électeurs, les candidats, les partis politiques, le personnel des bureaux des directeurs de scrutin et les membres du personnel électoral.

## COMMUNICATIONS AVEC LES INTERVENANTS

Au cours de 2005, nous avons mis en œuvre notre stratégie de communications intégrées afin de projeter une image de marque uniforme et de produire du matériel de communication efficace. Nos réalisations comprennent ce qui suit :

- Le développement d'une image de marque établissant Elections Ontario comme la ressource à consulter pour obtenir aide et information tout au long du cycle électoral provincial
- L'élaboration d'une stratégie de préparation à l'élection de 2007 afin de soutenir nos relations avec les groupes d'intervenants qui servent les électeurs ayant des besoins particuliers

Ces scrutins ont permis à notre division des Activités électorales de mettre une gamme d'initiatives à l'essai.

Les initiatives novatrices testées comprenaient :

- La gestion automatisée des listes dans deux bureaux de vote par anticipation
- De nouveaux panneaux indicateurs pour les bureaux de vote par anticipation

Des guichets, des tables et des isolements en carton ondulé durable utilisés dans les bureaux des directeurs du scrutin afin d'évaluer leur potentiel à réduire les coûts de location du matériel.

Nous avons également testé un nouveau modèle de dotation dans deux lieux de vote où nous avons fusionné cinq sections de vote en une seule. Un des lieux était automatisé alors que l'autre ne l'était pas. Notre objectif était de tester la fonctionnalité du modèle, d'observer et d'évaluer le processus et de déterminer l'impact sur la fusion des sections de vote. Nous avons remarqué que :

- la réduction du personnel avait entraîné d'importantes économies
- les électeurs étaient traités avec efficacité et efficience
- les formulaires étaient bien remplis

des listes étaient produites toutes les heures pour les représentants de candidat

- les résultats étaient exacts.

Les autres initiatives testées incluaient :

- une procédure d'inscription/de confirmation rationalisée visant à faciliter la révision ciblée à la porte pour les électeurs
- une nouvelle liste de confirmation qui contient des adresses prédéterminées pour vérification et/ou une documentation supplémentaire et qui réduit le temps passé à chaque adresse
- l'ajout de lieux de vote dans tous les complexes de plus de 100 logements dans chaque circonscription électorale afin d'améliorer l'accès aux élections.

## PROGRÈS RÉALISÉS DANS LE REGISTRE PERMANENT DES ÉLECTEURS POUR L'ONTARIO (RPEO)

L'imminence d'une élection générale et le redécoupage des circonscriptions électorales de la province ont poussé notre division RPEO à travailler d'arrache-pied à la mise à jour des données géographiques associées aux 107 nouvelles circonscriptions électorales et à la préparation de nouveaux produits géographiques. Ces produits aideront considérablement les partis politiques, les candidats et Elections Ontario à administrer les scrutins.

Nous avons reçu une réaction très positive des intervenants à notre récent atlas des *Circonscriptions électorales de l'Ontario*, une publication de 260 pages contenant les cartes et les descriptions officielles des nouvelles régions et circonscriptions provinciales.

\*\* Les renseignements financiers pour l'élection partielle de Scarborough-Rouge River figurent au rapport annuel ci-joint en vertu de la *Loi sur le financement des élections*. Les renseignements exigés pour les trois autres élections partielles ne sont pas disponibles aux fins du présent rapport.

\* Le président de l'Assemblée, nommé en vertu du règlement, ramène le nombre total des hommes à 52.

Depuis la publication du Rapport pour l'année 2004, et à la suite de la démission de députés de l'Assemblée législative, Elections Ontario a organisé quatre élections partielles dans les circonscriptions électorales de Scarborough-Rouge River le 24 novembre 2005 et de Toronto-Danforth, Whitby-Ajax et Nepean-Carleton le 30 mars 2006\*\*. Les renseignements à présenter en vertu de la *Loi sur le financement des élections* figureront au Rapport pour l'année 2006 qui sera publié l'an prochain.

Les tableaux ci-dessous résument nos activités administratives dans le cadre de chaque élection partielle.

## ÉLECTIONS PARTIELLES

Après avoir remis la liste de noms à la ministre responsable du Renouveau démocratique avant le 14 juillet 2006, il nous reste à présenter un rapport sur notre conduite du processus de sélection au Président après la prochaine élection générale.

- de fournir une liste finale de membres potentiels (52 femmes et 51 hommes\*, y compris une personne s'identifiant comme Autochtone), ainsi que deux membres suppléants par circonscription électorale.
- de choisir les méthodologies d'échantillonnage et de sélection à utiliser
- de constituer un bassin suffisant d'électorales et d'électeurs pour satisfaire aux exigences en matière d'admissibilité
- d'utiliser le Registre permanent des électeurs pour l'Ontario comme source de données pour l'échantillonnage

L'adoption du projet de loi 214 par l'Assemblée législative de l'Ontario a entraîné des modifications à la *Loi électorale* et à la *Loi sur le financement des élections*.

Elections Ontario est en train d'examiner les changements apportés à la *Loi électorale* et leur incidence sur l'administration du calendrier électoral, particulièrement :

- l'adoption de dates fixes pour les élections générales provinciales
- la modification du délai de dépôt des déclarations de candidature lors d'élections générales

D'autres modifications législatives ont entraîné des changements dans nos opérations.

## Divuligation en temps réel de certaines contributions politiques

Nous avons répondu rapidement aux nouvelles exigences que les partis politiques et les candidats à la direction d'un parti doivent respecter en ce qui a trait à la divulgation des contributions politiques, ainsi qu'à l'obligation du directeur général des élections (DGE) d'afficher les rapports déposés sur notre site Web. La section du présent rapport portant sur les activités en vertu de la *Loi sur le financement des élections* contient plus de détails sur ces rapports « en temps réel ».

## Redécoupage

Conformément à la *Loi de 2005 sur la représentation électorale* et à partir de la prochaine élection générale provinciale, l'Ontario sera divisé en 107 circonscriptions électorales, dont 11 circonscriptions du Nord qui seront identiques (à l'exception d'une révision mineure d'une limite) à celles qui existaient lors de l'élection générale de 2003, et 96 circonscriptions du Sud qui seront identiques aux circonscriptions fédérales correspondantes. Elections Ontario continue de se pencher sur les répercussions que cette législation peut avoir sur ses activités liées au financement des élections et à la géographie électorale.

## L'Assemblée des citoyens sur la réforme électorale

À l'issue de l'élection générale de 2003, le gouvernement de l'Ontario a annoncé qu'il prévoyait constituer une Assemblée des citoyens qui aurait pour mandat d'examiner le système électoral de la province.

Aux termes d'un nouvel article (17.9) de la *Loi électorale* adopté en juin 2005 dans le cadre du projet de loi 213 et du *Règlement 82/06, Assemblée de citoyens sur la réforme électorale*, promu en mars 2006, le Bureau du directeur général des élections a été appelé à mener le processus de sélection des membres de l'Assemblée, soit 103 électrices et électeurs choisis au hasard à raison d'une personne par circonscription électorale selon le découpage actuel. Le DGE et Elections Ontario avaient essentiellement pour directives :

les directeurs du scrutin, les fournisseurs stratégiques, les intervenants extérieurs, les candidats, les partis politiques et les chefs de la direction financière en vue de l'élection de 2007

- Image de marque et normes applicables à toutes les communications d'Élections Ontario
- Amélioration de procédés clés de budgétisation et de planification, y compris :

- Un examen du « Barème des dépenses d'élection, indemnités et honoraires » aux termes du règlement pris en application de la *Loi électorale*
- Un nouveau procédé formalisé de prévision et de planification budgétaire pour les divisions internes

- Insistance continue dans notre administration sur notre approche de gestion de la qualité, y compris l'amélioration des protocoles et pratiques de gestion des documents

- Mise en œuvre du traitement des rapports en temps réel pour les partis politiques et les candidats à la direction d'un parti

- Témoignage et renseignements fournis aux comités législatifs chargés d'examiner la réforme électorale

- Conduite et surveillance d'un processus impartial de sélection des membres de l'Assemblée des citoyens sur la réforme électorale

- Administration d'élections partielles.

Certains de ces faits saillants sont examinés plus en détail ci-après.

Au cours de l'année écoulée, Elections Ontario a avancé résolument dans ses préparatifs électoraux. Des pratiques administratives nouvelles ou améliorées, conjuguées aux initiatives prises en réponse à l'évolution des lois, donnent à penser que nous ferons preuve d'un plus grand esprit d'innovation et serons plus réceptifs aux besoins des intervenants que jamais auparavant.

Voici donc les faits saillants des activités exercées entre juillet 2005 et juin 2006 dans le cadre de notre engagement continu à intégrer l'excellence du service à tous les aspects du processus électoral :

- Elaboration d'une stratégie technologique qui permettra à Elections Ontario d'appuyer les scrutins des deux prochains cycles électoraux de même que les changements de nature technique rendus nécessaires par les réformes électorales
- Rationalisation accrue des méthodologies permettant d'ajouter et de maintenir des renseignements exacts et à jour dans le Registre permanent des électeurs pour l'Ontario (RPEO)
- Collaboration continue avec Elections Canada et la Société d'évaluation foncière des municipalités (SEFM), dans le cadre de notre entente tripartite, afin d'améliorer davantage les règles et les procédés administratifs requis pour mettre à jour les renseignements électoraux de chaque organisme et réaliser, en pratique, la vision d'une liste d'électeurs

- Elaboration de nouveaux produits géographiques pour l'élection générale de 2007
- Mappage de 299 procédés prioritaires dans le cadre du projet de restructuration du processus électoral afin de favoriser l'innovation, l'efficacité de la conception des procédés et une prestation économique
- Nouveau programme d'orientation visant à aider les candidats à comprendre et à respecter leurs obligations en période électorale

- Consultations continues avec des intervenants clés, y compris le Comité consultatif des partis politiques
- Établissement continu de réseaux avec les groupes d'intervenants afin d'assurer l'accessibilité pour tous les électeurs

- Participation, avec d'autres organismes électoraux canadiens, à l'Accord sur la technologie électorale (ATE) afin de mettre en place un environnement avant-gardiste qui encourage la collaboration et le partage des ressources entre les différentes administrations électorales

- Planification et mise en œuvre d'une stratégie de communications sur le Web afin de favoriser une plus grande efficacité et l'uniformité pour le grand public; d'un nouvel intranet à l'intention des employés; et d'un site extranet sécurisé pour aider

En 2002, nous avons publié notre *Plan stratégique 2002-2006* pour orienter nos activités dans le cadre de l'élection générale de 2003 et les activités subséquentes selon les facteurs de succès suivants :

**Conduite de scrutins** : Elections Ontario sera prêt à conduire un scrutin en tout temps, mettant constamment au point et adoptant de nouveaux procédés pour améliorer la tenue des scrutins.

**Infrastructure solide** : Elections Ontario aura à sa disposition l'organisation, les installations et la technologie de l'information requises pour soutenir ses activités quotidiennes, la conduite de scrutins, les projets spéciaux et l'amélioration continue des procédés.

**Maximisation des partenariats** : Elections Ontario profitera au maximum de ses partenariats afin d'échanger sur les pratiques exemplaires, de réduire les coûts électoraux et d'éliminer le doublement des services.

**Engagement des intervenants** : Elections Ontario aura la crédibilité voulue pour favoriser la conclusion d'ententes sur les normes électorales et pour faciliter les changements législatifs nécessaires.

**Excellence du service** : Elections Ontario intégrera l'excellence du service à tous les aspects du processus électoral.

L'examen des activités exercées en vertu de la *Loi électorale* à la fin de 2005 et durant la première moitié de 2006 confirme que nous sommes sur la bonne voie quant à la concrétisation de ces facteurs de succès et qu'ils nous conduiront jusqu'en 2007 tout en nous préparant à notre prochain cycle de planification stratégique (2008-2012). Le présent rapport présente nos activités parmi les plus importantes au cours de l'année écoulée à l'intention des membres de l'Assemblée législative de l'Ontario.

L'honorable Michael A. Brown  
Président de l'Assemblée législative  
Édifice de l'Assemblée législative,  
Queen's Park  
Toronto (Ontario)

Monsieur le Président,

J'ai le plaisir de vous présenter le rapport annuel sur les activités menées par mon Bureau au cours de l'année 2005 aux termes de la *Loi sur le financement des élections* et de la *Loi de 1999 sur la protection des contribuables*, conformément au paragraphe 2(4) de la *Loi sur le financement des élections*.

J'y traite des activités liées à l'inscription des partis politiques et au dépôt des rapports produits par les partis politiques inscrits et les associations de circonscription. Il y est également question des rapports financiers relatifs aux élections partielles tenues dans la circonscription électorale de Dufferin-Peel-Wellington-Grey le 17 mars 2005 et dans celle de Scarborough-Rouge River le 24 novembre 2005.

Au 31 mars 2006, il n'y avait eu aucune activité en vertu de la *Loi de 1999 sur la protection des contribuables*.

Bien que la loi actuelle ne prévoit pas de prescription en ce sens, mon Bureau s'est engagé à faire preuve de transparence dans toutes ses pratiques en produisant des rapports réguliers et complets. Par conséquent, ce rapport donne également une vue d'ensemble de nos activités en vertu de la *Loi électorale* entre juillet 2005 et juin 2006

Je vous prie d'agréer, Monsieur le Président, l'assurance de ma considération distinguée.

Le directeur général des élections,

John L. Hollins

# ACTIVITIES UNDER THE *ELECTION ACT*

## INTRODUCTION

Over the past three years, Elections Ontario's priorities have been targeted at completing new business processes and electoral delivery systems to make the 2007 Provincial General Election a model of access, integrity and participation.

In 2006, we continued to “bring it all together”, capitalizing on three years of review, consultation, planning and innovation to deliver the 39th Provincial General Election in October 2007. With a general election and referendum on the horizon, our strategic focus remained on maximizing partnerships and stakeholder involvement as well as establishing a solid infrastructure. This ensured our ability to adapt operations swiftly and effectively in response to potential legislative change within the final months leading up to an election and referendum.

During 2006, we continued to work with stakeholders – from electors, including those with special needs, to parties, candidates and constituency association officials – to ensure we were providing the information they need to participate effectively in the election process and in compliance with the *Election Act* and the *Election Finances Act*.

As part of our ongoing activities, Elections Ontario administered four by-elections in 2006 in the Electoral Districts of Toronto-Danforth, Whitby-Ajax, Nepean-Carleton and Parkdale-High Park.

In addition, Elections Ontario carried out its responsibility to conduct the selection process for the Citizens' Assembly on Electoral Reform, comprised of 103 randomly-selected electors – one per electoral district.

## ONGOING ACTIVITY

As part of Elections Ontario's core business, we continuously strive for electoral process excellence through stakeholder involvement, strategic partnerships and a solid infrastructure for event delivery. In order to achieve this goal, Elections Ontario engaged in regular consultation with the Advisory Committee of Political Parties and other stakeholders to better refine election processes and to identify opportunities for innovation and improvements to the products and services we offer.

Elections Ontario continued to participate with other Canadian electoral agencies in the Electoral Technology Accord. This year the group focused on the development of a common training infrastructure, the assignment of an Election Finances sub-committee to expand the common data model for political party election filing and candidate election filing and the creation of a sub-committee to develop common geography training content. In addition, Elections Ontario hosted a Jurisdictional Workshop with participation from 10 electoral agencies from across Canada. The two-day workshop provided an opportunity to share election finances best practices and new initiatives taking place across Canada.

At a strategic level, under the tripartite agreement, Elections Ontario, Elections Canada and the Municipal Property Assessment Corporation (MPAC) continue to move forward on a closer sharing of electoral data and processes to improve each organization's elector registers. In addition, Elections Ontario continues to enter into data-sharing agreements with new data sources for the next election cycle to improve the currency of the information contained in the Permanent Register of Electors for Ontario (PREO).

Through ongoing support, testing and acceptance of new register tools, Elections Ontario is developing a new system to maintain and build elector, address and geography information over the long term. The new register tools being developed are part of a larger system development plan to create an Election Management System that integrates all facets of the election administration including field operations, human resources, elector data and geography management, election finances reporting and the website.

In 2006, Elections Ontario began work on a Business Continuity and Disaster Recovery Plan to develop detailed procedures that will better enable a timely response to an event – whether critical or minimal – so that all event necessary services and processes could continue with minimal interruption.

Through our outreach work with organizations representing people with special needs, we continue to identify or reconfirm optimum communications channels and alternative formats to ensure that all Ontarians may participate in a fair and accessible election process.

## 2006 BY-ELECTIONS

During the past year, Elections Ontario administered four by-elections in the Electoral Districts of Toronto-Danforth, Whitby-Ajax, Nepean-Carleton and Parkdale-High Park.

Electoral activities in the by-elections for Toronto-Danforth, Whitby-Ajax and Nepean-Carleton were reported in the 2005 Annual Report and are not presented here. The following tables summarize our administrative activity for the Parkdale-High Park by-election.

# THE 39TH PROVINCIAL GENERAL ELECTION

## Change to the Fixed Election Date

Subsection 9(2) of the *Election Act* provides for fixed date elections on the first Thursday in October every four years, with the first fixed date general election set for October 4, 2007. Under subsection 9.1(6) of the Act, if the Chief Election Officer (CEO) is of the opinion that the date scheduled for the next provincial general election is not a suitable day for polling because it is a day of cultural or religious significance, the CEO shall choose another day in accordance with subsection 9.1(7) and make a recommendation to the Lieutenant Governor in Council that polling day should be that other day.

To determine if October 4, 2007 would be a day of cultural or religious significance and to recommend an alternate day if necessary, Elections Ontario surveyed organizations representing cultural and religious interests across Ontario. We distributed a survey by mail and posted it on our website. In the survey, we posed the following questions:

- Q1. During the period spanning October 4 to 11, 2007, are there any dates of cultural or religious significance for your organization and the community it serves?
- Q2. The *Election Act* requires 11 consecutive hours for voting. Normally, this is between 9 am and 8 pm on polling day. Is the nature of this day/these days significant such that your members would not be able to attend their poll to cast their ballot during these voting hours? (Please specify)

Our findings indicated that October 4, 5 and 11, 2007 would be days of religious significance, such that an elector would not be able to attend a poll to cast his or her ballot. With these findings, a report was prepared for the Lieutenant Governor in Council to recommend October 10, 2007 as the alternative date for polling. That recommendation was accepted by the Lieutenant Governor in Council and an order was made to that effect in early 2007.

## Event Preparation

This past year, Elections Ontario's sights were set on preparing for the 2007 general election. This year saw Elections Ontario bring together many of the final preparations for the election, while remaining flexible to adapt and respond to any upcoming legislative changes.

Under the *Representation Act, 2005*, beginning with the 39th Provincial General Election, Ontario will be redistributed into 107 new electoral districts. In addition to the dissolution of the old constituency associations, the Election Finances division within Elections Ontario worked with registered political parties in the registration of new constituency associations under the new electoral boundaries.

The Permanent Register of Electors for Ontario (PREO) division concentrated efforts to update the electoral geography for the new 107 electoral districts and prepare new geographic products. This included publishing an Atlas of the 107 electoral districts which provided maps and district descriptions. These products were aimed at assisting political parties and candidates, as well as Elections Ontario, in administering an election.

In 2006, Elections Ontario focused on developing training products and services to ensure returning office staff and poll workers have the information they need to do their jobs. A new human

resources strategy was developed to recruit, hire and train approximately 70,000 election officials from across Ontario. This included the training of 107 Returning Officers and 11 CEO Liaison Officers, hired to assist in the management of the event in Ontario's 107 electoral districts.

Elections Ontario continued to manage the recruitment of staff required to support Elections Ontario's core complement in our central office to administer and deliver the election.

We began implementing our event communications strategy to support and manage advertising, outreach and media relations campaigns for the benefit of more than eight million electors across Ontario. These processes integrate with increased self-service functionality through the planned launch of our new website, as well as a central call centre that is prepared to respond to electors with a range of special needs due to disability, language or residential issues during the election.

## CITIZENS' ASSEMBLY ON ELECTORAL REFORM

The 104 person Citizens' Assembly on Electoral Reform was created by *Ontario Regulation 82/06*, which was filed in March 2006. It required Elections Ontario to select 103 members for the Citizens' Assembly; one person from each provincial electoral district. The Chair, who was also a member, was separately appointed by the Lieutenant Governor in Council.

Fifty-two of the selected members were to be female and 51 of the selected members were to be male and at least one of the 103 members was to be a self-identified Aboriginal person; that is a person who is a North American Indian, Métis or Inuit. Two alternate members of the same gender as the selected member were chosen as well for each electoral district.

While the Regulation did not specify any distribution of members by age, it stated that the composition of the Assembly was to be "a representative body of electors." Elections Ontario endeavored to reflect the demographics of each electoral district when issuing invitations to the selection meetings held across the province.

In April 2006, Elections Ontario mailed invitation packages to 123,948 randomly selected individuals. The package was designed to determine an elector's interest in participating in the Citizens' Assembly selection process. From this initial mailing, Elections Ontario received 7,033 eligible positive responses.

For each electoral district, Elections Ontario randomly chose between 11-13 electors to attend a selection meeting held during May and June. In total, Elections Ontario held 29 selection meetings in 17 cities across the province.

At each meeting, a representative from the Citizens' Assembly Secretariat gave a presentation on the Assembly's work and the role of the members to help electors make an informed decision about their participation. At the close of each meeting, Elections Ontario supervised the random draw of the name of one elector to serve as a member of the Citizens' Assembly and two alternates from each electoral district.

On July 13, 2006, the Chief Election Officer delivered the list of members and their alternates to the Minister Responsible for Democratic Renewal.

# ACTIVITY UNDER THE *MUNICIPAL ELECTIONS ACT*, 1996

Municipal elections were held across the province in 2006. In 2000, amendments to the *Municipal Elections Act*, 1996, established a framework for questions to be posed to municipal electors. Section 8.1 of the *Municipal Elections Act*, 1996 requires municipal by-laws defining the questions to be passed 180 days before municipal voting day, and then provides for the Minister of Municipal Affairs and Housing or any other person to appeal the question to the Chief Election Officer.

The grounds for appeal are restricted to a claim that the question does not meet the rules set by section 8.1 of the *Municipal Elections Act* 1996, which include the following:

3. It shall be clear, concise and neutral.
4. It shall be capable of being answered in the affirmative or the negative and the only permitted answers to the question are “yes” or “no”.

For each appeal, the Municipal Clerk provides the documentation to the Office of the Chief Election Officer. A hearing must then be held and a decision rendered within 60 days of receiving notice of the appeal.

For the 2006 municipal elections, appeals were filed in two municipalities under the *Municipal Elections Act*, 1996. The Chief Election Officer's designate conducted hearings in the City of Guelph and the Town of Ajax to ensure that the question posed on the municipal ballot was clear, concise and neutral and capable of being answered in the affirmative or the negative.

## Appeals in 2006 under the *Municipal Elections Act*, 1996

Town of Ajax	Should the Council of the Town of Ajax pass the following resolution: That the Government of Ontario enact a regulation requiring the direct election of the Chair of the Regional Municipality of Durham?	Dec. 15, 2005	Appeal allowed in part – revised question wording ordered

*Auditor's Report*

To the Chief Electoral Officer

I have audited the balance sheet of the Office of the Chief Electoral Officer under the *Election Act* as at March 31, 2007, and the statements of revenues, fees and expenses and cash flows under the *Election Act* for the year then ended. These financial statements are the responsibility of the Chief Election Officer. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Office of the Chief Election Officer under the *Election Act* as at March 31, 2007 and its revenues, fees and expenses and cash flows under the *Election Act* for the year then ended in accordance with Canadian generally accepted accounting principles.

# Office of the Chief Election Officer — *Election Act*

Notes to Financial Statements  
March 31, 2006

---

## 1. Background

The Office of the Chief Election Officer (the Office) was established under the *Election Act* to conduct any election of Members to the Legislative Assembly. The Office coordinates the equipment, training and payment of all election officials and the rentals, equipment and supplies for all polling places. As well, the Office directs and supervises the local returning officer in each electoral district.

Four by-elections were administered during the year ended March 31, 2006. Two by-elections were administered during the year ended March 31, 2005. A general election is scheduled for the next fiscal year.

Salaries and employee benefits for the Chief Election Officer and for permanent staff of the Office are not defined as election fees and expenses under the *Election Act* and consequently are excluded from these financial statements. These amounts are disclosed separately in the Public Accounts of Ontario Volume 1 – Consolidated Revenue Fund Schedules and Ministry Statements.

## 2. Significant Accounting Policies

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The significant accounting policies used to prepare these financial statements are summarized below:

### (A) CAPITAL ASSETS

Capital assets are recorded at historical cost less accumulated amortization. Amortization is calculated using the straight-line method over the estimated useful lives of the assets, with a half year provision in the year the asset is acquired and available for use, as indicated below:

Computer software	3 years
Computer hardware	3 years
Furniture and equipment	5 years
Leasehold improvements	5 years

### (B) REVENUE RECOGNITION

Revenue is recognized in the same period as the underlying expenditures are incurred. As a result, deferred revenue is equal to the amount of prepaid expenses at year-end.

### (C) DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions represent funds received from the Province of Ontario and used to acquire capital assets. Revenue will be recognized over the same period as the expected life of the capital assets to which they relate, in order to properly match revenues with costs. As a result, the capital assets balance is equal to the deferred capital contributions balance at year-end.

## 2. Significant Accounting Policies (Continued)

### (D) USE OF ESTIMATES

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires that management make estimates and assumptions that affect the reported amounts of assets and liabilities as at the date of the financial statements and the reported amounts of revenues, fees and expenses for the period. Actual amounts could differ from these estimates as additional information becomes available in the future.

## 3. Source of Funds and Miscellaneous Revenues

Under the *Election Act* the province pays the election fees and expenses out of the Consolidated Revenue Fund. An accountable warrant, in the form of cash advances, has been provided to the Office for payments of expenses as they are incurred. Periodically, the Office requests from the province, replenishments of the amounts spent and drawn down from the accountable warrant balance. The accountable warrant balance as at March 31, 2006 was \$5,000,000 (2005 – \$5,000,000).

Miscellaneous revenues received, including amounts recovered from other governments for costs incurred on their behalf, are not retained by the Office. They are remitted to the Ministry of Finance to the credit of the Consolidated Revenue Fund and have been excluded from revenues under the *Election Act*. The amounts transferred during the year are as follows:

	2006	2005
	\$	\$
Revenue from Elections Canada	558,253	662,959
Revenue from Province of New Brunswick	106,099	—
Interest revenue	40,049	19,860
Forfeited candidate deposits	3,600	1,600
	<u>708,001</u>	<u>684,419</u>

## 4. Capital Assets

Capital assets consists of the following:

	2006 (\$ 000)			2005 (\$ 000)
	Cost	Accumulated Amortization	Net Book Value	Net Book Value
Computer software	11,129,067	6,968,922	4,160,145	2,428,683

### 4. Capital Assets (Continued)

The carrying amount of Capital Assets includes 3.1 million for the development of the Election Management System which is not yet being amortized.

### 5. Capital Lease

The Office entered into a capital lease agreement for computer hardware. The lease commenced on January 1, 2003 with an expiry date of January 31, 2007. The net book value for computer hardware under capital lease is as follows:

	Cost	Amortization	Net Book Value	Net Book Value
Computer hardware	4,139,447	4,139,447	—	689,908

The computer hardware lease is amortized over its estimated useful life of three years. The amount of amortization charged to expense for the year ended March 31, 2006 was \$689,908 (2005 – \$1,379,816).

The following is a schedule of future minimum lease payments under the capital lease together with the balance of the obligation under the capital lease.

# 2006 ANNUAL REPORT UNDER THE *ELECTION FINANCES ACT*

## MANDATE OF THE CHIEF ELECTION OFFICER

The primary responsibilities of the Chief Election Officer under the *Election Finances Act* fit broadly into five areas:

- The registration of Ontario's political parties, constituency associations, candidates in general elections and by-elections and contestants for the leadership of a registered political party
- Supervising the limits on political contributions and campaign expenses
- Providing subsidies for campaign expenses
- Issuing tax credit receipts for political contributions to parties, constituency associations and candidates, and
- Publishing information and materials filed under the *Election Finances Act*.

## OVERVIEW

As required by subsection 2(4) of the *Election Finances Act*, this Report provides a summary of the activities undertaken by the Election Finances division of Elections Ontario for 2006. This Report summarizes important management issues, reviews registration activities, presents a summary of the financial returns submitted by registered political entities and reviews compliance issues.

Similar to the challenges outlined in the 2005 Report, redistribution to the electoral boundaries for the new 107 electoral districts as the result of the *Representation Act, 2005* was a significant focus during 2006. The details of the impact of redistribution on the presentation of financial filings of constituency associations is discussed in more detail under the Registration section of this Report.

In addition to the annual returns filed, this Report presents summaries of the financial returns submitted by registered political parties, constituency associations and candidates in four by-elections. Three were held on March 30, 2006 in the Electoral Districts of Toronto-Danforth, Nepean-Carlton and Whitby-Ajax, and the fourth was held on September 14, 2006, in Parkdale-High Park.

## MANAGEMENT ISSUES

One of the challenges we face in fulfilling our duties is finding the appropriate balance between enforcement of the requirements of the legislation while, at the same time, providing the necessary support and assistance to our largely volunteer network of stakeholders.

In our efforts to ensure transparency, the Election Finances division is committed to posting to

Elections Ontario's website all financial returns submitted on time, within 30 days of the filing deadline and late returns are posted within 30 days of receipt. In addition, we publish the dates when political entities file the required returns relative to the corresponding filing deadlines.

## **Outreach Activities**

The Election Finances division is committed to working closely with political parties in an effort to ensure Chief Financial Officers (CFOs) have the necessary support to remain in compliance with their legislated responsibilities. In this regard, Elections Ontario staff participated in seven separate outreach training sessions (130 participants) during 2006.

The topics covered in these sessions included financial filing processes, other legislative requirements, as well as reviewing the process for dissolving old associations and registering new associations as a result of redistribution.

In addition to these formal sessions, members of Elections Ontario staff routinely communicate with representatives of political parties, constituency associations, candidates and leadership contestants to answer specific election finances related questions.

In an effort to provide timely and relevant information to our stakeholders, the Election Finances division introduced a semi-annual newsletter entitled *InfoCFO*. The first edition (Fall/Winter) was sent out in November 2006 and covered a number of topical issues, with the primary emphasis being on redistribution activities.

The Advisory Committee of Registered Political Parties continues to provide an excellent opportunity to discuss election finances related issues. During 2006, issues discussed included redistribution to the new electoral boundaries, the impact of any and all pending legislation and other compliance-related issues.

Finally, Elections Ontario participated in the 2006 Conference of the Council on Government Ethics Law (COGEL) held in New Orleans, Louisiana.

## **Election Management System (EMS)**

As reported last year, an important initiative at Elections Ontario is the development of a fully-integrated Election Management System (EMS). It is expected that this new system will enhance the services we provide to our stakeholders by providing them with the information, tools and technical support required to perform their responsibilities. We expect to introduce electronic filing of financial statements and access to the Elections Ontario's web-enabled extranet for the 2008 Annual Returns.

## **Real-Time Disclosure of Political Contributions**

With legislation enacted in December 2005, 2006 was the first full year in which registered political parties and leadership contestants were required to report to the Chief Election Officer political contributions on a real-time basis. It is a requirement for political parties and leadership contestants to file a report with Elections Ontario within ten business days of the deposit of a political contribution. These reports disclose the name of contributors and the amount of the contributions when the \$100 aggregate contribution threshold is reached. The Chief Election Officer is then required to post this information for public access on the website within a further ten business days of receipt of the report.

During 2006 there were 12 occurrences when parties failed to report contributions to Elections Ontario within the prescribed timelines. On each occasion, the Chief Election Officer contacted party officials and requested an explanation for the apparent non-compliance. In all cases Elections Ontario was satisfied that the non-compliance was due to technical or administrative errors. A reprimand was issued instructing the entity to take corrective action to avoid future occurrences.

## REGISTRATION ACTIVITIES

The *Representation Act, 2005* received Royal Assent in late 2005 and provided for new electoral boundaries to take effect at the next provincial general election. For the 2007 general election on October 10, 2007, Ontario will be divided into 107 provincial electoral districts.

In preparing for redistribution to the new electoral boundaries, all parties were required to submit a plan to Elections Ontario detailing the dissolution of their associations. Several parties requested the dissolution of their old associations during the first half of 2006. Other parties waited for December 31, 2006 when all remaining old associations were automatically dissolved. As a result of these varying approaches, the timing of the receipt of association annual financial filings was not consistent with the normal calendar year and subsequently covered varying periods of financial activity.

The redistribution process required dissolution of all registered constituency associations under the previous 103 electoral district boundaries and then registration under the new boundaries. The Election Finances division worked with parties and associations to ensure all assets and liabilities were tracked and successfully transferred. Any assets and liabilities not carried forward to a new association must be assumed by the party.

Six parties submitted plans for dissolving their associations during 2006, which meant that a “stub” period of 2006 activity would be included with the association’s 2005 annual filings. Four parties chose specific dates:

- Ontario Confederation of Regions Party and Family Coalition Party – February 28, 2006;
- Green Party of Ontario – April 30, 2006; and
- New Democratic Party of Ontario – June 30, 2006.

The Ontario Liberal Party and Progressive Conservative Party of Ontario chose to phase in their dissolution dates across the first half of 2006.

Closing financial statements for all dissolving constituency associations were required to be filed within 90 days of dissolution. The three remaining parties that chose to dissolve at December 31, 2006, the Communist Party of Canada (Ontario), Freedom Party of Ontario, and Ontario Libertarian Party, were required to file their 2006 annual financial statements by April 2, 2007, as opposed to the annual filing deadline of May 31, 2007.

As noted in the overview section, and in the 2005 Annual Report, the differing filing periods meant that annual financial statements for constituency associations could not be summarized into appendices for both 2005 and 2006. Contribution income is still provided for 2005 as this is dependent on annual contribution limits. This information is reflected in Table 2 of this document.

## Party Name Reservation

Appendix B provides a summary of all requests for the reservation of names for new political parties submitted to the Chief Election Officer in 2006. There were a total of three requests to reserve party names made during 2006, which the Chief Election Officer approved.

A political party which reserves a party name has a period of one year to meet the qualifications defined in the *Election Finances Act* to be registered as a political party.

## Party Registration

No new political parties were registered under the *Election Finances Act* and none were deregistered in 2006.

## Association Registration

Appendix C provides a breakdown of the registered constituency associations by political party. In summary, the total number of registered constituency associations declined from 435 to 338 throughout 2006.

It should be noted that several parties voluntarily deregistered a number of their inactive associations in preparation for redistribution to the new electoral boundaries, while others did not immediately request registration of new associations where they may have previously been in place.

# FINANCIAL STATEMENTS

Elections Ontario is responsible for the review and approval of all financial statements submitted by registered political parties, candidates, constituency associations and leadership contestants registered under the *Election Finances Act*. All financial statements filed with Elections Ontario are available in the public viewing room within our offices and summary statements are presented on our website.

All financial statements (including the list of contributors over \$100) are posted to our website on an 'As Submitted' basis within 30 business days of the filing deadline. In addition, late filed returns are posted within 30 days of receipt. Revisions to the information submitted which may be identified during the compliance review process are ultimately reflected in the 'Final' version of the documents which are also posted to the website when approved.

Financial statements filed with Elections Ontario are reviewed to ensure compliance with the provisions of the *Election Finances Act*. The financial information in this Report and the accompanying appendices reflect the information as filed with the Chief Election Officer and are subsequently revised to the date of publication. Our review of some filings continues and, as a result, some of the information in this Report may be revised after this publication. Election Finances information within the Elections Ontario website will be updated as revisions become available.

As a group, political parties reported annual net deficits (revenue minus expenses) which totalled about \$4.5 million and campaign period surpluses of \$10.8 million in 2006. As of December 31, 2006 the cumulative deficit of all parties totalled \$0.9 million down from a deficit of \$7.1 million at the end of 2005.

## Constituency Associations

As a result of redistribution, this Report does not present the summary financial statements for constituency associations for 2006. Varying dissolution dates, along with some associations filing returns which combined 2005 and partial 2006 financial activity, prohibits a reasonable aggregation and presentation of this information.

However, Table 2, below, reviews all contributions made to the old constituency associations during 2005. These numbers combine contributions made to old and new associations for each of the parties during each year.

**Table 2**

## COMPLIANCE ISSUES

### Political Parties

One political party filed late for the Parkdale-High Park by-election, but there were no other occurrences of late filing in the by-elections or annual filings.

### Candidates

A total of 29 candidates were required to file financial returns for the four by-elections held in 2006. Of this total, a total of nine filed their returns after the filing deadline, while two have yet to file the required financial statements.

### Constituency Associations

As reported in previous Annual Reports, constituency associations continue to have difficulty in meeting the filing deadline for financial reporting. Elections Ontario continues in its efforts to encourage and support the parties in addressing these non-compliance issues.

**Table 3**  
**Registered Constituency Associations Annual Returns for 2005**

Party	Required to File	Late Filing	Not Filed
Communist Party of Canada (Ontario)	5	0	0
Family Coalition Party of Ontario	23	4	3
Freedom Party of Ontario	5	0	0
The Green Party of Ontario	65	17	5

Ontario Provincial Confederation of Regions Party	3	2	0
New Democratic Party of Ontario	103	32	1
Progressive Conservative Party of Ontario	101	27	3
Total	408	116	16

Complete reporting information for 2005 association annual filings would normally have been reported on in the 2005 Annual Report. Redistribution activities throughout 2005 and 2006, and subsequent delayed filing deadlines meant that this information was not available at the time of publication for the 2005 Annual Report but are provided in this Report. Table 3, above, shows that 408 association financial statements were required to be filed for 2005. Of this total 132 (32%), were not filed by the filing deadline of which 16 (4%) have yet to file with Elections Ontario.

Table 4, below, shows that 334 associations were required to file annual financial statements for 2006 financial activity (which includes nine old associations that filed separately for 2005 and 2006, and dissolved during the year). Of these, 90 returns (27%) were filed late and eight associations (2%) have yet to file audited financial statements.

*Auditor's Report*

To the Chief Election Officer

I have audited the balance sheet of the Office of the Chief Election Officer – *Election Finances Act* as at March 31, 2006 and the statements of revenue and expenses and changes in net assets for the year then ended. These financial statements are the responsibility of the Chief Election Officer. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Office of the Chief Election Officer – *Election Finances Act* as at March 31, 2006 and the results of its operations and the changes in its net assets for the year then ended in accordance with Canadian generally accepted accounting principles.

# OFFICE OF THE CHIEF ELECTION OFFICER - *ELECTION FINANCES ACT*

## Notes to Financial Statements

March 31, 2006.

---

### 1. Background

The Chief Election Officer is responsible for administering the *Election Finances Act*. Under the Act, the Chief Election Officer registers and reviews filings from Ontario political parties, constituency associations, candidates and leadership contestants for purposes of monitoring compliance with contribution and expenditure limits established by the Act. The Chief Election Officer also pays subsidies to eligible recipients as provided for under the Act.

Expenses and asset acquisitions are paid by the Office of the Chief Election Officer on behalf of the Office and are reimbursed out of the Consolidated Revenue Fund to the maximum of the voted appropriation. Voted appropriation, which was approved on the modified cash basis of accounting, for the fiscal year ended March 31, 2006 was \$1,893,100 (2005 – \$5,769,300).

### 2. Significant Accounting Policies

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The significant accounting policies used to prepare these statements are summarized below.

#### (A) CAPITAL ASSETS

Capital assets are recorded at historical cost less accumulated amortization. Amortization is calculated using the straight-line method over the estimated useful lives of the assets, with a half-year provision in the year of acquisition, as indicated below:

Computer hardware & software	3 years
Furniture, fixtures and equipment	3 years

#### (B) REVENUE RECOGNITION – PROVINCIAL FUNDING

Revenue from the province is recognized in the same period as the underlying administrative and operating expenses and subsidies are incurred. As a result, Accounts payable and accrued liabilities are equal to the amount of Accounts receivable – consolidated revenue fund.

#### (C) REVENUE RECOGNITION – ANONYMOUS AND EXCESS CONTRIBUTIONS

Under the Act, anonymous contributions received by a registered political party, constituency association, candidate or leadership contestant must be remitted to the Chief Election Officer. In addition, excess contributions over the maximum limits specified in the *Election Finances Act* must be remitted to the Chief Election Officer unless the recipient is able to refund the excess contribution to the contributor and recover the official receipt. Due to the unpredictable nature of such contributions, they are recognized when received.

### **Notes to Financial Statements**

## **2. Significant Accounting Policies (Continued)**

### **(D) SUBSIDIES**

Campaign expense subsidies and audit fee subsidies for campaign returns are recorded in the fiscal year in which the election was held. Leadership contestant audit fee subsidies are recorded in the fiscal year in which the event took place. Annual returns audit fee subsidies are recorded in the fiscal year to which the returns are related.

### **(E) USE OF ESTIMATES**

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires that management make estimates and assumptions that affect the reported amount of assets and liabilities as at the date of the financial statements and the reported amounts of revenues and expenses for the period. Actual amounts could differ from these estimates as additional information becomes available in the future.

## **3. Changes in Accounting Policies**

### **(A) LEGISLATIVE SEVERANCE AND COMPENSATED ABSENCES**

In prior years, the Office did not record the liabilities pertaining to the legislative severance and unused compensated absences components of its employee future benefit costs because these liabilities had been determined and recognized by the province in its financial statements. While the province continues to accrue for these costs each year and to fund them annually when due, management has decided that it is appropriate to also recognize the liability for these costs in these financial statements.

### **(B) DEFERRED CAPITAL CONTRIBUTIONS**

In prior years, the Office did not defer capital contributions received from the Province of Ontario to acquire capital asset because capital acquisitions were not significant. Starting this fiscal year, management has decided that it is appropriate to defer capital contributions and recognize the revenue over the same period as the expected life of the capital assets to which they relate in order to match revenues with expenses. As a result, the capital assets balance is equal to the deferred capital contributions balance at year-end.

These changes in accounting policies were implemented in the current year and have been applied retroactively. The effects of these changes are as follows:

#### 4. Capital Assets

Capital assets consists of the following:

	2006			2005
	Cost \$	Accumulated Amortization \$	Net Book Value \$	Net Book Value \$
Furniture, fixtures and equipment	3,197	2,004	1,193	632

	411,067	5,066	406,001	632

Capital assets additions in the current fiscal year consist primarily of the Office's cost allocation by the Chief Election Officer for developing the Election Management System, which is expected to be completed in fiscal year 2008. Amortization of these development costs will begin when the system is completed.

### 5. Deferred Capital Contributions

Changes in the deferred capital contributions balance are as follows:

	2006	2005
	\$	\$
Balance, beginning of year	632	1,053

### 6. Subsidies

The *Election Finances Act* requires payment of various subsidies. The subsidy amounts noted below are effective from January 1, 2004 until December 31, 2008.

- Candidate campaign expenses to every registered candidate who receives at least 15% of the popular vote in an electoral district. The reimbursed amount is the lesser of 20% of the candidate's campaign expenses or 20% of the allowable maximum campaign expenditure limit of \$1.08 per eligible voter. Candidates in designated northern electoral districts may receive an additional \$7,840.
- Campaign expenses to every registered party that receives at least 15% of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district.
- Audit fees for annual and campaign returns of each registered constituency association to a maximum of \$672 per return.
- Audit fees for annual and campaign returns of each registered party to a maximum of \$1,344 per return.
- Audit fees for campaign returns of each candidate to a maximum of \$1,120 per return.
- Audit fees for campaign returns of each leadership contestant to a maximum of \$896 per return.

### 7. Employee Future Benefits

The Office provides pension benefits for its permanent employees (and to non-permanent employees who elect to participate) through participation in the Ontario Public Service Pension Plan, which is a multi-employer plan established by the Province of Ontario. This plan is accounted for as a defined contribution plan as the Office has insufficient information to apply defined benefit plan accounting to this pension plan. The Office's contribution to the plan during the year for its employees was \$32,477 (2005 – \$25,905), which is included in salaries and employee benefits.

Post-retirement non-pension benefits are paid by the Ministry of Government Services and accordingly are not included in the Statement of Revenue and Expenses.

Les entrées d'immobilisations de l'exercice en cours correspondent surtout à la répartition des coûts du Bureau par le directeur général des élections pour le développement du Système de gestion des élections, qui devrait se terminer en 2008. L'amortissement des coûts de développement commencera après l'implantation du système.

## **2. Conventions comptables importantes (suite)**

### **(D) SUBVENTIONS**

Les subventions visant à rembourser les dépenses liées à la campagne électorale et les honoraires de vérification des rapports de campagne sont comptabilisées pendant l'exercice au cours duquel l'élection a eu lieu. Les subventions visant à rembourser les honoraires de vérification des candidats à la direction d'un parti sont comptabilisées pendant l'exercice au cours duquel l'événement s'est déroulé. Les subventions visant à rembourser les honoraires de vérification des rapports annuels sont comptabilisées pendant l'exercice visé par les rapports.

### **(E) UTILISATION DES ESTIMATIONS**

Pour préparer des états financiers conformément aux principes comptables généralement reconnus du Canada, la direction doit faire des estimations et des hypothèses qui influent sur les montants déclarés des actifs et des passifs à la date de production des états financiers, ainsi que sur les montants déclarés des revenus et des dépenses pour la période visée. Il est possible que les montants réels diffèrent de ces estimations au fur et à mesure que des informations additionnelles deviendront disponibles dans l'avenir.

## **3. Modifications des conventions comptables**

### **(A) INDEMNITÉ DE DÉPART LÉGISLATIVE ET ABSENCES RÉMUNÉRÉES**

Dans les exercices antérieurs, le Bureau ne comptabilisait pas les passifs liés aux volets indemnitaires de départ législative et absences rémunérées non utilisées des coûts des avantages sociaux futurs parce que ces passifs avaient été déterminés et comptabilisés par la province dans ses états financiers. Bien que la province continue de comptabiliser ces coûts et de les financer chaque année au moment où ils deviennent exigibles, la direction a jugé approprié de comptabiliser également le passif correspondant à ces coûts dans les états financiers du Bureau.

### **(B) APPORTS DE CAPITAUX REPORTÉS**

Dans les exercices antérieurs, le Bureau n'a pas reporté les capitaux fournis par la province de l'Ontario pour lui permettre d'acquiescer des immobilisations parce que ses acquisitions d'immobilisations n'étaient pas significatives. La direction a déterminé qu'il serait approprié, à compter du présent exercice, de reporter les apports de capitaux et de comptabiliser les revenus sur la durée de vie prévue des immobilisations auxquelles ils se rapportent afin de rapprocher les revenus et les dépenses. Le solde des immobilisations est donc égal au solde des apports de capitaux reportés à la fin de l'exercice.

Ces modifications des conventions comptables ont été appliquées rétroactivement durant l'exercice en cours, avec les effets suivants :

**1. Contexte**

Le directeur général des élections est responsable de l'administration de la Loi sur le financement des élections. À ce titre, il consigne et examine les rapports déposés par les partis politiques, les associations de circonscription, les candidats et les candidats à la direction d'un parti afin de surveiller la conformité aux plafonds des contributions et des dépenses prévus dans la Loi. Le directeur général des élections verse en outre des subventions aux bénéficiaires admissibles conformément à la Loi.

Les dépenses et les acquisitions d'actifs sont remboursées par le Bureau du directeur général des élections; les remboursements sont payés sur le Trésor jusqu'à concurrence du maximum des crédits votés. Les crédits votés pour l'exercice terminé le 31 mars 2006, approuvés selon la comptabilité de caisse modifiée, s'élevaient à 1 893 100 \$ (2005 – 5 769 300 \$).

**2. Conventions comptables importantes**

Les états financiers ont été préparés par la direction conformément aux principes comptables généralement reconnus du Canada. Les principales conventions comptables utilisées pour préparer ces états financiers sont résumées ci-dessous.

**(A) IMMOBILISATIONS**

Les immobilisations sont constatées au coût historique moins l'amortissement cumulé. L'amortissement est calculé selon la méthode de l'amortissement linéaire sur la durée de vie utile estimative des immobilisations, avec application de la règle de la demi-année durant l'exercice d'acquisition, comme il est indiqué ci-après :

Matériels et logiciels informatiques	3 ans
Aménagement, accessoires et équipement	3 ans

**(B) COMPTABILISATION DES PRODUITS – FONDS PROVENANT DE LA PROVINCE**

Les revenus provenant de la province sont pris en compte pour toute la période pendant laquelle sont consignées les dépenses et les subventions d'administration et d'exploitation. Par conséquent, le total des dettes d'exploitation et des charges à payer est égal aux comptes débiteurs – Trésor.

**(C) COMPTABILISATION DES PRODUITS – CONTRIBUTIONS ANONYMES ET EXCÉDENTAIRES**

En vertu de la Loi, les contributions anonymes reçues par un parti politique, une association de circonscription, un candidat aux élections ou un candidat à la direction d'un parti inscrit doivent être remises au directeur général des élections. Les contributions excédant les limites prescrites par la Loi sur le financement des élections doivent aussi être remises au directeur général des élections, sauf si le bénéficiaire peut rembourser la contribution excédentaire au donateur et récupérer le récépissé officiel. En raison de la nature imprévisible de ces contributions, elles doivent être comptabilisées au moment de leur réception.

### *Rapport du vérificateur*

Au directeur général des élections

J'ai vérifié le bilan du Bureau du directeur général des élections – *Loi sur le financement des élections* au 31 mars 2006, ainsi que l'état des résultats et l'état de l'évolution des actifs nets pour l'exercice terminé à cette date. La responsabilité de ces états financiers incombe au directeur général des élections. Ma responsabilité consiste à exprimer une opinion sur ces états financiers en me fondant sur ma vérification.

Ma vérification a été effectuée conformément aux normes de vérification généralement reconnues du Canada. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir l'assurance raisonnable que les états financiers sont exempts d'inexactitudes importantes. La vérification comprend le contrôle par sondages des éléments probants à l'appui des montants et des autres éléments d'information fournis dans les états financiers. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble des états financiers.

À mon avis, ces états financiers donnent, à tous les égards importants, une image fidèle de la situation financière du Bureau du directeur général des élections – *Loi sur le financement des élections* au 31 mars 2006, ainsi que des résultats de son exploitation et de l'évolution de ses actifs nets pour l'exercice terminé à cette date selon les principes comptables généralement reconnus du Canada.

## Responsabilité à l'égard des rapports financiers

Bureau du directeur  
général des élections  
de l'Ontario

Office of the  
Chief Election Officer  
of Ontario

Les états financiers ci-joints, déposés en vertu de la Loi sur le financement des élections, ont été préparés conformément aux principes comptables généralement reconnus du Canada. La responsabilité des états financiers incombe à la direction. Les états financiers ont été préparés correctement, dans les limites du seuil d'importance relative et compte tenu des renseignements disponibles au 13 septembre 2006.

Il incombe à la direction de vérifier l'intégrité des états financiers et de mettre en place un système de contrôles internes visant à fournir l'assurance raisonnable que les actifs sont protégés et que des renseignements financiers fiables sont disponibles en temps opportun. Le système comporte des procédures officielles ainsi qu'une structure organisationnelle permettant une délégation de pouvoirs et une séparation des responsabilités appropriées.

Les états financiers ont été vérifiés par le vérificateur général. Le vérificateur général a la responsabilité d'exprimer une opinion sur la question de savoir si les états financiers sont présentés fidèlement, en conformité avec les principes comptables généralement reconnus du Canada. Le rapport du vérificateur, présenté à la page suivante, délimite la portée de sa vérification et de son opinion.

Le directeur général des élections,

Le 13 septembre 2006

Office of the Auditor General of Ontario  
Bureau du vérificateur général de l'Ontario

**Bureau du directeur général des élections**  
***Loi sur le financement des élections***  
**États financiers**  
**pour l'exercice terminé le 31 mars 2006**

Les contributions remises au directeur général des élections s'élevaient à 137 995 \$ pour l'année civile 2006 (273 027 22 \$ pour l'exercice terminé le 31 mars 2006 selon l'Annexe A). La Loi sur le financement des élections autorise le directeur général des élections à utiliser ces fonds à des fins générales dans l'exercice de ses fonctions.

### Contributions remises au directeur général des élections

Elections Ontario a versé 119 615 \$ aux candidats et 31 561 \$ aux partis à titre de subventions de campagne électorale pour les quatre élections partielles.

### Subventions au titre des dépenses liées à la campagne électorale

Les subventions de vérification versées au titre des états financiers annuels de 2005 déposés en 2006 totalisaient 247 000 \$, dont 236 269 \$ pour 391 états d'associations de circonscription (moyenne de 604 \$) et 10 000 \$ pour les neuf partis politiques inscrits.

**Rapports annuels d'associations de circonscription pour 2006**

Le Tableau 4 ci-dessous indique que 334 associations devaient déposer des états financiers annuels pour 2006 (y compris neuf anciennes associations qui ont déposé des rapports distincts pour 2005 et 2006 et qui ont été dissoutes durant l'année). De ce nombre, 90 rapports (27 %) ont été déposés en retard et huit associations (2 %) n'ont pas encore déposé des états financiers vérifiés.

Partis politiques

Un parti politique a accusé un retard dans le dépôt de son rapport pour l'élection partielle dans Parkdale-High Park; aucun autre parti n'a accusé de retard dans le dépôt de ses rapports annuels ou de ses rapports relatifs aux élections partielles.

Candidats

En tout, 29 candidats ont dû déposer des rapports financiers pour les quatre élections partielles tenues en 2006. Neuf des candidats ont déposé leurs rapports après le délai de dépôt et deux autres n'ont pas encore déposé les états financiers exigés.

Associations de circonscription

Comme nous le signalions dans nos rapports annuels antérieurs, les associations de circonscription ont encore du mal à respecter le délai de dépôt des rapports financiers. Elections Ontario poursuit ses efforts pour encourager et aider les partis à régler leurs problèmes de conformité.

Toutes les données pertinentes des associations pour l'année 2005 auraient normalement été déclarées dans le Rapport annuel de 2005. Les données qui n'étaient pas disponibles au moment de la publication du Rapport annuel de 2005, en raison des activités de redécoupage qui ont eu lieu tout au long de 2005 et du report subséquent des délais de dépôt, sont fournies dans le présent rapport. Le Tableau 3, ci-dessus, indique que, 408 associations devaient déposer des états financiers pour 2005. Sur ce total, 132 (32 %) n'ont pas respecté le délai, et 16 (4 %) d'entre eux n'ont pas encore déposé leurs rapports auprès d'Elections Ontario.

	Total			

Au total, les partis politiques ont déclaré avoir reçu 15,3 millions de dollars en contributions, comparativement à 14,4 millions en 2005. Sur le total déclaré pour 2006, 8,6 millions de dollars (56 %) provenait de particuliers, 6,1 millions (40 %) de personnes morales et 0,7 million (4 %) de syndicats.

Collectivement, les partis politiques ont déclaré des déficits nets annuels (revenus moins dépenses) d'environ 4,5 millions de dollars et des surplus en période de campagne électorale de 10,8 millions en 2006. Au 31 décembre 2006, le déficit cumulé de tous les partis s'élevait à 0,9 million de dollars, alors qu'il était de 7,1 millions à la fin de 2005.

Élections Ontario est responsable de l'examen et de l'approbation des états financiers soumis par les partis politiques, les candidats aux élections, les associations de circonscription et les candidats à la direction d'un parti inscrits en vertu de la *Loi sur le financement des élections*. Tous les états financiers déposés auprès d'Élections Ontario sont accessibles au public dans notre salle de consultation, et les états sommaires sont affichés sur notre site Web.

Tous les états financiers (y compris la liste des personnes ou organismes ayant donné plus de 100 \$) sont affichés, « tels que soumis », sur notre site Web au plus tard 30 jours ouvrables après le délai de dépôt. Les rapports déposés en retard sont affichés dans les 30 jours suivant leur réception. Toute révision apportée à ces renseignements à l'étape de l'examen de conformité figure dans la version « finale » des documents, qui est affichée sur le site Web après approbation.

Élections Ontario examine tous les états financiers déposés afin d'en assurer la conformité aux dispositions de la *Loi sur le financement des élections*. Les données financières contenues dans le présent rapport et ses annexes correspondent aux renseignements déposés auprès du directeur général des élections et tiennent compte des révisions apportées avant la date de publication. Étant donné que nous n'avons pas terminé l'examen de tous les rapports, il est possible que certains renseignements contenus dans le présent rapport soient révisés après sa publication. Les données figurant sous la rubrique Financement des élections du site Web d'Élections Ontario seront mises à jour au fur et à mesure des révisions.

Les états financiers de clôture pour toutes les associations de circonscription dissoutes devaient être déposés dans les 90 jours de la dissolution. Les trois autres partis qui ont opté pour la dissolution au 31 décembre 2006 – soit le Parti communiste du Canada (Ontario), le Freedom Party of Ontario et le Parti libéral de l'Ontario – devaient déposer leurs états financiers annuels 2006 avant le 2 avril 2007, au lieu d'être assujettis au délai de dépôt annuel du 31 mai 2007. Comme il est noté dans la section « Vue d'ensemble » et dans le Rapport annuel de 2005, les différentes périodes de dépôt nous ont empêchées de résumer les états financiers annuels des associations de circonscription dans des annexes pour 2005 et 2006. Le revenu provenant des contributions est quand même fourni pour 2005, car il dépend des limites des contributions annuelles. Cette information figure au Tableau 2 du présent document.

### Réservation de noms de partis

L'Annexe B résume les demandes de réservation de noms de partis politiques soumises au directeur général des élections en 2006. Les trois demandes présentées en 2006 ont été approuvées par le directeur général des élections.

Le parti politique qui réserve un nom dispose d'une période d'un an pour satisfaire aux exigences énoncées dans la *Loi sur le financement des élections* et se faire inscrire à titre de parti politique.

### Inscription de partis politiques

Aucun nouveau parti politique n'a été inscrit en vertu de la *Loi sur le financement des élections* et aucun parti n'a été radié en 2006.

### Inscription d'associations de circonscription

L'Annexe C contient une ventilation, par parti politique, des associations de circonscription inscrites. En résumé, le nombre total d'associations de circonscription inscrites est passé de 435 à 338 en 2006.

Il est à noter que plusieurs partis ont volontairement radié certaines de leurs associations inactives en prévision du redécoupage des circonscriptions, tandis que d'autres n'ont pas immédiatement demandé l'inscription des nouvelles associations qui auraient pu être en place.

## Divulgarion en temps réel des contributions à des fins politiques

La loi ayant été promulguée en décembre 2005, 2006 a été la première année complète durant laquelle les partis politiques inscrits et les candidats à la direction d'un parti étaient tenus de déclarer les contributions politiques en déposant un rapport auprès du directeur général des élections dans les 10 jours ouvrables suivant le versement de la contribution. Le rapport doit contenir le nom des donateurs et le montant des contributions d'une même source qui dépassent le seuil de 100 \$. Le directeur général des élections doit ensuite afficher cette information sur un site Web accessible au public dans les 10 jours ouvrables suivant la réception du rapport.

En 2006, il y a eu 12 cas de non-déclaration dans les délais prescrits. Après avoir communiqué avec les représentants des partis concernés et leur avoir demandé d'expliquer les raisons de la non-conformité apparente, Elections Ontario a conclu que la non-conformité était attribuable à des erreurs techniques ou administratives dans tous les cas. Une réprimande a été émise qui donnait pour instruction à l'entité visée de prendre des mesures correctives pour éviter que le problème se reproduise dans l'avenir.

## ACTIVITÉS D'INSCRIPTION

La Loi de 2005 sur la représentation électorale, qui a reçu la sanction royale à la fin de 2005, stipulait que les nouvelles limites des circonscriptions entreraient en vigueur au moment de la prochaine élection générale. Lors de l'élection générale prévue pour le 10 octobre 2007, l'Ontario sera divisé en 107 circonscriptions électorales provinciales.

En prévision du redécoupage des circonscriptions électorales, tous les partis devaient soumettre un plan détaillant la dissolution de leurs associations à Elections Ontario. Plusieurs partis ont demandé que leurs anciennes associations soient dissoutes durant la première moitié de 2006, tandis que d'autres ont attendu au 31 décembre 2006, date de dissolution automatique des anciennes associations restantes. Étant donné ces approches adoptées, les rapports financiers annuels des associations ne correspondaient pas à l'année civile normale et visaient différentes périodes d'activité.

Le processus de redécoupage prévoyait la dissolution des associations de circonscription inscrites selon les limites des 103 anciennes circonscriptions, puis leur inscription selon les nouvelles limites. La Division du financement des élections a travaillé avec les partis et les associations afin d'assurer le suivi et le transfert de tous les actifs et de tous les passifs. Les actifs et les passifs non transférés à une nouvelle association doivent être assumés par le parti.

Six partis ont soumis des plans de dissolution de leurs associations en 2006, ce qui signifie qu'une période « courte » pour les activités de 2006 serait incluse dans les rapports annuels de 2005 des associations touchées. Quatre partis ont choisi des dates précises :

- Ontario Confederation of Regions Party et Parti de l'alliance des familles de l'Ontario – 28 février 2006;
- Parti vert de l'Ontario – 30 avril 2006;
- Nouveau parti démocratique de l'Ontario – 30 juin 2006.

Le Parti libéral de l'Ontario et le Parti progressiste-conservateur de l'Ontario ont choisi d'échelonner leurs dates de dissolution sur la première moitié de 2006.

Un des défis que nous devons relever dans l'exercice de nos fonctions consiste à maintenir un équilibre approprié entre l'application de la loi et la prestation du soutien nécessaire à notre réseau d'intervenants, composé en grande partie de bénévoles.

Afin d'assurer la transparence, la Division du financement des élections s'est engagée à afficher les rapports financiers sur le site Web d'Elections Ontario, dans les 30 jours suivant le délai de dépôt si le rapport est soumis à temps, ou dans les 30 jours suivant la date de réception s'il est en retard. Elle affiche également les dates de dépôt effectif des rapports avec les délais correspondants.

## Activités de sensibilisation

La Division du financement des élections s'est engagée à travailler en étroite collaboration avec les partis politiques pour aider les directeurs des finances (DF) à s'acquitter de leurs responsabilités en conformité avec la loi. En 2006, Elections Ontario a organisé sept différentes séances de sensibilisation, auxquelles 130 personnes ont participé.

Les sujets traités comprenaient les processus de dépôt des rapports financiers et d'autres exigences législatives, ainsi que la procédure à suivre pour dissoudre les anciennes associations et inscrire les nouvelles associations formées à la suite du redécoupage.

Outre ces séances formelles, des employés d'Elections Ontario communiquent régulièrement avec des représentants des partis politiques, des associations de circonscription, des candidats aux élections et des candidats à la direction d'un parti, afin de répondre à leurs questions au sujet du financement des élections.

Pour que les intervenants disposent de renseignements pertinents en temps opportun, la Division du financement des élections a lancé un bulletin semestriel intitulé *InfoDF*. La première édition (automne/hiver), expédiée en novembre 2006, traitait d'un certain nombre de questions d'actualité, l'accent étant mis sur les activités de redécoupage.

Le Comité consultatif des partis politiques inscrits reste un forum privilégié pour la discussion des questions liées au financement des élections. Les enjeux examinés en 2006 comprenaient le redécoupage des circonscriptions, les effets potentiels des projets de loi ainsi que d'autres questions touchant la conformité.

Enfin, Elections Ontario a participé au congrès 2006 du *Council on Governmental Ethics Laws* (COGEL) tenu à la Nouvelle-Orléans, en Louisiane.

## Système de gestion des élections (SGE)

Comme le mentionnait le rapport de l'an dernier, un projet important d'Elections Ontario est l'élaboration d'un Système de gestion des élections (SGE) pleinement intégré. Le nouveau système devrait nous aider à améliorer nos services aux intervenants en leur fournissant l'information, les outils et le soutien technique dont ils ont besoin pour assumer leurs responsabilités. Nous nous attendons à adopter le dépôt électronique des états financiers et l'accès à l'extranet d'Elections Ontario à temps pour les rapports annuels de 2008.

## MANDAT DU DIRECTEUR GÉNÉRAL DES ÉLECTIONS

Les principales responsabilités qui incombent au directeur général des élections en vertu de la Loi sur le financement des élections se répartissent en cinq grands domaines :

- L'inscription des partis politiques, des associations de circonscription, des candidats à la direction d'un parti inscrit et des candidats aux élections générales et partielles de l'Ontario;
- La supervision des plafonds des contributions à des fins politiques et des dépenses liées à la campagne électorale;
- L'octroi de subventions au titre des dépenses liées à la campagne électorale;
- La délivrance des récépissés aux fins d'un crédit d'impôt pour les contributions versées aux partis, aux associations de circonscription et aux candidats;
- La publication des renseignements et des documents déposés en vertu de la Loi sur le financement des élections.

## VUE D'ENSEMBLE

Comme l'exige le paragraphe 2(4) de la Loi sur le financement des élections, le présent rapport résume les activités entreprises en 2006 par la Division du financement des élections d'Élections Ontario, les grandes questions de gestion, les activités d'inscription et les rapports financiers soumis par les partis politiques inscrits, et passe en revue les questions de conformité.

La Loi de 2005 sur la représentation électorale divisait l'Ontario en 107 circonscriptions électorales et les défis associés au redécoupage nécessaient, dont il est fait également mention dans le Rapport de l'année 2005, ont demandé beaucoup de travail en 2006. Les détails de l'impact du redécoupage sur la présentation des rapports financiers des associations de circonscription sont examinés plus en détail dans la section « Activités d'inscription » du présent rapport.

Outre les rapports annuels déposés, le présent rapport résume les états financiers soumis par les partis politiques, les associations de circonscription et les candidats inscrits pour quatre élections partielles, dont trois ont eu lieu le 30 mars 2006 dans les circonscriptions de Toronto-Danforth, Nepean-Carleton et Whitby-Ajax, et la quatrième s'est tenue le 14 septembre 2006 dans Parkdale-High Park.

## 7. Engagements en matière de location

En juin 2004, le Bureau a prolongé le bail des locaux actuels pour une période additionnelle de dix ans venant à expiration le 31 mai 2015. Il partage ces locaux avec le bureau qui administre la *Loi sur le financement des élections* et les coûts de location sont partagés en proportion de la superficie occupée par chaque bureau.

Les paiements minimums pour le Bureau, à l'exclusion du montant payable par le bureau administrant la *Loi sur le financement des élections*, pour le reste de la période de location se présentent comme suit :

Exercice terminé le 31 mars	\$

#### 5. Contrat de location-acquisition

Le Bureau a conclu un contrat de location-acquisition de matériel informatique. Le contrat est entré en vigueur le 1<sup>er</sup> janvier 2003 et viendra à expiration le 31 janvier 2007. La valeur comptable nette du matériel informatique en location-acquisition se présente comme suit :

## 2. Conventions comptables importantes (suite)

### (D) UTILISATION DES ESTIMATIONS

Pour préparer des états financiers conformément aux principes comptables généralement reconnus du Canada, la direction doit faire des estimations et des hypothèses qui influent sur les montants déclarés des actifs et des passifs à la date de production des états financiers, ainsi que sur les montants déclarés des revenus, honoraires et dépenses pour la période visée. Il est possible que les montants réels diffèrent de ces estimations au fur et à mesure que des informations additionnelles deviendront disponibles dans l'avenir.

### 3. Source des fonds et revenus divers

En vertu de la *Loi électorale*, les dépenses d'élection, honoraires et indemnités sont prélevés sur le Trésor de la province. Un mandat à justifier, sous forme d'avances en espèces, a été décerné au Bureau pour le paiement des dépenses au moment où elles sont engagées. Le Bureau demande périodiquement à la province de lui verser des fonds additionnels afin de compenser les montants dépensés et prélevés sur le solde du mandat à justifier. Le solde du mandat à justifier au 31 mars 2006 s'élevait au même montant qu'en 2005, soit 5 000 000 \$.

Le Bureau ne garde pas les revenus divers reçus, y compris les montants récupérés auprès d'autres ordres de gouvernement au titre des coûts engagés en leur nom. Ces revenus sont remis au ministère des Finances pour dépôt au Trésor et exclus des revenus en vertu de la *Loi électorale*. Les montants transférés durant l'année se présentent comme suit :

	2006	2005
Revenus provenant d'Elections Canada	\$ 558 253	\$ 662 959
Revenus provenant de la province du Nouveau-Brunswick	106 099	--

## 1. Contexte

Le Bureau du directeur général des élections (le Bureau) a été établi en vertu de la *Loi électorale* pour organiser l'élection des députés de l'Assemblée législative. Il coordonne l'équipement, la formation et la rémunération des membres du personnel électoral ainsi que la location et la dotation en matériel et en fournitures des lieux de vote, en plus de diriger et de superviser le directeur du scrutin de chaque circonscription électorale.

Nous avons organisé quatre élections partielles durant l'exercice terminé le 31 mars 2006 et deux autres durant l'exercice terminé le 31 mars 2005. Une élection générale est prévue pour le prochain exercice.

La rémunération et les avantages sociaux du directeur général des élections et du personnel permanent du Bureau n'étant pas considérés comme des dépenses d'élection aux termes de la *Loi électorale*, ils sont exclus des états financiers. Ces montants sont déclarés séparément dans le Volume 1 des Comptes publics de l'Ontario : Annexes pertinentes au Trésor et états des ministères.

## 2. Conventions comptables importantes

Les états financiers ont été préparés par la direction conformément aux principes comptables généralement reconnus du Canada. Les principales conventions comptables utilisées pour préparer ces états financiers sont résumées ci-dessous :

### (A) IMMOBILISATIONS

Les immobilisations sont comptabilisées au coût historique moins l'amortissement cumulé. L'amortissement est calculé selon la méthode de l'amortissement linéaire sur la durée de vie utile estimative des immobilisations, avec application de la règle de la demi-année durant l'exercice où l'immobilisation est acquise et disponible, comme il est indiqué ci-après :

Logiciel informatique	3 ans
Matériel informatique	3 ans
Ameublement et équipement	5 ans
Améliorations locatives	5 ans

### (B) COMPTABILISATION DES PRODUITS

Les revenus sont comptabilisés durant la période d'engagement des dépenses sous-jacentes. Le total des revenus reportés est donc égal au montant des charges payées d'avance à la fin de l'exercice.

### (C) APPORTS DE CAPITAUX REPORTÉS

Les apports de capitaux reportés représentent les fonds reçus de la province de l'Ontario et utilisés pour acquérir des immobilisations. Les revenus seront comptabilisés sur la durée de vie prévue des immobilisations auxquelles ils se rapportent afin de rapprocher les revenus et les coûts. Le solde des immobilisations est donc égal au solde des apports de capitaux reportés à la fin de l'exercice.

### *Rapport du vérificateur*

Au directeur général des élections

J'ai vérifié le bilan du Bureau du directeur général des élections, en vertu de la *Loi électorale*, au 31 mars 2007 ainsi que les états des revenus, honoraires et dépenses et des mouvements de trésorerie, en vertu de la *Loi électorale*, pour l'exercice terminé à cette date. La responsabilité de ces états financiers incombe au directeur général des élections. Ma responsabilité consiste à exprimer une opinion sur ces états financiers en me fondant sur ma vérification.

Ma vérification a été effectuée conformément aux normes de vérification généralement reconnues du Canada. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir l'assurance raisonnable que les états financiers sont exempts d'ineffectivités importantes. La vérification comprend le contrôle par sondages des éléments probants à l'appui des montants et des autres éléments d'information fournis dans les états financiers. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble des états financiers.

À mon avis, ces états financiers donnent, à tous les égards importants, une image fidèle de la situation financière du Bureau du directeur général des élections, en vertu de la *Loi électorale*, au 31 mars 2007, et de ses revenus, honoraires et dépenses et ses mouvements de trésorerie en vertu de la *Loi électorale* pour l'exercice terminé à cette date, conformément aux principes comptables généralement reconnus du Canada.

# ACTIVITÉS EN APPLICATION DE LA LOI DE 1996 SUR LES ÉLECTIONS MUNICIPALES

Des élections municipales se sont tenues dans toute la province en 2006. En 2000, la Loi de 1996 sur les élections municipales a été modifiée afin d'établir un cadre pour poser des questions aux électeurs municipaux. Aux termes de l'article 8.1 de la Loi de 1996 sur les élections municipales, un règlement municipal établissant le libellé des questions doit être adopté 180 jours avant la date du scrutin municipal, et le ministre des Affaires municipales et du Logement ou toute autre personne peut ensuite interjeter appel à la question devant le directeur général des élections.

Les motifs d'appel se limitent au fait de faire valoir que la question ne satisfait pas aux exigences des dispositions 3 et 4 du paragraphe 8.1(2) de la Loi de 1996 sur les élections municipales qui comprennent les dispositions suivantes :

3. Elle est claire, concise et neutre.
4. Elle permet que l'on puisse y répondre par l'affirmative ou la négative et les seules réponses permises sont « oui » et « non ».

Muni des documents soumis par le greffier municipal, le bureau du directeur général des élections doit tenir une audience et rendre une décision dans les 60 jours suivant la réception de l'avis d'appel.

Pour les élections municipales de 2006, des appels ont été déposés dans deux municipalités en vertu de la Loi de 1996 les élections municipales. La personne désignée par le directeur général des élections a tenu audience dans les villes de Guelph et d'Ajax pour s'assurer que la question devant être soumise aux électeurs était claire, concise et neutre et qu'on pouvait y répondre par l'affirmative ou la négative.

## Appels interjetés en 2006 en vertu de la Loi de 1996 sur les élections municipales

Municipalité	Question	Dates des audiences	Décision
Ville d'Ajax	Le conseil municipal d'Ajax devrait-il adopter la résolution suivante : Que le gouvernement de l'Ontario promulgue un règlement exigeant l'élection directe du président de la municipalité régionale de Durham ?	15 déc. 2005	Appel accueilli en partie – le libellé de la question doit être révisé
Ville de Guelph	Désirez-vous conserver le système de quartiers comme mode d'élection des conseillers municipaux ?	1 <sup>er</sup> août 2006	Appel accueilli en partie – le libellé de la question doit être révisé

L'Assemblée des citoyens sur la réforme électorale formée de 104 membres a été mise sur pied en vertu du *Règlement de l'Ontario 82/06* déposé en mars 2006, qui stipulait qu'Élections Ontario devait désigner 103 personnes pour faire partie de l'Assemblée des citoyens, soit une personne par circonscription électorale provinciale. Le président, qui était aussi membre, était nommé séparément par le lieutenant gouverneur en conseil.

Les 103 membres devaient comprendre 52 femmes et 51 hommes, dont au moins une personne s'identifiant comme un Autochtone, c'est-à-dire une personne qui est un Indien de l'Amérique du Nord, un Métis ou un Inuit. Deux membres suppléants du même sexe que le membre titulaire ont également été désignés dans chaque circonscription électorale.

Le Règlement ne prévoyait pas de répartition par âge; cependant, il stipulait que l'Assemblée devait être « un groupe représentatif d'électeurs ». Élections Ontario s'est donc efforcé de tenir compte des réalités démographiques de chaque circonscription électorale au moment d'envoyer les invitations aux réunions de sélection tenues à l'échelle de la province.

En avril 2006, Élections Ontario a expédié des troussees d'invitation par la poste à 123 948 personnes choisies au hasard. La trousse en question, qui visait à déterminer si l'électeur était intéressé à participer au processus de sélection des membres de l'Assemblée des citoyens, a donné lieu à 7 033 réponses positives admissibles.

Élections Ontario a choisi au hasard entre 11 et 13 électeurs par circonscription et les a invités à assister à l'une des 29 réunions de sélection tenues en mai et juin 2006 dans 17 villes de la province.

À chaque réunion, un représentant du secrétariat de l'Assemblée des citoyens a présenté un exposé sur le travail de l'Assemblée des citoyens et le rôle de ses membres afin d'aider les électeurs à prendre une décision éclairée sur l'opportunité de participer au processus. À la fin de chaque réunion, Élections Ontario supervisait le tirage au hasard du nom d'un électeur à titre de membre de l'Assemblée des citoyens et deux membres suppléants pour chaque circonscription électorale.

Le 13 juillet 2006, le directeur général des élections a remis la liste des membres et de leurs suppléants à la ministre responsable du Renouveau démocratique.

environ 70 000 membres du personnel électoral dans tout l'Ontario. Ce nombre comprenait les 107 directeurs du scrutin et 11 agents de liaison du DGE embauchés pour aider à gérer le scrutin dans les 107 circonscriptions électorales de la province.

Élections Ontario a continué de gérer le recrutement du personnel requis pour aider les effectifs permanents du bureau central à assurer l'administration et la conduite du scrutin.

Nous avons commencé à mettre en œuvre notre stratégie de communication visant à appuyer et à gérer les campagnes de publicité, d'approche et de relations avec les médias dans l'intérêt des plus de huit millions d'électeurs de l'Ontario. Ces processus s'intègrent à l'amélioration de la fonctionnalité libre-service grâce au lancement prévu de notre nouveau site Web, ainsi qu'à l'établissement d'un centre d'appels pouvant répondre aux questions posées en période électorale par des électeurs ayant une vaste gamme de besoins particuliers en raison d'une invalidité, de la langue ou du logement.

En 2006, Elections Ontario a mis l'accent sur le développement de produits et services de formation pour que les employés des bureaux du directeur du scrutin et les membres du personnel électoral disposent de l'information dont ils ont besoin pour faire leur travail. Une nouvelle stratégie de gestion des ressources humaines a été élaborée afin de recruter, d'embaucher et de former

La Division du Registre permanent des électeurs de l'Ontario (RPEO) a travaillé d'arrache-pied à la mise à jour des données géographiques associées aux 107 nouvelles circonscriptions et à la préparation des nouveaux produits géographiques. Elle a notamment publié un Atlas contenant des cartes et des descriptions des 107 circonscriptions électorales. Ces produits visent à aider les partis politiques, les candidats et Elections Ontario à administrer les scrutins.

Conformément à la *Loi de 2005 sur la représentation électorale* et à compter de la 39<sup>e</sup> élection générale provinciale, l'Ontario est divisé en 107 circonscriptions électorales. En plus de procéder à la dissolution des anciennes associations de circonscriptions, la Division du financement des élections d'Elections Ontario a travaillé avec les partis politiques inscrits à l'inscription des nouvelles associations de circonscription correspondant aux nouvelles limites électorales.

Au cours de l'année écoulée, Elections Ontario s'est employé à préparer l'élection générale de 2007. Il a finalisé une grande partie des préparatifs, tout en conservant une marge de manœuvre suffisante pour s'adapter aux éventuelles modifications législatives.

## Préparation du scrutin

Les résultats de l'enquête indiquaient que les 4, 5 et 11 octobre 2007 revêtaient une importance religieuse telle que certains électeurs ne seraient pas en mesure d'aller voter. Elections Ontario a donc préparé un rapport à l'intention du lieutenant-gouverneur en conseil afin de recommander le 10 octobre 2007 comme jour du scrutin. Le lieutenant-gouverneur a accepté cette recommandation et un décret en ce sens a été publié.

Q2. La *Loi électorale* prévoit une période de onze heures consécutives pour voter. Les heures de scrutin sont habituellement de 9 h à 20 h. La nature particulière de cette ou de (ces) date(s) revêt-elle une importance telle que vos membres ne seraient pas en mesure d'aller voter au cours de ces heures de scrutin ? Le cas échéant, veuillez expliquer pourquoi.

Q1. Durant la période du 4 au 11 octobre 2007, y a-t-il une (ou plusieurs) date(s) d'importance culturelle ou religieuse pour votre organisation et la communauté qu'elle sert ?

Pour déterminer si le 4 octobre 2007 avait une importance culturelle ou religieuse et recommander un autre jour de scrutin si nécessaire, Elections Ontario a mené un sondage auprès d'organisations représentant des intérêts culturels et religieux dans l'ensemble de la province. Nous avons expédié un sondage par la poste et nous avons affiché le questionnaire sur notre site Web. Les questions étaient les suivantes :

Le paragraphe 9(2) de la *Loi électorale* prévoit des élections à date fixe le premier jeudi d'octobre, tous les quatre ans, la date de la première élection générale à date fixe étant fixée au 4 octobre 2007. En vertu du paragraphe 9.1(6) de la Loi, s'il est d'avis que la date prévue pour la prochaine élection provinciale générale ne convient pas en raison de son importance culturelle ou religieuse, le directeur général des élections (DGE) choisit un autre jour conformément au paragraphe 9.1(7) et le recommande comme jour du scrutin au lieutenant-gouverneur en conseil.

Dans le cadre de son mandat de base, Elections Ontario s'efforce constamment d'assurer l'excellence du processus électoral en mettant à contribution les intervenants, en maximisant les partenariats stratégiques et en mettant en place une infrastructure solide pour la conduite des scrutins. Pour atteindre cet objectif, Elections Ontario a entrepris des consultations régulières avec le Comité consultatif des partis politiques et d'autres intervenants afin d'optimiser les processus électoraux et de repérer les possibilités de faire preuve d'innovation et d'améliorer ses produits et services.

Elections Ontario a continué de participer à l'Accord sur la technologie électorale avec d'autres organismes électoraux canadiens. Cette année, le groupe a mis l'accent sur l'établissement d'une infrastructure de formation commune, la constitution d'un sous-comité sur le financement des élections chargé d'élargir le modèle de données communes pour les rapports électoraux déposés par les partis politiques et les candidats, ainsi que la création d'un sous-comité chargé d'élaborer un matériel de formation commun sur la géographie électorale. Elections Ontario a également été l'hôte d'un atelier de deux jours qui a permis aux dix administrations électorales participantes de partager les pratiques exemplaires en matière de financement des élections et les nouvelles initiatives en cours à l'échelle du Canada.

Au niveau stratégique, aux termes de l'entente tripartite, Elections Ontario, Elections Canada et la Société d'évaluation foncière des municipalités (SEFM) poursuivent leurs efforts de mise en commun des données et des processus électoraux afin d'améliorer leurs registres d'électeurs respectifs. Elections Ontario continue par ailleurs de conclure des ententes de partage des données avec de nouvelles sources en vue du prochain cycle électoral pour que les renseignements figurant au Registre permanent des électeurs de l'Ontario (RPEO) soient plus à jour.

En assurant le soutien, la mise à l'essai et l'acceptation continus des nouveaux outils d'inscription, Elections Ontario met en place un nouveau système qui lui permettra de recueillir et d'actualiser les données sur les électeurs, les adresses et les renseignements géographiques pertinents à long terme. Les nouveaux outils d'inscription en voie d'élaboration s'inscrivent dans le plan de développement d'un Système de gestion des élections intégrant toutes les facettes de l'administration des élections, dont les opérations sur le terrain, les ressources humaines, la gestion des données sur les électeurs et des renseignements géographiques, les rapports sur le financement des élections et le site Web.

En 2006, Elections Ontario a commencé à travailler à un Plan pour la continuité des opérations et la reprise des activités après sinistre et à élaborer des procédures détaillées qui permettront de réagir plus rapidement en cas d'incident – grave ou mineur – pour que tous les services et processus nécessaires puissent être maintenus avec le moins d'interruptions possible. Par ses démarches d'approche auprès des organismes représentant les personnes ayant des besoins spéciaux, Elections Ontario continue de déterminer ou de confirmer les voies de communication optimales et les formats de rechange possibles, pour que tous les Ontariens puissent bénéficier d'un processus électoral juste et accessible.

Au cours des trois dernières années, les priorités d'Élections Ontario ont été axées sur la mise au point de nouveaux modèles opérationnels et de systèmes de gestion d'élections pour faire de l'élection générale provinciale de 2007 un modèle d'accessibilité, d'intégrité et de participation.

En 2006, nous avons continué à intégrer tous nos plans, tirant parti de trois années d'examen, de consultations, de planification et d'innovation, en prévision de la 39<sup>e</sup> élection générale provinciale d'octobre 2007. Avec une élection générale et un référendum à l'horizon, notre stratégie est restée axée sur la maximisation des partenariats, l'engagement des intervenants et l'établissement d'une infrastructure solide. Nous étions ainsi en mesure de réagir avec rapidité et efficacité en adaptant nos opérations aux changements législatifs susceptibles de survenir au cours des mois précédant l'élection et le référendum.

Pendant l'année 2006, nous avons continué à travailler avec les électeurs, dont ceux ayant des besoins spéciaux, les partis, les candidats, les administrateurs des associations de circonscription et les autres intervenants afin de leur communiquer l'information dont ils ont besoin pour participer efficacement au processus électoral, en conformité avec la *Loi électorale* et la *Loi sur le financement des élections*.

En 2006, Elections Ontario a organisé des élections partielles dans quatre circonscriptions électorales : Toronto-Danforth, Whitby-Ajax, Nepean-Carleton et Parkdale-High Park.

Élections Ontario a également assumé sa responsabilité de diriger le processus de sélection des membres de l'Assemblée des citoyens sur la réforme électorale, qui se compose de 103 électrices et électeurs choisis au hasard à raison d'une personne par circonscription.
